ANNUAL REPORT

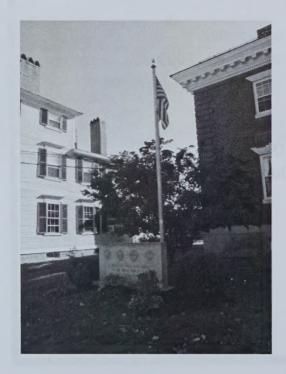

Town of Exeter, New Hampshire For the year ending December 31, 2009

Exeter School District
For the year ending June 30, 2009

DEDICATION

The 2009 Town Report is dedicated to all Exeter residents, past and present, who have served, and are serving, in our armed forces, at home and abroad. The Town is eternally grateful for the efforts of our local men and women who serve, fight, and represent the United States of America in all parts of the world, in some cases making the ultimate sacrifice for the ideals of democracy and freedom. It is with great pleasure and gratitude that we dedicate this year's Town Report to all of you and say 'thank you' for representing our great country.

ARTICLES

Article 2: Zoning Amendment #1: Are you in favor of the adoption of Amendment #1 as proposed by the Planning Board for the Town Zoning Ordinance as follows: To delete existing definition for "Variance", Section 2.2.75 in its entirety and replace with

definition in accordance with NH RSA 674:33, I (b), effective 1/1/2010. (Full text is available in the Planning Department of the Town Offices at 10 Front Street.)

<u>NOTE</u>: This amendment is proposed so that the town will be in compliance with state regulations.

Article 3: Zoning Amendment #2: Are you in favor of the adoption of Amendment #2 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 4, Schedule 1 Notes: #2 Accessory Dwelling Units by deleting subsection (e) in its entirety and replacing with the following: *The accessory dwelling unit is limited to 720 sq. ft.*

NOTE: This amendment is proposed to clarify existing language.

Article 4: Zoning Amendment #3: Are you in favor of the adoption of Amendment #3 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 5.1 Non-Conforming Uses by revising section 5.1.2, 5.1.4A and deleting 5.1.4.B-D, and revising 5.2. Special Exception Criteria subsection H. as follows:

- 5.1.2 Expansion of: Expansion of a non-conforming use is prohibited except by variance.
 - A. The non-conforming use may not be physically extended, reconstructed, enlarged or structurally altered so as to create changes in said use except in conformity with this Ordinance.
 - B. Any change in the purpose, manner, or extent of a non-conforming use permitted only by variance.
- 5.1.4 Continuance of:
 - A: A non-conforming use shall be allowed to continue as long as its purpose, manner or extent does not change. (The remainder of the existing section to be deleted.)
- **5.2.H.** That the use shall not adversely affect abutting or nearby property values.

NOTE: This amendment is proposed to regulate expansion of non-conforming uses by requiring variance approval from the Zoning Board of Adjustment for such expansions, to clarify existing language, and to correct inconsistencies.

- <u>Article 5</u>: Zoning Amendment #4: Are you in favor of the adoption of Amendment #4 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 7.2 Open Space Development, Objectives by adding the following two objectives:
 - 7.2.6 To preserve those areas of the site that have the highest ecological value; for example, wildlife habitat including rare and exemplary species and habitats, water resources, wetlands, streams and rivers.
 - 7.2.7 To create a contiguous network of open spaces or "greenways" by linking the common open spaces within the subdivision and to open space on adjoining lands wherever possible.

NOTE: This amendment is proposed to further define the objectives of this ordinance.

Article 6: Zoning Amendment #5: Are you in favor of the adoption of Amendment #5 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 7.3 Open Space Development, Definitions by adding the following definition:

7.3.4 Greenways: A contiguous network of open space providing connectivity and movement between larger tracts of protected land.

NOTE: This amendment is proposed to define language used within the article.

<u>Article 7</u>: Zoning Amendment #6: Are you in favor of the adoption of Amendment #6 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 7.5 Single Family Open Space Development by revising the language in subsection 7.5.1 as follows:

7.5.1 The minimum area for a Single-family Open Space Development shall not be less than five (5) acres of contiguous land where single family open space is permitted.

NOTE: This amendment is proposed to create consistent allowances within the article.

Article 8: Zoning Amendment #7: Are you in favor of the adoption of Amendment #7 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 7.5.6 Single Family Open Space Development Internal Setback Requirements by changing title, inserting a new subparagraph C, and replacing the current subparagraph C with the following:

7.5.6 <u>Internal Dimensional Requirements</u>

7.5.6.C. Detached single family units on one parcel shall be set apart from each other a minimum of twenty-five (25) feet.

7.5.6.D Structures shall be a minimum of fifteen (15) feet from side yard property lines and twenty (20) feet from rear yard property lines.

NOTE: This amendment is proposed to create setbacks that are similar to those allowed in a standard subdivision while allowing some additional flexibility.

<u>Article 9</u>: Zoning Amendment #8: Are you in favor of the adoption of Amendment #8 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 9.1 Wetlands Conservation District by in its entirety. (Full text is available at the Planning Department in the Town Office at 10 Front Street).

NOTE: This amendment is proposed to define the wetland conservation overlay district; to clarify the purpose and intent of the ordinance; to define wetland buffers and applicable setbacks; to outline permitted, conditional and prohibited uses within the district; and to provide general administrative guidance for development within the district.

<u>Article 10</u>: Zoning Amendment #9: Are you in favor of the adoption of Amendment #9 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend the following articles in conjunction with the expansion of the Healthcare District.

Amend Article 3.2 Zoning Map by expanding the Healthcare District as depicted on Plan entitled "Zoning Amendment Proposal - Healthcare District Proposed Lines" dated Nov. 5th 2009, (Map available at the Planning Department in the Town Office at 10 Front Street).

Amend Article 6.16 Healthcare District by replacing subsection 6.16.3 to read as follows:

6.16.3 Parking Setbacks: No additional, or enlarged, parking areas shall be installed in the Healthcare District within fifty feet (50) of where the Healthcare District adjoins any residential district or residential uses.

Amend Article 6.16 Healthcare District by adding two new subsections 6.16.4 and 6.16.5 as follows:

- 6.16.4 Landscape Buffer: In addition to the building and parking setbacks in 6.16.2 and .3, the Planning Board, in its consideration of site plan review applications for site development or redevelopment within the Healthcare District, shall require landscaping and screening within the fifty (50) foot perimeter setback from any adjacent residential district or residential uses.
- 6.16.5 The portion of any building constructed within seventy-five (75) feet of the boundary of the Healthcare District with any residential zone shall not exceed the height allowed in the adjoining residential zone. The Planning Board, when considering site plan review applications for construction of a portion of any building located more than seventy-five (75) feet from said boundary which will have a height greater than that allowed in the adjoining residential zone, shall require the applicant to submit shadow studies evaluating the impact of the proposed construction on adjoining residentially zoned property.

<u>NOTE</u>: This amendment is proposed to expand the healthcare district boundary to encompass existing healthcare related uses and in conjunction with Exeter Hospital's Master Plan. Also, to better define buffers, setbacks and other limitations/requirements within the district.

<u>Article 11</u>: Shall the Town choose all necessary Town Officers, Auditors or Committees for the ensuing year, including the following:

BUDGET RECOMMENDATIONS COMMITTEE: Carol Aten, Donald Brabant, Robert Corson, Robert Kelly, James Knight, Mark Leighton, Vicky Nawoichyk, Corey Stevens, Donald Woodward; Measurer of Wood & Bark: Douglas Eastman; Weigher: Jay Perkins, Sr.; Fence Viewer: Douglas Eastman

Article 12: Shall the Town raise and appropriate the sum of \$1,600,000 for the purpose of design, rehabilitation and replacement of public water lines, and to authorize the issuance of not more than \$1,600,000 of bonds or notes in accordance with the provisions

of the Municipal Finance Act (RSA 33), and to authorize the Board of Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore, to authorize the Board of Selectmen to apply to the NHDES Drinking Water State Revolving Fund (SRF) for reduced interest loans? Debt service on this project will be paid from the water fund. A 3/5 ballot vote is required for passage. (The Board of Selectmen recommends this appropriation 5-0).

Article 13: Shall the Town raise and appropriate the sum of \$1,050,000 for the purpose of design, rehabilitation and replacement of public sewer lines, and to authorize the issuance of not more than \$1,050,000 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33), and to authorize the Board of Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore, to authorize the Board of Selectmen to apply to the NHDES Wastewater State Revolving Fund (SRF) for reduced interest loans? Debt service on this project will be paid from the sewer fund. A 3/5 ballot vote is required for passage. (The Board of Selectmen recommends this appropriation 5-0).

Article 14: Shall the Town raise and appropriate the sum of Three-Hundred Twenty Thousand Dollars (\$320,000) for the Water Street Diversion Structure Piping Improvements project, to be added to the amount authorized by Article 1 of the May 27, 2009 Special Town Meeting, and to authorize the issuance of not more than One Hundred Sixty Thousand Dollars (\$160,000) in bonds, notes or SRF loans in accordance with the provisions of the Municipal Finance Act, and to authorize the Board of Selectmen to issue and negotiate such bonds, notes or SRF loans and to determine the rate of interest thereon; furthermore, to authorize the acceptance of grants under the American Recovery and Reinvestment Act of 2009 in the amount of Fifty Percent (50%) of the eligible project cost with the balance to be raised by sewer user fees? This appropriation is contingent upon receipt of American Recovery and Reinvestment Act 2009 Federal Stimulus Funding. A 3/5 ballot vote is required for passage. (The Board of Selectmen recommends this appropriation 5-0).

Article 15: Shall the Town of Exeter raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$19,811,616? Should this article be defeated, the default budget shall be \$19,519,841, which is the same as last year, with certain adjustments required by previous action of the Town of Exeter or by law, or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. (The Board of Selectmen recommends this appropriation 3-2).

<u>Article 16</u>: Shall the Town approve the cost items included in the collective bargaining agreement reached between the Board of Selectmen and the Exeter Fire Association which calls for the following salaries and benefits at the current staffing levels: Year & Estimated Increase: FY10 - \$112,383; FY11 - \$58,953; FY12 - \$73,139

And further, raise and appropriate the sum of One Hundred Nine Thousand, Eight Hundred and Sixty-Three dollars (\$109,863) for the 2010 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels? The balance of the first year estimated increase (\$2,520) is part of the FY10 Fire Department budget or available in other Town funds. (The Board of Selectmen recommends this appropriation 5-0).

Article 17: Shall the Town approve the cost items included in the collective bargaining agreement reached between the Board of Selectmen and the Exeter Police Association which calls for the following salaries and benefits at the current staffing levels: Year & Estimate: FY10 - \$162,272; FY11 - \$47,801; FY12 - \$53,738; FY13 - \$53,858

And further, raise and appropriate the sum of One Hundred Seven Thousand, Four Hundred Nineteen Dollars (\$107,419) for the 2010 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels? The balance of the first year estimated increase (\$54,853) is part of the FY10 Police Department budget or available in other Town funds. (The Board of Selectmen recommends this appropriation 5-0).

Article 18: Shall the Town raise and appropriate, per authorization granted the Board of Selectmen via Article 17 of the 2005 Town Meeting, the sum of Two Hundred Seventy-Five Thousand Dollars (\$275,000) for the purpose of purchasing Tax Map 47, Lot 4.11 situated at 6 Continental Drive and containing 2.05 acres plus or minus, for municipal use as a public safety facility, and to fund this appropriation by authorizing the transfer of \$249,333 from the undesignated fund balance (surplus) as of December 31, 2009, with the balance of the appropriation (\$25,667) to be raised by taxation? (The Board of Selectmen recommends this appropriation 5-0).

Article 19: To see if

Article 20: Shall the Town authorize the Board of Selectmen to enter into a 10-year lease/purchase agreement for the purpose of lease/purchasing a replacement for the 1989 Pierce Arrow Pumper (E4) for the Exeter Fire Department, disposal of the 1989 Engine 4 and also sale of Engine 2, and to raise and appropriate the sum of Sixty-Six Thousand, Nine Hundred Twenty-Three Dollars (\$66,923), which represents the first of 10 annual payments (a total of \$565,418), for that purpose? This lease contains an escape clause. (The Board of Selectmen recommends this appropriation 5-0)

NOTE: The payment of the first year will be made from funds made available through the adoption of Article 21.

Article 21: Shall the Town discontinue the Vehicle Replacement Capital Reserve Fund created in 2007? Said funds, with accumulated interest to date of withdrawal, are to be transferred to the Town's general fund. These funds will be used to offset the cost of Article 20 of this warrant.

Article 22: Shall the Town raise and appropriate One Hundred Thousand Dollars (\$100,000), through special warrant article, for the purpose of studying the feasibility of removing the Great Dam, including wetlands evaluation, channel profiling, modeling sediment transport, scour analysis and archaeological surveying; and further to allow the Board of Selectmen to accept a watershed assistance grant in the amount of \$60,000 from the NH Department of Environmental Services to offset the total One Hundred Thousand Dollar (\$100,000) project cost.? (The Board of Selectmen recommends this appropriation 5-0).

Article 23: Shall the Town establish a Non-Capital Reserve Fund under the provisions of RSA 35:1-c for the purposes of funding deficits in the snow and ice budget from year to year, and to raise and appropriate the sum of Thirty-Five Thousand Dollars (\$35,000) to be placed in this fund, and to appoint the Selectmen as agents to expend from the fund? (The Board of Selectmen recommends this appropriation 5-0).

Article 24: Shall the Town raise and appropriate the sum of Thirty-One Thousand Dollars (\$31,000) for the purpose of funding senior transportation in 2010, and to fund this appropriation by authorizing the withdrawal of that amount from the Municipal Transportation Improvement Capital Reserve Fund created per RSA 261:153, VI, with no amount to be raised by taxation?

Agency & Amount: TASC - \$16,000 Taxi Ticket Program - \$6,000 Rockingham MOW Transportation - \$9,000

The Agencies shall continue to provide to the Town a report of services provided to residents. (The Board of Selectmen recommends this appropriation 5-0).

<u>Article 25</u>: Shall the Town raise and appropriate, through special warrant article, the sum of Eighteen Thousand Seven Hundred and Seventy-Seven dollars (\$18,777), for the support of COAST, an agency providing regular bus service to the Town? (The Board of Selectmen recommends this appropriation 5-0).

Article 26: Shall the Town raise and appropriate, through special warrant article, the sum of Eleven Thousand Dollars (\$11,000), for support of the Rockingham Community Action Program, an agency providing a range of support services to residents including but not limited to health insurance counseling, emergency food and fuel assistance, and job training? (The Board of Selectmen recommends this appropriation 5-0).

Article 27: Shall the Town raise and appropriate, through special warrant article, the sum of Eleven Thousand Dollars (\$11,000) for support of Child and Family Services, Inc., an agency providing counseling and support services for families? (The Board of Selectmen recommends this appropriation 5-0).

<u>Article 28</u>: Shall the Town raise and appropriate, through special warrant article, the sum of Nine Thousand Dollars (\$9,000) for the purpose of defraying the cost of services provided to the Town of Exeter and its residents by Big Brothers/Big Sisters of the Greater Seacoast? (The Board of Selectmen recommends this appropriation 5-0).

Article 29: Shall the Town raise and appropriate, through special warrant article, the sum of Seven Thousand Eight Hundred Dollars (\$7,800) for support of the Rockingham Nutrition & Meals on Wheels program, a non-profit agency dedicated to promoting the health, well-being and independence of older and disabled adults throughout Rockingham County? (The Board of Selectmen recommends this appropriation 5-0).

<u>Article 30</u>: Shall the Town raise and appropriate, through special warrant article, the sum of Seven Thousand Five Hundred Dollars (\$7,500) for support of the Seacoast Hospice, an agency providing support services for those families suffering through a terminally ill diagnosis? (The Board of Selectmen recommends this appropriation 5-0).

Article 31: Shall the Town raise and appropriate, through special warrant article, the sum of Six Thousand Three Hundred Dollars (\$6,300), for the support of the Richie McFarland Children's Center, an agency providing developmental instruction to children under the age of 3? (The Board of Selectmen recommends this appropriation 5-0).

<u>Article 32</u>: Shall the Town raise and appropriate, through special warrant article, the sum of Five Thousand Eight Hundred Dollars (\$5,800), for the support of Lamprey Health Care, an agency providing medical and transportation services? (The Board of Selectmen recommends this appropriation 5-0).

Article 33: To see if

Article 34: Shall the Town establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purposes of funding projects to improve energy use and efficiency, carbon emission reduction and use of renewable energy sources for municipal infrastructure, and raise and appropriate the sum of Five Thousand Dollars (\$5,000) to be placed in this fund, and appoint the Selectmen as agents to expend from the fund? (The Board of Selectmen recommends this appropriation 5-0).

Article 35: To see if

Article 36: Shall the Town establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purposes of installing a parking payment system, acquisition of land, and making of capital improvements to the Exeter train station including land redevelopment improvements, and acquisition of grants, and raise and appropriate the sum of One Thousand Dollars (\$1,000) to be placed in this fund and appoint the Selectmen as agents to expend from the fund? (The Board of Selectmen recommends this appropriation 5-0).

Article 37: Shall the Town establish a revolving fund pursuant to RSA 31:95-h, for the purpose of cable access; 50% of all revenues received from cable franchise fee revenues will be deposited into the fund, and the money in the fund shall be allowed to accumulate from year to year, and shall not be considered part of the Town's general fund unreserved fund balance? The Town Treasurer shall have custody of all moneys in the fund, and shall pay out the same only upon order of the governing body and no further approval is

SAMPLE

required by the legislative body to expend. Such funds may be expended only for the purpose for which the fund was created.

Article 38: Shall the Town establish the number of members of the Budget Recommendations Committee at not more than (15) fifteen?

<u>Article 39</u>: Shall the Town accept the provisions of RSA 41-11-a, allowing the Board of Selectmen to rent or lease municipal property for a period of up to five years without further approval of Town Meeting?

<u>Article 40</u>: Shall the Town authorize the extension of a municipal lease of the Raynes Farm for a period of more than one year?

<u>Article 41</u>: Shall the Town allow the Board of Selectmen and Town Manager to have the authority to order the Town Treasurer to make expenditures from the Recreation Revolving Fund previously established in 2005 under RSA 35-B:2?

<u>Article 42</u>: On petition of Christopher Moutis and others, "To see if the Town will vote to prohibit the Town, its agents and/or representatives from eliminating the positions of Receptionist and Assessing Clerk of the Town of Exeter and to retain said positions regardless of whether the default budget or recommended budget is in place, thus upholding the recommendations of the Budget Recommendations Committee and of the Selectmen to retain these same positions in the 2010 budget and allow continued service to Town residents."

Article 43: On petition of Herbert Moyer and other registered Exeter voters, to see if the Town will vote to do the following: "Shall New Hampshire's Congressional Delegation be instructed to pursue a new and independent investigation to address thoroughly all of the evidence and unanswered questions related to the events of September 11, 2001? (The record of the vote on this Article shall be transmitted by the Town of Exeter to New Hampshire's Congressional Delegation.)"

Article 44: On petition of Alan Bailey and others, "To see if the voters will agree that in accordance with Section 37:10 of Title III, Chapter 37 "Town or Village District Managers" the Exeter Town Manager will be compensated within the, in force, "Exeter Pay Plan for non-union employees" and that any multi-year compensation contract shall require the approval of a majority of voters at the annual Town meeting."

VOLUNTEER APPLICATION TOWN OF EXETER, NEW HAMPSHIRE

The Town of Exeter thrives on volunteerism. The Town has several Boards. Committees, and Commissions, and is always looking to maintain a strong list of capable volunteers. In order to become a board, committee, or commission member, please select your preference below as part of the application. Someone from the Town Manager's Office will contact you directly about Board openings. If you are interested on serving on more than one Board, please indicate your first preference by marking the sheet below with a "1" for first, preference, "2" for second, and so on. Thank you for volunteering!

I would like to serve on:
Exeter Arts Committee Budget Recommendations Committee Cable Television Contract Committee Conservation Commission Council On Aging Energy Efficiency Committee Exeter Development Commission Heritage Commission Heritage Commission Housing Authority Planning Board Recreation Advisory Board River Study Committee Technology Advisory Committee Open Space Committee Zoning Board of Adjustment
Applications should be returned, with a letter

of interest, to:

Exeter Board of Selectmen Attn: Volunteers 10 Front Street Exeter, NH 03833

Please note that most Boards are limited to Town residents. Please check the website for current Board openings. Per Selectmen policy 92-13, no person may serve as a regular member of more than one Selectmen-appointed Board at one time. Some Boards have term limits. For information about any particular Board, Committee, or Commission, please see our website at town.exeter.nh.us or call 778-0591 between the hours of 8:00 a.m. and 4:30 p.m. and ask to speak with the Town Manager.

Town of Exeter website: town.exeter.nh.us

The Town of Exeter was founded in 1638, has an elevation of 125 feet, and an average temperature of 46.3 degrees. Exeter has 12,644.8 acres of land area, 168 acres of water area, for a total of 12,812.9 acres, and total square miles of 20. Exeter is located in Rockingham County.

TOWN CLERK

The Town Clerk's office is located at the Town Office building. Hours are Monday thru Friday 8:30AM till 3:30PM (hours effective October 1997). Questions? Call 778-0591 and ask for the Town Clerk.

RUBBISH COLLECTION

Electric: Unitil - 1-800-582-7276

The Town of Exeter contracts with Northside Carting for curbside rubbish pick-up. All rubbish must be in the Town of Exeter blue plastic bags available at the Town Office and most stores in Exeter and two grocery stores in Stratham. The Town of Exeter has been using the pay-by-the-bag trash system since October 4, 1993.

Trash bags are available in 2 sizes: 33 gallon bags \$2.00 each, 15 gallon bags \$1.00 each. Bags must be curbside by 7AM on your scheduled pick-up day. No limit on amount of bags allowed curbside each week. Check our "trash/recycle pick-up schedule" link on our homepage for your pick-up day, or call Public Works at 773-6157.

RECYCLE COLLECTION

The Town of Exeter contracts with Northside Carting for curbside recycle collection. Pick-up is the same day as your trash pick-up. A blue Town of Exeter recycle bin is needed for pick-up. Bins are available at the Town Office for \$8.00 each. 65 gallon, wheeled recycle totes are available at DPW for \$45.00 each.

TRASH/RECYCLE HOLIDAY INFORMATION

Northside Carting handles all of the Town of Exeter trash/recycle pick-ups. According to their contract, trash/recycle will **not** be picked up on the following holidays:

New Year's Day Memorial Day Independence Day Labor Day Thanksgiving Day Christmas Day

If your normal trash/recycle pickup day falls on one of these days, your trash/recycle will be collected the following day. For more information call the Public Works Dept. at 773-6157.

RECYCLE OIL

The Town of Exeter recycles used oil from your car, boat or lawnmower. Used oil can be taken to the Transfer Station during regular operating hours. Oil must be in a clear or semi-clear container with a tight fitting cover - plastic milk containers work well. Label the container "used oil".

TRANSFER STATION

The Town of Exeter has a Transfer Station on Cross Road in Exeter. You may dispose of yard waste (grass, leaves, brush); metal items (washers, dryers, dishwashers etc). Items with Freon (refrigerators, freezers, air conditioners, dehumidifiers, etc) can be disposed of with an additional \$7.00 per item sticker.

There is also an Electronics disposal area at the Transfer Station. Each electronic item taken there needs a \$10.00 electronics disposal sticker. Construction debris is also allowed at the Transfer with a construction sticker or debris in a construction bag. Construction stickers and bags are \$6.00 each. Call the Public Works Dept. at 773-6157 for more information. All other items must be in a Town of Exeter blue bag. NO bulky items will be accepted at the Transfer Station. Calendar year permits are \$7.00, issued to the vehicle; a five-day permit is \$2.50, issued to the vehicle. All permits and stickers and bags may be purchased at the Town Office. No permits, stickers or bags are sold at the Transfer Station.

BULKY TRASH PICK-UP

You can place one bulky item (furniture, sofa, recliner, mattress, etc.) curbside each week along with your blue bags of trash, with a bulky item sticker. Stickers are \$5.00 each and are available at the Town Office. For more information call the Public Works Dept. at 773-6157. (The twice a year spring & fall bulky item pick-up has been eliminated as of 2008.)

OTHER BULKY TRASH DISPOSAL OPTIONS:

You can haul your bulky trash to the following disposal sites for a fee. Call ahead for directions & fees.

Best Way Disposal Waste Management Co.

Raymond, NH 895-6273 Rochester, NH 1-800-847-5303

LEAF BAGS AND LEAF PICK-UP

Each fall the Town of Exeter picks up leaves in brown paper recycle bags only. There is a limit of 12 bags per household for curbside pickup. Pick-up of leaves is on your regular trash day the week of the scheduled pick-up in the fall ONLY. Call Public Works at 773-6157 or check your local newspaper, or check our website under the "What's New?" link for pick-up dates when available. You may also take leaves to the transfer station during regular operating hours. No permit needed.

WATER/SEWER BILLING OFFICE

For residents with Town water and sewer service, the billing office is located at the Town Office building. The office is open Monday thru Friday 8:00AM - 4:30PM. Bills are sent quarterly depending on where you live. Questions? Call 773-6108.

TAX COLLECTOR

The Tax Collector is located in Town Office building in the same office as the Water and Sewer billing department. Hours are 8:00AM - 4:30PM Monday thru Friday. Questions? Call 773-6108.

ASSESSING OFFICE

The Assessing Office is located in the Town Office building for assessment and/or exemption information on your property. Hours are Monday thru Friday 8:00AM - 4:30PM. Questions? Call 773-6110.

PLANNING, BUILDING INSPECTOR, ZONING

The Planning Department, Building Inspector, Zoning Department and Natural Resource Planner are located upstairs in the Town Office building. Hours are 8:00AM - 4:30PM Monday thru Friday. Questions for any of the three departments, call 773-6112.

*Note: The Town Office has a ramp at the front entrance and an elevator to the second floor.

PARKS AND RECREATION DEPARTMENT

The Exeter Parks and Recreation Department is located at 32 Court Street, a yellow building three buildings down from the Safety Complex. The Recreation Department sponsors programs for all ages including sports, trips, public pool, tennis, adventure camp, etc. Call 773-6151 for information, or check your local newspaper, or check our website and click on our link for information about upcoming events.

EXETER PUBLIC LIBRARY

The Exeter Public Library is located at Founder's Park. For hours and more information about the Exeter Public Library, call 772-3101 or go to the library website at www.exeterpl.org

EXETER HISTORICAL SOCIETY

The Exeter Historical Society is located at 47 Front Street. Hours are usually Tuesday & Thursday 2:00PM-4:30PM, Saturday 9:30AM-Noon or by appointment. For more information call the Historical Society at 778-2335.

LOCAL GOVERNMENT CABLE CHANNEL/MEETINGS:

Cable Channel 22 is the Exeter Local Government channel. Tune in to see live broadcasts of the meeting of the Board of Selectmen, Planning Board, Zoning Board of Adjustment, Conservation Commission and Historic District Commission.

BOARD OF SELECTMEN MEETINGS

Selectmen usually meet on Monday evenings at 7:00PM in the Nowak Room, upstairs in the Town Office building. Check our website or call the Town Office at 778-0591 for the next scheduled meeting date.

Agenda items for Selectmen's meetings must be submitted to the Town Manager's Office by 12:00 Noon the prior Wednesday. For more information call 778-0591.

WINTER PARKING BAN

There is a winter parking ban from December 1 thru March 15. During that time NO PARKING is permitted on any public street between Midnight and 6:00AM. Call Exeter Dispatch at 772-1212 for more information.

In 1909....

A heat wave swept over New England in April of 1909, with the temperature in Boston 84 degrees on April 19, within one degree of the record. By July the "long protracted drought" was becoming serious. The Exeter Water Works requested patrons "to guard against waste and not to abuse the hose privilege". Rain on August 20, "the all important and most gratifying event of the week," relieved the situation.

- excerpt from "Exeter, NH 1888-1988" by Nancy Carnegie Merrill

In 1909....

On April 28, 1909, there was a fire in the Goodwin Block on Front Street. The cause of the fire was determined as "gnawing of matches by rats".

On August 29, 1909, the same building had another fire. The cause is unknown.

-From the 1909 Exeter Town Report

TOWN OF EXETER, NH FIRST SESSION OF ANNUAL TOWN MEETING (DELIBERATIVE SESSION) SATURDAY, JANUARY 31, 2009

Town Moderator Charles Tucker called the First Session of the 2009 Town Meeting to order at 9:04 AM, and asked attendees to stand for the Pledge of Allegiance to the Flag. He introduced the Town Officials seated at the head tables – (from far right): Town Treasurer Donald Brabant, Selectman Matt Quandt, Selectman Julie Gilman, Town Manager Russell Dean, Town Clerk Linda Hartson; (to his immediate left) Selectman Chairman Joe Pace, Selectman William Campbell, and Finance Director Doreen Ravell; (late arrival) Selectman Robert Eastman.

Moderator Tucker explained the purpose of this meeting – to deliberate, debate, and/or amend the Articles being presented on the Town Warrant for ballot voting on Tuesday, March 10, 2009. He reminded the residents that the polls will be open from 7:00 AM to 8:00 PM at the Exeter Town Hall. Moderator Tucker explained he will recognize the proponent of an Article to speak, followed by any other resident(s). An amendment can be made, but needs to be seconded, prior to discussion on the amended Article. Following this discussion Moderator Tucker will call for a voice vote, or a card vote, from the registered voters present in the audience. Each speaker is to introduce himself/herself and state their address in Town. Moderator Tucker mentioned that a speaker may not be a Town resident, i.e. DPW Director, and wish to address an Article relating to their Department or organization. Moderator Tucker asked for a motion to allow an out of town resident to speak to the Article. The motion was so made, seconded and approved by voice vote.

Moderator Tucker explained that Articles 1 through 8 do not require any action at this meeting. Article 1 elects the Town Officials and their names will be printed on the March 10th ballot. Articles 2 through 8 are Zoning Amendments which were heard at Planning Board public hearings prior to this meeting, and require no action at this meeting. Moderator Tucker said that he and/or the Planning Director could address any questions or concerns relative to the Zoning Amendments following the meeting.

Moderator Tucker announced a new Town tradition regarding the placement of names on the ballot. The State has been overseeing this process for all State and Federal elections, to alleviate concern that the person whose last name starting with "A" is not always listed first on the ballot in a race. However, there is no State and/or Federal election this year. Secretary of State William Gardner has given the Towns the option to pick the letter for their own ballot(s) this year. Moderator Tucker asked resident Arthur Baillargeon to pull a letter from the hat, and said "Mr. Baillargeon is our most faithful Town Meeting attendant". Mr. Baillargeon pulled the letter "F". Each race will use that letter for the first listing, and continue the alphabet from there.

Article 9: To choose all other necessary Town Officers, Auditors or Committees for the ensuing year.

Moderator Tucker asked if a list of Exeter residents being nominated for these positions was available. Selectmen Bill Campbell presented the following names:

Budget Recommendations Committee (1-year term): Donald Brabant, Jay Childs, Justin Chouinard, Robert Corson, Deborah Johnson, James Knight, Mark Leighton, Christopher Moutis, Lynn Nash, Vicky Nawoichyk, Peter Zaimes.

Measurer of Wood & Bark: Robert Eastman; Weigher: Jay Perkins, Sr.; Fence Viewer: Douglas Eastman. There were no nominations from the floor.

Moderator Tucker declared the slate will appear on the ballot as presented, and the names will be listed starting with the letter "F".

Article 10: Shall the Town of Exeter raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$19,463,443? Should this article be defeated, the default budget shall be \$19,063,988, which is the same as last year, with certain adjustments required by previous action of the Town of Exeter or by law, or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only.

Moderator Tucker called for discussion on this Article. Town Manager Dean explained the budget process began in August, 2008. He said, "The largest budget increases remain with the larger Town departments – Public Works, Police, and Fire. There is a request for one (1) replacement police cruiser this year. The total budget is 1.1% over that of last year. Everyone involved in putting together this year's budget has worked very hard to keep their requests down. The Town is obligated to pay the first of a 7-year debt service bond on the new Water Tank and that amount is \$267,000. Next year there will be a review of all Town vehicles and their use." Mr. Dean reiterated that it is a "lean budget" this year.

Resident Alan Bailey asked how many people the Town of Exeter employs? Mr. Dean replied "approximately 133 Full-time, 20+ Part-Time, several temporary seasonal who work with Recreation, and a few Interns, are employed by the Town." Mr. Bailey also asked if the Audit Reports for years 2006 and 2007 would be printed in this year's Town Report? Mr. Dean said they would be in there.

Resident Donald Clement expressed disappointment with the budget for this year. He said, "Property taxes are too high and the budget places an extra burden on the taxpayers. The budget has increased approximately 30% since 2005."

Resident Gerry Hamel, member of the Budget Committee, said "This is the first time that a Town Manager has actually lowered the budget." However, he believes that payroll increases should not have been allowed, and he will not vote in favor of this budget.

Resident Anne Surman, member of the Budget Committee, said she believes voters should have voted "NO" on projects in prior years. She mentioned the Town has added projects and

staff over the years, and therefore increased the budget. Ms. Surman said she will vote "NO" on this budget. **Resident Arthur Baillargeon** said he will vote "NO" on this budget as he is concerned that everything is getting too expensive for the retirees.

Selectman Bill Campbell said, "I believe the Budget Committee did a good job keeping down increases. These are tough times for all of us. We must remember that the Default Budget is only \$400,000 less than the budget put before you. Next year the Selectmen and Budget Committee may have to take a very "hard look" at what really can be cut. Are we willing to cut paving, plowing, and other such things? We may have to cut people, and what will happen to the services then? We have obligations – contracts, bond payments, payrolls, etc. that we have to incorporate into our budget and they cannot be cut."

No further discussion, Moderator Tucker declared Article 10 will go on the ballot as presented.

Article 11: To see if the Town will vote to raise and appropriate the sum of \$125,000 through special warrant article from water user fees to replace the sluice gate at the Portsmouth Avenue water treatment plant for the purpose of controlling the level of waterworks pond during heavy rain events, keeping the sluice gate free of debris and sunken logs, and preventing flooding of the Water Treatment Plant. The Board of Selectmen recommends this appropriation.

Moderator Tucker asked if there was anyone to speak to this Article. Resident Donald Clement asked, "Is the current sluice gate operable today, and is it operated manually or automated?" DPW Director Jennifer Perry, a non-resident, asked to answer the questions. There being no objection to the request, Ms. Perry said, "At this point in time the sluice gates are working, but have some parts that are of concern as to their dependability. Nothing on the gates has been replaced since 1974, and since the gates are metal and in contact with water constantly, the parts are rusting and deteriorating quite quickly. The gates are manually operated now, but the plan is to have them remotely operated, or at a minimum with the use of a variable type of remote operation."

Resident Arthur Baillargeon: "Can this project be put off for another 2-3 years?" Ms. Perry said, "The gates are in poor condition. They were re-conditioned in 2007; however, we have no idea how long they will hold out. These gates are a very important part of the water operation."

Selectman Joe Pace said, "Over the years we have deferred the maintenance and costs of the infrastructure. In 2001 and 2002 the economy was not as bad as it is right now. The 911 event had a huge impact on us all. Projects were put on hold over the years and a variety of spending was put off. The question today is 'Can we put this project off?' Sure! But things cost much more as the years go on. We must remember we have an ageing infrastructure in this Town, and eventually all this will have to be repaired. Do we want to wait until things fall down, or are beyond repair, or face an emergency? We must balance out the consequences, and consider the choices of what we spend our money on."

Resident Arthur Baillargeon: "If this Article passes will the Tax Rate increase or be passed on through our Water & Sewer bill?" Town Manager Dean said that water rates have no effect on the tax bill, but is included in the water & sewer bills.

Resident Don Clement said, "If you are not on Town water and sewer you may not see an increase." He still believes this project can be done in a less expensive manner.

There being no further discussion, Moderator Tucker declared this Article will go on the ballot as presented.

Article 12: To see if the Town will vote to authorize the Board of Selectmen to enter into a 7-year lease/purchase agreement for the purpose of lease/purchasing a replacement for a 1991 sidewalk tractor, and to raise and appropriate the sum of \$20,406, which represents the first of 7 annual payments (a total of \$142,835), for that purpose. This lease agreement contains an escape clause.

Moderator Tucker called for discussion on this Article. Resident Jim Knight, member of the Budget Committee, explained this request was originally in the Capital Improvement Plan Budget for \$120,000 (Town Manager Dean corrected the amount was \$121,000), but now he sees we are considering a lease-purchase for \$142,000 which will increase the expenditure for this piece of equipment. Mr. Knight said the Town already has three (3) leases in place for other equipment, which when paid off will have cost us much more. He asked Jay Perkins, the DPW Highway Supt. if the tractor could be repaired? This, of course, would be less costly.

Mr. Knight made the following motion "The Board of Selectmen shall not enter into a lease agreement for the purpose of replacing the 1991 sidewalk tractor." The motion was seconded by Resident George St. Amour.

Moderator Tucker called for discussion on the Amendment. He explained this motion will make the Article "meaningless." Resident Donna Schlachman expressed concern about having inadequate equipment, i.e. sidewalk tractor, and not being able to keep the sidewalks in the downtown area clean. She worries that the residents will not be able to shop or get to businesses in the downtown area. DPW Director Perry explained that this 1991 tractor is one of 4 sidewalk tractors the Town owns, and three (3) of them are over 18 years old. The plan is to replace (2) more of them -1 in 2011 and another in 2012. Constant repair on old equipment is a concern, and should an emergency occur there may not be a sidewalk tractor available to clean the pathways which will certainly cause an issue.

Town Manager Dean explained the lease/purchase theory is to spread the amount of replacing the tractor over a 7-year period, instead of putting a 1-time expense on the taxpayers. The Town is constantly getting requests from residents to have the sidewalk plows come to the many areas of Town. A lease will space the expense of replacement equipment over a period of time.

Resident Anthony Zwaan noted that the BOS gets criticized for purchases, and now they are getting criticized for leasing. He believes "this lease is for a safety issue. We need to consider what would happen if someone gets hurt because the sidewalks are not properly plowed."

Resident Jim Knight said he wanted to remind voters "The Town has multiple tractors. This expense is ¼ of the default budget!" Resident Chris Moutis, Chairman of the Budget Committee, reminded voters "This discussion is on a Warrant Article, and the money amount is not included in the Budget. If this Article passes, the amount will be added to the budget amount that passes." Resident Baillargeon asked if this tractor included sanding, and what needs to be repaired on the tractor? Highway Supt. Jay Perkins replied "It does include sanding and everything needs to be replaced, i.e. chains, engine, tracks, etc." Selectman Campbell explained "The number of warrant articles brought before the Budget Committee and Board of

Selectmen were many. Following the Budget Committee's review and suggestions, the BOS narrowed the list down further to six (6) items to keep the budget down. The BOS thought this request was one of the important replacements."

Moderator Tucker called for further discussion on the Amendment. There being none, he called for a vote on the Amendment: "To authorize the Board of Selectmen NOT TO ENTER into a 7-year lease/purchase agreement for the purpose of replacing the 1991 sidewalk tractor." The vote was 15 FOR and 31 Opposed; the Amendment Failed.

Moderator Tucker called for further discussion on the Article as presented. Resident Jay Childs, Budget Committee member, said: "This has been a good example of where money and liability meets the road. We are here discussing a \$142,000 tractor that could very well be a piece of safety equipment, and the State is discussing a Million dollar deficit which could jeopardize benefits for many citizens. I think this puts it all into perspective." No further discussion; Moderator Tucker declared this Article would go on the ballot as presented.

Article 13: To see if the Town will vote to raise and appropriate the sum of \$75,000 through special warrant article for the purpose of design work for the future reconstruction of Portsmouth Avenue including water and sewer upgrades. The Board of Selectmen recommends this appropriation.

Moderator Tucker called for discussion on this Article. There being none, Moderator Tucker declared this Article will go on the ballot as presented.

Article 14: To see if the Town will vote to raise and appropriate the sum of \$50,000 through special warrant article for the purpose of retrofitting the public library elevator including the installation of handicap control circuitry, improved sensor systems, and a new hoistway tape selector system. The Board of Selectmen recommends this appropriation.

Moderator Tucker called for discussion on this Article. There being none, Moderator Tucker declared this Article will go on the ballot as presented.

Article 15: To see if the Town will vote to raise and appropriate the sum of \$33,000 through special warrant article to purchase a brush chipper for the Department of Public Works. The Board of Selectmen recommends this appropriation.

Moderator Tucker called for discussion on this Article.

Resident Jim Knight, Budget Committee member, said it was his understanding that this chipper does work. It may not have all the modern "bells and whistles" but it is functional and does the job. Resident Arthur Baillargeon asked why we are replacing this piece of equipment, and how much is it actually used? Highway Supt. Jay Perkins said, "This chipper is 20 years old and has some safety features that are not good. The Town uses this chipper at the landfill for the Christmas trees that are brought in, as well as other items that are no longer recycled and can be put through the chipper. The chipper does run, but it is unknown for how much longer."

There being no further discussion on this Article; Moderator Tucker declared the Article will be on the ballot as presented.

Article 16: To see if the Town will vote to raise and appropriate the sum of \$135,000 for the purpose of replacing twin 24-inch corrugated culverts with a 7' x 4' box culvert behind the Stockbridge Funeral Home on Epping Road and to authorize the withdrawal of \$135,000 from the Culvert replacement Capital Reserve Fund created for this purpose with no amount to be raised by taxation.

Moderator Tucker called for discussion on this Article. Resident George St. Amour said he "definitely recommends this Article because the culvert should have been replaced four (4) years ago. After the Ice Rinks and other businesses were built in the area above the Funeral Home, the flooding issue became more prevalent each time there was a major storm. The Town became aware of the flooding issue at this facility 2 years ago and did nothing about it. Now there is a lawsuit pending against the Town." He urged the voters to support this Article.

Resident Anne Surman, Budget Committee member, said she has asked several times for the answer to her question "Will this replacement culvert solve the problem?" She has never been able to get an answer!

There being no further discussion on this Article, Moderator Tucker declared the Article will go on the ballot as presented.

<u>Article 17:</u> To see if the Town will vote to raise and appropriate the sum of \$31,000 for the purpose of funding senior transportation in 2009 and to authorize the withdrawal of \$31,000 from the Municipal Transportation Improvement Capital Reserve Fund created per RSA 261:153, IV for this purpose with no amount to be raised by taxation:

Agency	Amount
TASC	\$16,000
Taxi Ticket Program	\$6,000
Rockingham Meals on Wheels	\$9,000

Moderator Tucker called for discussion on this Article. Resident Gerry Hamel, Budget Committee member, said he would like to see some information regarding how much money is actually being used by each of these programs. He believes there should be an accounting report made available to the voters.

Mr. Hamel made a motion to add wording at the end of the Article: "The Agencies shall provide to the Town a report of services provided to residents." The motion was seconded. Moderator Tucker called for discussion on the amendment. Selectman Bill Campbell explained that the sub-committee of social service agencies have this information, and questioned what detailed information Mr. Hamel would like? Mr. Hamel said he would like more explicit information regarding these funds. Resident Chris Moutis explained that the transportation monies have been split between the social services and Transportation Assistance for Seacoast Citizens. He agreed that a clarification of the record keeping for these separate areas would be good.

There being no further discussion on the Amendment, Moderator Tucker called for a vote on the Amendment. There were 31 FOR, and 2 OPPOSED. Moderator Tucker declared the AMENDMENT CARRIED.

Moderator Tucker called for discussion on the Article as Amended. Resident Donna Schlachman thanked the voters for supporting this service. She explained that TASC is a volunteer program of drivers that participate in this service. She said the \$16,000 is for the Co-Ordinator of this program.

There being no further discussion, Moderator Tucker declared the Article would go on the ballot as Amended.

Moderator Tucker said it was time, once again, for his Annual Survey (approximately 10:30AM) to see how many people at this Deliberative Session on the Annual Town Meeting were NOT Town Officials, Committee/Board Members, Town Employees, representatives of a Social Service with an Article on the warrant, but an "interested voter of Exeter" to please raise his/her card. The cards were counted and Moderator Tucker announced that 20 resident voters were present. He reminded all voters watching at home on Channel 22 TV that 20 residents were deciding what would be on the Warrant they would be voting on at the polls on Tuesday, March 10, 2009, at the Exeter Town Hall.

Article 18: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of \$13,000, for support of the Area Home Care Agency, an agency that provides assistance in the areas of light housekeeping, meal preparation, shopping, laundry and other housekeeping tasks so that clients are able to continue to reside in their homes. The Board of Selectmen recommends this appropriation.

Moderator Tucker called for discussion on this Article. Selectman Joe Pace explained the process for the various Social Services requesting funding from the Town of Exeter. Mr. Pace said "We have a legal and moral obligation to the welfare of the residents of the Town of Exeter. There is a direct process through our Welfare Office plus there are social services available from the 30+ agencies involved. Every 3rd year an Agency requesting funding is on the Warrant while 2/3 of the Agencies are directly in the Budget. All agencies provide annual reports and are scrutinized by a Sub-Committee, as well as the full Budget Committee."

Resident Martha Pennell said "I think it would be nice if representatives from these Agencies were at this session to extend their gratitude for our help." Mr. Pace said the BOS does receive thank you notes from some of these Agencies, and some years there are representatives present to answer questions and/or concerns about their requests.

There being no further discussion, Moderator Tucker declared the Article will go on the ballot as presented.

Article 19: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of \$5,500, for support of A Safe Place, an agency that provides shelter for battered women and their children, court and welfare advocacy, peer counseling and support groups for victims of partner abuse. The Board of Selectmen recommends this appropriation.

Moderator Tucker called for discussion on this Article. There being none, Moderator Tucker declared the Article will appear on the ballot as presented.

Article 20: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of \$5,000 for support of the "free care" the Seacoast Visiting Nurse Association (VNA) provides to Exeter residents. The Seacoast VNA is a non-profit agency that provides home and community health care services regardless of the person's ability to pay for those services. The Board of Selectmen recommends this appropriation.

Moderator Tucker called for discussion on this Article. Ms. Nancy Burke, a non-resident and representative of the VNA, asked to speak. The Moderator asked for objections; there being none, Ms. Burke thanked the Budget Committee for the thorough review of the Agencies' records, and thanked the voters of Exeter for their support.

There being no further discussion, Moderator Tucker declared the Article will go on the ballot as presented.

Article 21: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of \$5,000, for support of SeaCare Health Services, an agency that provides health services that help people who do not have health insurance and cannot afford to pay for medical services, get health care. The Board of Selectmen recommends this appropriation.

Moderator Tucker called for discussion on this Article. There being none, Moderator Tucker declared the Article will appear on the ballot as presented.

Article 22: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of \$3,500, for support of Cross Roads House, an agency that provides a safe and supportive emergency and transitional shelter to individuals and families experiencing homelessness. The Board of Selectmen recommends this appropriation.

Moderator Tucker called for discussion on this Article. There being none, Moderator Tucker declared the Article will appear on the ballot as presented.

Article 23: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of \$3,000, for the support of Sexual Assault Support Services, an agency that provides services that are committed to supporting victims/survivors in their effort to heal from the trauma of sexual assault and childhood sexual abuse, while striving to prevent the occurrence of sexual violence in local communities and in society at large. The Board of Selectmen recommends this appropriation.

Moderator Tucker called for discussion on this Article. There being none, Moderator Tucker declared the Article will appear on the ballot as presented.

<u>Article 24:</u> To see if the Town will vote to raise and appropriate, through special warrant article, the sum of \$1,400, for support of the Society for the Prevention of Cruelty to Animals, an agency that provides shelter and adoptive services for lost and abandoned animals. The Board of Selectmen recommends this appropriation.

Moderator Tucker called for discussion on this Article. Resident Arthur Baillargeon asked where the money goes specifically. Resident Chris Moutis, Budget Committee Chairman, said, "The money goes to the SPCA office in Stratham. It is used for a number of different things like medical attention, caring for unwanted animals, and so on." There being no further discussion, Moderator Tucker declared the Article will appear on the ballot as presented.

Article 25: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of \$1,000 for support of the Seacoast Interfaith Hospitality Network, an agency that provides shelter, foods, and case management to local families that have become homeless. The Board of Selectmen recommends this appropriation.

Moderator Tucker called for discussion on this Article. There being none, Moderator Tucker declared the Article will appear on the ballot as presented.

<u>Article 26:</u> To see if the Town will vote to discontinue the landfill closure expendable trust fund, and return the balance in the fund to the Town's general fund.

Moderator Tucker called for discussion on this Article. Resident Alan Bailey asked about the balance amount associated with this expendable Trust Fund. Town Manager Dean said, "The Trustees of the Trust Funds reported a balance of \$103,025.28 on December 31, 2008. Because the landfill has been closed, there is no need to keep this Fund open. The money will go into the General Fund and will help offset landfill monitoring costs."

There being no further discussion, Moderator Tucker declared the Article will appear on the ballot as presented.

Article 27: To see if the Town will vote to discontinue the Ambulance Expendable Trust Fund and return the balance in the fund to the Town's general fund.

Moderator Tucker called for discussion on this Article. Resident Harry Thayer asked "What is the balance of money in this Fund?" Town Manager Dean said "The balance is \$70,000. The money has been used for purchases for ambulances, defribulators, and other items used by the fire department relative to ambulance services. The revenue is from ambulance fees and is in the General Fund. We are in the process of budgeting everything in the General Fund for the fire service, including capital operating expenses, so these revenues will be reflected in there as well."

Mr. Thayer said "I am thoroughly confused by this Article." He presented a "Reserve History 101" beginning in March, 2003, when the "Town Meeting adopted an 'Ambulance Charter' which called for ambulance revenues to be retained in a reserve account for future ambulance and related equipment purchases. In March, 2004, Town Meeting voted to create an Ambulance Expendable Trust Fund for the purpose of implementing the provisions of the Ambulance Charter and transfer \$445,150 from the General Fund to that Ambulance Expendable Trust Fund. In March, 2005, Town Meeting approved moving \$192,415 from the General Fund to the Ambulance Expendable Trust Fund. Both figures represented actual dollar

revenues collected from previous ambulance billings." Mr. Thayer spoke about amounts collected in years 2005, 2006, and 2007. He further said "Last year, Town Meeting voted to establish an Ambulance Service Revolving Fund 'for the purpose of providing ambulance services within the town. All revenues received for such services shall be deposited into the fund, and the money shall accumulate from year to year, and shall not be part of the Town's General Fund unreserved fund balance...Such funds may be expended only for the purpose for which the fund was created.' It now brings us up to date with today's Article from the Board of Selectmen asking to 'discontinue the Ambulance Expendable Trust Fund and return the balance to the Town's General Fund." Mr. Thayer believes the balance of money should be "transferred to the Ambulance Service Revolving Fund."

Mr. Thayer asked what the balance is, and if the money from ambulance revenues was used to reduce the tax rate? He cannot understand "why the administration is proposing this Article after the townspeople have supported the ambulance reserve account in past years."

Town Manager Dean's response was that he "was not in Town at the time and therefore was not aware of the intent." Mr. Dean did say "The 2006 Audit confirmed there were two (2) Funds and suggested the Ambulance Fund be put back into the Town's General Fund and made part of the surplus. The Expendable Trust Fund had a \$70,000 balance, but since that time purchases have been made. As for the fees for the EMS services collected, they go into the General Fund (\$440,000+ collected and approximately \$500,000+ in expenses between EMS personnel time and equipment supplies.} As for the ambulance situation in the future, we have paid cash for 2 ambulances from this Fund, but we may have to look at some other way to fund – maybe lease/purchase, because of the cost of ambulances and other needs around the Town. As for the Revolving Fund, it was brought to Town last year and it did pass. However, we have not implemented that Fund, so the EMS revenues are now going into the General Fund and the EMS expenses are budgeted through the General Fund. We have not set up a separate Revolving Fund for that service at this point."

Resident Anthony Zwaan said "I am confused as well! As a member of the Planning Board over the years, the matter of ambulance services has come up in a variety of cases. Frequently arguments regarding recent expenditures relating to the Fire Dept. services, in particular to the EMS, were answered that the Fees covered the services. Now I am hearing that it is actually involving the General Fund and that is upsetting to me."

Selectman Joe Pace said "A lot of different things have been included as expenses into that Fund. Initially it was used for EMS personnnel's time, ambulance equipment, etc., Over time it became clear that the true cost of ambulance services needed to be determined so it could be applied to that fund. Last year's Revolving Fund was set up because DRA said it had to be set up within the Statutes. So, the Town did that, and it should take the place of the old Trust Fund. It is my understanding that we have not yet completed the exercise as to what should be included as expenses, and we are charging them to the Revolving Fund. Going forward in 2009, the intent is to have a separate Revolving Fund so when fees come in and related expenses go out, it will be on that expense side to identify what expenses are appropriate."

Mr. Thayer made a motion that "the \$435,948 generated in 2008, plus the current fund balance of approximately \$70,000+ be transferred to the new Ambulance Service Revolving Fund." The motion was seconded.

Moderator Tucker asked for discussion on the Amendment.

Selectman Pace asked if that money had been spent last year? Mr. Dean said "Yes."

Mr. Pace said "If we can move revenue, we can also move expenses. Pending DRA, Treasurer Brabant, etc., I believe the amendment as presented by Mr. Thayer can happen legally and all that it does now is give true impetus to afford the Department to continue this process for several years."

Moderator Tucker asked how this Town Meeting can regulate what happened last year? Treasurer Don Brabant said he "thinks what Mr. Thayer meant was that the revenues go into the expendable Trust Fund, while Mr. Pace is including the expenses as well. That is not the Motion!"

Mr. Thayer reiterated what he really wants done.

Discussion continued regarding the wording of the Amendment. It was finally corrected to be "To see if the Town will vote to discontinue the Ambulance Expendable Trust Fund and place the balance in the Ambulance Service Revolving Fund." The motion was seconded.

Discussion on the corrected Amendment: Resident Arthur Baillargeon asked "What are the expenses and what will the balance be?" Selectman Pace answered "The fees, collection rates, and expenses will need to be looked at." Mr. Dean said "Expenses have been approximately \$438,000 annually, and that does not include ambulances or capital equipment. We will have to go through the exercise." Gerry Hamel asked "What amount of money is owed for un-collected ambulance fees?" Fire Chief Brian Comeau replied "Approximately 80% of the fees for ambulance use have been billed, but the problem is insurance payments. We know what the deficit is but it is not known what the revenue will total out at."

No further discussion on the Amendment; vote taken – 43 YES; 0 NO. Amendment carried. No further discussion on Article as Amended. Moderator Tucker declared Article will go on the ballot as amended. "To see if the Town will vote to discontinue the Ambulance Expendable Trust Fund and place the balance in the Ambulance Service Revolving Fund."

Article 28: To see if the Town will vote to create a trust fund under the provisions of RSA 31-19-a, IV, to be named the Exeter Arts Program Donation Trust Fund. This fund is for donations, gifts, legacies and devises, and shall be invested and accounted for separately from and not comingled with amounts appropriated for expendable trust funds under RSA 31:19-a, paragraph I. The purpose of the fund is to support the activities of the Arts Committee of the Town. Further, to name the Exeter Arts Committee as agents to expend from this fund.

Moderator Tucker called for discussion on this Article. Resident Alan Bailey asked "Why do we want to make the Exeter Arts Committee the Agents? What is the process for receiving funds and what would the oversight be?"

Selectman Pace responded "It is unlikely that we are discussing large funds, probably not more than a few hundred dollars. The Arts Committee operates the gallery in the top floor of the Town Hall. They come to the Budget Committee for \$1,000 to pay for display, and other small costs. When they have a show, they put out a donation box and they give the money to the Finance office. Now the expenses come to us. The idea behind this Article is for the Committee to have some "petty cash" and they will be responsible for the accounting, working with our Accounting office."

Mr. Bailey further asked "How will the expenses be reviewed?" Mr. Pace answered "The Finance Director will need to work this out. This is not something new. The Annual Report will have these expenditures listed."

No further discussion on this Article. Moderator Tucker declared Article 28 will go on the ballot as presented.

<u>Article 29</u>: Rescind Authorized Unissued Debt. To see if the Town will vote to rescind the following bonding debt authorizations made by prior Town Meetings. This debt has not been issued and the projects are completed.

Project	Year	Amount to Rescind
Great Bridge Repairs	1998	\$133,000
Sewer Bond Adm Order	1998	\$573,338
Court Street Separation	1999	\$377,245
Sewer Pump Station	2000	\$715,000
Water Street Bridge	2001	\$1,200,000
Wtr Treatment Plant Design	2003	\$585,723

Moderator Tucker called for discussion on this Article. Town Manager Russell Dean explained, "This Article cleans up the books and removes the balances listed as the projects have been completed. These amounts have not been issued, but it is necessary to have Town Meeting rescind the bonding debt authorization."

There being no further discussion on this Article, Moderator Tucker declared the Article would appear on the ballot as presented.

Article 30: To see if the Town will vote to raise and appropriate the sum of four million dollars (\$4,000,000) if required by the State of New Hampshire as matching funds, for any grant of money made to the Town under the anticipated Federal Economic Stimulus Plan of 2009 for potential municipal capital projects. Eligible projects include: Inflow and Infiltration Program, New Water Treatment Plant, SCADA Upgrades, Wastewater Treatment Plant Roof Replacement, Downtown Improvement Project, New Municipal Building, and Fire Substation. The Board of Selectmen will hold two (2) public hearings before expending this appropriation.

Moderator Tucker called for discussion on this Article. Selectman Julie Gilman said "This Article is coming before the voters in preparation for any possibility that the Town would be considered for funding resulting from the new Federal Stimulus Package that is being discussed in Washington, D.C., better known as "The HR-1 American Revitalization Recovery Act of 2009". Presently it is not known what amount of money the State(s) will receive nor what projects will be considered. This Article's intent is to be prepared to have matching funds available, up to \$4 Million, *IF* Exeter is offered funding for an eligible project. We do not know if the money will be given as a loan, need matching funds available, be given money "outright", or have no money given to us at all. If the Town of Exeter is not considered for this money, we will not need to raise and appropriate this money."

Ms. Gilman made a motion to amend this Article by deleting the Article in its entirety after "of" in the first line and replace with the following:

"To see if the Town will vote to raise and appropriate the sum of up to four million dollars to match federal funds to be received under the HR1, also known as the American Recovery and Reinvestment Act of 2009. Should the Town not receive federal funding under the Act, this appropriation shall not take effect. Funding may be used for any of the following projects: Wastewater Inflow/Infiltration Program, New Water Treatment Plant, Water Treatment Plant SCADA upgrades, Wastewater Treatment Plant Roof Replacement, Downtown Improvement Project, New Municipal Building, and Fire Substation. The Board of Selectmen will hold two (2) public hearings prior to expending this appropriation."

Motion seconded. Moderator Tucker called for discussion on the Amendment.

Ms. Gilman said "The Amendment has been put into place because there is more information to be received, and we are hoping that taxpayers will not have to raise money. More emphasis is being put onto infrastructure projects first. Our Local Government Center has been working with our State Legislature to see how we can make this a complete recovery package without asking for local monies. If you read the 675-page HR1 report, you will see that the Transportation Department gets a lot of money up front. We are trying to find out if money will be allotted to the municipalities. One of the big concerns if this Article fails, and we have the opportunity to receive some of this stimulus funding, we would be required to ask the Courts to hold a Special Town Meeting. This process requires at least 6 weeks before the actual meeting. If we are offered any money, the Town will need to act quickly or lose our chance for funding."

Resident Gerry Hamel said he is confused about this Article "raising and appropriating the money, yet not using it for anything specific." NH Senator Maggie Hassan, an Exeter resident, thanked the Board of Selectmen for putting this Article on the Warrant. She tried to clarify the confusion. She said, "The intent of this Stimulus Package is to get money back to the States as soon as possible. I know that clean water projects is high on the list of consideration."

Resident Martha Pennell asked "Why do we have to specify the projects and include in the Amendment "not limited to"? And why would we have to hold 2 public hearings?"

Moderator Tucker explained the legal process of holding a Special Town Meeting, going through the steps of the public hearings, legal notices for checklist sessions, etc. Town Manager Dean said, "These projects have to be 'shovel ready' to be considered for funding, and therefore we put together a list of projects that we believe would be considered by the State. This list had to be submitted to our NH legislators the week before this meeting."

Resident Debra Johnson said she objected to the "Downtown Improvement Project" being included in the list. She feels that because the Town refused this project in the past it should not be on the list now.

Moderator Tucker reminded the attendees "We are still discussing the first Amendment that was made." He called for a vote on the Amendment to replace the wording of the Article: 49 in favor of the Amendment and 0 opposed. Moderator Tucker declared the Amendment passed.

Residents Debra Johnson and Don Clement made a second Amendment to delete from the project list "SCADA Upgrades, Wastewater Treatment Plant Roof Replacement, Downtown Improvement Project, New Municipal Building, and Fire Substation." The motion was seconded.

Moderator Tucker called for discussion on this Amendment. Resident Donna Schlachman, and NH Representative from this District, said "There will be many Cities and Towns competing for any funds available. I think it would be in our best interest not to limit the project list but have a variety of projects that could be considered."

Selectman Bill Campbell addressed the question as to why we would need to have public hearings regarding the funding. "It is important to hear what the people of our Town would want to spend the money on. These projects listed already have plans in place and may be accepted because of that."

Resident Jay Childs made a MOTION to strike "the BOS will hold 2 public hearings before expending this appropriation." Motion was seconded. Town Manager Dean said "It is necessary to follow the legal election laws of the State which includes holding 2 public hearings, as well as a checklist session, etc." Mr. Childs asked "Could we start the process of applying for a Special Town Meeting now?" Moderator Tucker explained that applying for a Special Town Meeting involves an Emergency reason, and the Court could always tell us to put off the request for another year. There are State Statutes and timelines we must follow.

No further discussion on this Amendment, Moderator Tucker called for a card vote. There were 15 votes in favor of the Amendment and 37 votes opposed. Moderator Tucker declared this Amendment FAILED.

Discussion on the Article continued. Resident Betty Lewis made a Motion "To delete the Downtown Improvement Project from the Article." Motion seconded. Ms. Lewis reiterated "This project has been defeated by the Townspeople and therefore should not be on this list of considered projects. "

No further discussion on the Amendment, Moderator Tucker called for a vote "To delete the Downtown Improvement Project from the Article." Card Vote was 24 FOR and 14 OPPOSED. Moderator Tucker declared the Amendment PASSED, and "Downtown Improvement Project" will be deleted from the Article.

Mr. Childs then made a Motion "To delete all projects from the list." Motion was seconded. Discussion on Amendment.

Selectman Gilman said "I think this may be a reasonable idea. However, I would like the wording to include something to do with the Town's Capital Improvement Plan as these are the projects being considered." Mr. Childs amended his motion to include "Funding may be used for potential municipal Capital Improvement Projects from the Town's existing CIP Program." Motion was seconded. Further discussion included concern that some of the original projects listed are not listed in the CIP, i.e. Water Treatment Plant, Fire Sub-Station, Municipal Building, etc. The question was asked what "shovel ready" really means? Senator Hassan explained the Stimulus Plan money needs to be used for infrastructure projects that create jobs immediately — within a short period of time after the money is allotted. No further discussion, Moderator Tucker called for a card vote on this 3rd Amendment. There were 3 votes for the Amendment and "multi" votes opposed. Moderator Tucker declared this Amendment FAILED.

Resident Alan Bailey asked "What will the tax rate be should this Article based on \$4 million pass?" Town Manager Dean said "It would add approximately \$2.50/\$1,000 to the Town portion of the tax rate. Currently that is \$6.66, plus \$2.50 = \$9.16." Mr. Dean said the Town would need to borrow the money through bonds.

Resident Chris Moutis made a Motion to change the wording to: "Funding may be used for any potential municipal Capital Improvement Project as specified in the existing Capital Improvement Plan." The Motion was seconded. Moderator Tucker called for discussion. Selectman Gilman explained that some of the projects on the original list are not included in the CIP. Residents have expressed to her that the Water Treatment Plant is the biggest concern, and this is not in the CIP. No further discussion; Moderator Tucker called for a card vote. There were 6 votes FOR the amendment and 39 votes OPPOSED. He declared the Amendment FAILED.

Selectman Joe Pace said "The approval of seeking a Bond must be voted in by the Townspeople, which would mean either a Special Town Meeting, or next March." He asked the State legislators present if they would consider putting forth a request in Concord for a special Statutory Amendment to waive the need for a Special Town Meeting in regards to the Stimulus Plan. Senator Hassan said she would look into this possibility.

There being no further discussion on this Article, Moderator Tucker said Article 30 will go on the ballot as twice Amended.

Article 31: On the petition of George St. Amour and others, "To see if the voters of Exeter, NH will vote to require "Receiving Towns" when enlisting the aid of the Exeter Fire Department to pay the cost of the Exeter's emergency response team." (Said response being referred to as Mutual Aid.)

Moderator Tucker called for discussion on this Article. Resident George St. Amour said "The reason for this Petitioned Article is concern regarding the expenses that are incurred when our Fire Department responds to a call for assistance from another Town." Mr. St. Amour feels that Exeter should be reimbursed for these expenses, overtime being the main issue.

Asst. Chief Ken Berkenbush addressed this Article, and said "If we require other Towns to reimburse the Town of Exeter for providing assistance, we will not save the Town of Exeter any money. Exeter needs the other Towns more than they need us. If we put this plan into place, the other Towns will most likely charge us double. We actually make money on mutual aid because we do charge for the ambulance."

Mr. St. Amour referred to the Town Reports which show the amounts we spend for labor, not equipment.

Fire Chief Comeau made a Motion to Amend the Article by adding the following at the end of this Article. "This Article is not supported by the Exeter Fire Department." The motion was seconded.

Moderator Tucker called for discussion on the Amendment. Resident Alan Bailey expressed concern that the Amendment may not be legal. Moderator Tucker explained that an Amendment may be offered to a Petitioned Article. He said "There has been court cases upheld that had wording added to an Article that made it null and void."

Town Manager Dean said he believes there is a State RSA which allows the Towns to charge for mutual aid. It is his understanding that no Towns do charge however. Fire Chief Comeau confirmed that in the 1950s a Statute was put into place for Towns to be able to submit a bill to

the State and collect reimbursement for assistance service because Forest Fires were so prevalent at that time. Chief Comeau presented a financial report of the mutual aid expenses for this past year.

There being no further discussion, Moderator Tucker called for a card vote on the Amendment. There were 43 FOR and 0 opposed. The Amendment passed. Moderator Tucker said the Article will go on the ballot as Amended.

Article 32: To transact any other business that may legally come before this meeting.

Resident Chris Moutis, Budget Committee Chairman, took this opportunity to publicly thank Selectman Joe Pace for his participation on the Budget Committee, and his many years of service to the Town of Exeter. Mr. Pace is not seeking re-election in 2009.

Moderator Tucker said he would entertain a motion to Adjourn this meeting (12:40 PM) until Tuesday, March 10, 2009. The motion was seconded, and all present were in favor of the motion.

Respectfully Submitted,

Linda Hartson Macomber, CMC

Kuda Hartson Macomber

Exeter Town Clerk

(Amended Articles #17, 27, 30, 31)

TOWN OF EXETER, NEW HAMPSHIRE SECOND SESSION, ANNUAL TOWN MEETING

TUESDAY, MARCH 10, 2009

The second session of the Annual Town Meeting, the Exeter School District Annual Meeting, and Exeter's vote of the Exeter Region Co-Operative School District Annual Meeting, was held in the Exeter Town Hall on Front Street on Tuesday, March 10, 2009. The ACCUVOTE electronic voting machines were examined and declared empty by Moderator Charles Tucker, Selectman Matthew Quandt; School District Clerk Susan Bendroff, and Assistant Town Clerk Lucia Savage. Town Clerk Linda Hartson printed the zero reports from each of the three (3) machines. Ms. Hartson and Moderator Tucker went over voting procedures and answered questions concerning the ballot(s) with the poll workers. Moderator Tucker officiated the Oath of Office to those poll workers who had not been previously sworn in.

Town Moderator Tucker called the meeting to order at 7:00 AM, and asked those present to join him in saluting the American flag. Moderator Tucker then proceeded to read the warrant: "To elect officers, vote on Zoning Articles and all warrant Articles printed on the official ballots." Selectman William Campbell made a motion to "Waive the reading of the remaining Articles on the warrants." The motion was seconded and all present unanimously agreed. Moderator Tucker announced Absentee Ballots would be processed beginning at 1:00 PM, and the polls would remain open until 8:00 PM. All voters in line or in a voting booth at 8:00 PM would be allowed to cast his/her ballot. Moderator Tucker declared the polls open for voting.

At 7:56 PM, Moderator Tucker reminded poll workers and people both inside and outside the building the polls would be closing at 8:00 PM; however, anyone in line or in a booth could cast their ballot. The last vote was cast at 8:20 PM. Town Clerk Hartson closed the ACCUVOTE voting machines, and ran the tabulations for the voting results. Write-in votes and ballots requiring hand counting were processed by official representatives of the Exeter School District, Exeter Region Co-Op School, and the Town. At 8:30 PM School District Steve Hermans reported the results for the Exeter School District. At 9:00 PM Town Moderator Tucker reported the results of the Town voting.

RESULTS OF TOWN BALLOT ARE AS FOLLOWS:

ARTICLE 1: ELECTION OF TOWN OFFICERS:

SELECTMEN: (vote for 1) Robert "Bobby" Aldrich III (1,140)

Justin Chouinard (622) ALDRICH declared the winner

TOWN MODERATOR: (vote for 1) Charles Tucker (1,441)

TUCKER declared the winner

TRUSTEES OF LIBRARY COMMITTEE: (vote for 3) Gwen Kenney (1,153)

Mary LaFreniere (1,140) Peter Aten (1,129)

KENNEY, LaFRENIERE, and ATEN declared the winners

TRUSTEE OF ROBINSON FUND: (vote for 1) Judith Churchill (1,364)

CHURCHILL declared the winner

TRUSTEE OF SWASEY PARKWAY: (vote for 1) Susan C. Hennessey (707)

Donald R. Clement (733) CLEMENT declared the winner

TRUSTEE OF TOWN TRUST FUNDS: (vote for 1) Nancy Batchelder (1,341)

BATCHELDER declared the winner

RESULTS OF ARTICLES 2 – 31: (**DENOTES DECLARED WIN)

Article 2: Are you in favor of the adoption of Amendment #1 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 2, Section 2.2.6 Amusement Center (definition) to read as follows: "A structure or structures and/or outdoor areas engaged in providing private amusements, sports and recreation activities and/or entertainment including such activities as athletic clubs, dance halls or studios, theaters, cinemas, bowling alleys, billiard halls, video arcades, and similar types of uses for a fee or admission charge for profit"? (See Article 6, Section 6.4 Amusement Centers for reference to general regulations.)

NOTE: This amendment will further clarify the current definition by adding "sports and recreation activities" and "athletic clubs". YES = 1,331** NO = 370

Article 3: Are you in favor of the adoption of Amendment #2 as proposed by the Planning Board for the Town Zoning Ordinance as follows: AmendArticle 5.6 Off-Street Parking Regulations, Section 5.6.3 by reorganizing and clarifying the requirements for shared parking? (Full text available in the Planning Department located in the Town Office Building.)

NOTE: This amendment will clarify the requirements which must be satisfied in order for the Planning Board to consider a request for shared parking to be permitted in conjunction with any proposed development. YES = 1,328** NO = 329

Article 4: Are you in favor of the adoption of Amendment #3 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 5.6 Off-Street Parking Regulations, Section 5.6.4 Off-Street Parking Schedule by assigning required spaces for all allowed uses as described in Article 4, Section 4.2 Permitted Uses? (Full text available in the Planning Department located in the Town Office building).

<u>NOTE</u>: This amendment will provide parking requirements for all permitted uses as described in Article 4, Section 4.2 Permitted Uses of the current zoning ordinance.

YES = 1.191** NO = 433

Article 5: Are you in favor of the adoption of Amendment #4 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 5.7 Sign Regulations in its entirety by reformatting, adding and revising the entire section, including allowable signage within residential, non-residential and historic districts. (Full text available in the Planning department located in the Town Office building.)

NOTE: This amendment removes some redundancy in the existing regulations and will provide a comprehensive explanation and schedule for sign area allowances throughout the town.

YES = 1,352**NO = 318

Article 6: Are you in favor of the adoption of Amendment #5 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 5.8 General Landscaping Regulations, Section 5.8.1 Unenclosed Uses to read as follows: "Any unenclosed special exception which may be authorized by the Board of Adjustment shall be landscaped according to this article and shall be required to provide a fence, screen, planted berm or landscaping sufficient to obscure such uses from view from abutting residential uses, properties lying in R-District or from a public right-of-way."

NOTE: This amendment will further define the intention of the subject regulation.

YES = 1,194** NO = 422

Article 7: Are you in favor of the adoption of Amendment #6 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 6, Supplementary Use Regulations by adding a new section entitled 6.17 Wind Energy Systems, to accommodate the use of wind energy systems in appropriate locations, while protecting the public's health, safety and welfare and to be consistent with new state regulations. (Full text available in the Planning Department located in the Town Office building.)

NOTE: This amendment will provide regulations and a permitting process for the use of wind energy systems in town.

YES = 1.429**NO = 266

Article 8: Are you in favor of the adoption of Amendment #7 as proposed by the Planning Board for the town Zoning Ordinance as follows: Amend Article 5. General Regulations by adding a new section entitled Article 5.3.5 Demolition Review to provide a limited review period to identify any historic or culturally significant buildings prior to demolition? (Full text available in the Planning Department located in the Town Office building.)

NOTE: This amendment will establish a process by which a subcommittee of the Heritage Commission will have the opportunity to conduct a limited review of buildings proposed for demolition, if deemed applicable. YES = 1,262** NO = 418

<u>Article 9:</u> Shall the Town choose all other necessary Town Officers, Auditors or Committees for the ensuing year?

Budget Recommendations Committee (1-year term):

Deborah Johnson James Knight Mark Leighton Christopher Moutis Lynn Nash Vicky Nawoichyk Peter Zaimes Donald Brabant Jay Childs Justin Chouinard Robert Corson

Measurer of Wood & Bark: Robert Eastman Weigher: Jay Perkins, Sr

Fence Viewer: Douglas Eastman YES = 1,426** NO = 230

Article 10: Shall the Town of Exeter raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$19,463,443? Should this article be defeated, the default budget shall be \$19,063,988, which is the same as last year, with certain adjustments required by previous action of the Town of Exeter or by law, or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only.

YES = 872** NO = 857

Article 11: Shall the Town raise and appropriate the sum of \$125,000 through special warrant article from water user fees to replace the sluice gate at the Portsmouth Avenue water treatment plant for the purpose of controlling the level of waterworks pond during heavy rain events, keeping the sluice gate free of debris and sunken logs, and preventing flooding of the Water Treatment Plant? The Board of Selectmen recommends this appropriation.

YES = 1,205**

NO = 556

Article 12: Shall the Town authorize the Board of Selectmen to enter into a 7-year lease/purchase agreement for the purpose of leave/purchasing a replacement for a 1991 sidewalk tractor, and raise and appropriate the sum of \$20,406, which represents the first of 7 annual payments (a total of \$142,835), for that purpose? This lease agreement contains an escape clause.

YES = 804

NO = 919**

Article 13: Shall the Town raise and appropriate the sum of \$75,000 through special warrant article for the purpose of design work for the future reconstruction of Portsmouth Avenue including water and sewer upgrades? The Board of Selectmen recommends this appropriation.

YES = 989**NO = 765

Article 14: Shall the Town raise and appropriate the sum of \$50,000 through special warrant article for the purpose of retrofitting the public library elevator including the installation of handicap control circuitry, improved sensor systems, and a new hoistway tape selector system? The Board of Selectmen recommends this appropriation.

YES = 991** NO = 776

Article 15: Shall the Town raise and appropriate the sum of \$33,000 through special warrant article to purchase a brush chipper for the Department of Public Works? The Board of Selectmen recommends this appropriation.

YES = 843

NO = 902**

Article 16: Shall the Town raise and appropriate the sum of \$135,000 for the purpose of replacing twin 24-inch corrugated culverts with a 7'x 4' box culvert behind the Stockbridge Funeral Home on Epping Road and authorize the withdrawal of \$135,000 from the Culvert replacement Capital Reserve Fund created for this purpose with no amount to be raised by taxation?

YES = 1,302**NO = 433

Article 17: Shall the Town raise and appropriate the sum of \$31,000 for the purpose of funding senior transportation in 2009 and authorize the withdrawal of \$31,000 from the Municipal Transportation Improvement Capital Reserve Fund created per RSA 261:153, IV for this purpose with no amount to be raised by taxation? The Agencies shall provide to the Town a report of services provided to residents.

Agency: TASC

- Amount of \$16,000

Taxi Ticket Program - Amount of \$6,000

Rockingham Meals on Wheels – Amount of \$9,000

YES = 1,479** NO = 304

Article 18: Shall the Town raise and appropriate, through special warrant article, the sum of \$13,000, for support of the Area Home Care Agency, an agency that provides assistance in the areas of light housekeeping, meal preparation, shopping, laundry and other housekeeping tasks so that clients are able to continue to reside in their homes? The Board of Selectmen recommends this appropriation. YES = 1,429** NO = 363

Article 19: Shall the Town raise and appropriate, through special warrant article, the sum of \$5,500, for support of A Safe Place, an agency that provides shelter for battered women and their children, court and welfare advocacy, peer counseling and support groups for victims of partner abuse? The Board of Selectmen recommends this appropriation.

YES = 1,458**NO = 328

Article 20: Shall the Town raise and appropriate, through special warrant article, the sum of \$5,000 for support of the "free care" the Seacoast Visiting Nurse Association (VNA) provides to Exeter residents? The Seacoast VNA is a non-profit agency that provides home and community health care services regardless of the person's ability to pay for those services. The Board of Selectmen recommends this appropriation.

YES = 1,485** NO = 312

Article 21: Shall the Town raise and appropriate, through special warrant article, the sum of \$5,000, for support of SeaCare Health Services, an agency that provides health services that help people who do not have health insurance and cannot afford to pay for medical services, get health care? The Board of Selectmen recommends this appropriation.

YES = 1,393**NO = 389

<u>Article 22</u>: Shall the Town raise and appropriate, through special warrant article, the sum of \$3,500, for support of Cross Roads House, an agency that provides a safe and supportive emergency and transitional shelter to individuals and families experiencing homelessness? The Board of Selectmen recommends this appropriation.

YES = 1,422**

NO = 376

Article 23: Shall the Town raise and appropriate, through special warrant article, the sum of \$3,000, for the support of Sexual Assault Support Services, an agency that provides services that are committed to supporting victims/survivors in their effort to heal from the trauma of sexual assault and childhood sexual abuse, while striving to prevent the occurrence of sexual violence in local communities and in society at large? The Board of Selectmen recommends this appropriation.

YES = 1,390**

NO = 395

Article 24: Shall the Town raise and appropriate, through special warrant article, the sum of \$1,400, for support of the Society for the Prevention of Cruelty to Animals, an agency that provides shelter and adoptive services for lost and abandoned animals? The Board of Selectmen recommends this appropriation. YES = 1,279** NO = 501

Article 25: Shall the Town raise and appropriate, through special warrant article, the sum of \$1,000 for support of the Seacoast Interfaith Hospitality Network, an agency that provides shelter, foods, and case management to local families that have become homeless? The Board of Selectmen recommends this appropriation.

YES = 1.346** NO = 438

Article 26: Shall the Town discontinue the landfill closure expendable trust fund, and return the balance in the fund to the Town's general fund? YES = 1,380** NO = 280

Article 27: Shall the Town discontinue the Ambulance Expendable Trust Fund and place the balance in the Ambulance Service Revolving Fund? YES = 1,372** NO = 270

Article 28: Shall the Town create a trust fund under the provisions of RSA 31-19-a, IV, to be named the Exeter Arts Program Donation Trust Fund? This fund is for donations, gifts, legacies and devises, and shall be invested and accounted for separately from and not commingled with amounts appropriated for expendable trust funds under RSA 31:19-a, paragraph I. The purpose of the fund is to support the activities of the Arts Committee of the Town. Further, to name the Exeter Arts Committee as agents to expend from this fund.

YES = 1.095**

NO = 569

<u>Article 29</u>: Rescind Authorized Unissued Debt. Shall the Town rescind the following bonding debt authorizations made by prior Town Meetings? This debt has not been issued and the projects are completed.

Project	Year	Amount to Rescind	
Great Bridge Repairs	1998	\$133,000	
Sewer Bond Adm Order	1998	\$573,338	
Court Street Separation	1999	\$377,245	
Sewer Pump Station	2000	\$715,000	
Water Street Bridge	2001	\$1,200,000	
Wtr Treatment Plant Design	. 2003	\$585,723	
		YES = 1,408** NO = 19	2

Article 30: Shall the Town raise and appropriate the sum of four million dollars (\$4,000,000) if required by the State of New Hampshire as matching funds, for any grant of money made to the Town under the anticipated Federal Economic Stimulus Plan of 2009 for potential municipal capital projects? Eligible projects include: Inflow and Infiltration Program, New Water Treatment Plant, SCADA Upgrades, Wastewater Treatment Plant Roof Replacement, New Municipal Building, and Fire Substation. The Board of Selectmen will hold two (2) public hearings before expending this appropriation.

YES = 1,010**

NO = 667

Article 31: On the petition of George St. Amour and others, "Shall the voters of Exeter, NH vote to require "Receiving Towns" when enlisting the aid of the Exeter Fire Department to pay the cost of the Exeter's emergency response team?" (Said response being referred to as Mutual Aid.) This Article is not supported by the Exeter Fire Department.

YES = 501

NO = 1,184**

There were 10,399 registered voters on the checklist at the opening of the polls; 10 new voters registered at the polls, making a total of 10,409 registered voters at the close of the polls. Ballots were cast by 1,877 registered voters = 1,782 voted in person, and 95 were absentee ballots cast; 18% participation.

Respectfully submitted,

Linda Hartson Macomber, CMC - Exeter Town Clerk

Inde Harton Macomber

Dated March 16, 2009

These minutes of the Exeter Town Meeting, 2nd session, showing votes cast on the Official ballot, were signed before me by Linda Hartson Macomber, Exeter Town Clerk, this / day of March, 2009.

DEBRA J. UNGER, Notary Public My Commission Expires March 21, 2012

BOARD OF SELECTMEN

The year 2009 brought significant challenges and achievements to the Town of Exeter. After passing the 2009 budget for the Town in the March Town Meeting, Exeter along with every town in state was informed that it would not be receiving local aid from the State. For Exeter, that meant a loss of about \$284,000, to go along with reduced revenues in other areas due to economic conditions. With a bit of belt tightening and prudent spending, the Town managed to weather the financial hurdles this year.

The Board bid farewell to Joe Pace in March. Joe had been a Selectman for 9 years and had worked tirelessly for the Town. His leadership and deep concern for the Town will be missed. The Board did welcome Bobby Aldrich to the Board. Bobby adapted quickly and was soon participating in the Board's work like an old hand.

That work consisted of several projects and accomplishments. A satisfactory lease was concluded with the Sportsman's Club, which will allow them to remain in their location for the next 35 years. The Town had a special town meeting to pursue stimulus funds for two major projects. The first was the repair of the culvert under Industrial Drive, which was satisfactorily completed. The second was for the Water Street Diversion Project. Although we qualified for the stimulus money, subsequent exploration found contaminated soils, raising the initial price of the Project and forcing the Town to re-apply for funds.

In a very moving tribute in June, the Town's pool was dedicated to the memory of Senior Chief Petty Officer Dan Healy, a Navy Seal who grew up in Exeter. Senior Chief Healy while conducting combat operations, when the MH-47 helicopter he was aboard on a rescue mission crashed in Kunar Province, Afghanistan. The State of New Hampshire also dedicated the Guinea Road Bridge in his name.

The Town's commitment to workforce housing was shown in the encouragement by the Board, along with the Planning Department, of Bob Felder's project on Epping Road. By year-end, the land was being cleared and plans for the first of four buildings were unfolding. Another important act was the creation of the Energy Committee under Selectwoman Julie Gilman. Through their efforts, the Board was able to enter into an agreement to save money with Unitil by replacing the lighting in some Town buildings. Finally, contracts subject to the voters of the town in March 2010, were negotiated with both the Police and Fire departments, and a new pay plan for non-union employees was developed.

All of these things could not take place without the dedicated service of our Town employees. Time and again, they provide that extra service that sometimes goes unnoticed, but is integral to keeping Exeter the great place that it is. We also appreciate the many hours volunteers contribute to the life of the Town in a whole host of areas, such as the arts, coaching sports and maintaining Town gardens. The strength of the Town lies in the fact that so many care and contribute. Indeed in an article this year, Boston Magazine listed Exeter as one of the 15 Best Small Towns in New England. The Board would agree

William Campbell, Chair Julie Gilman, Vice Chair Bobby Aldrich, Clerk Bob Eastman Matt Quandt

TOWN MANAGER

Reflecting back on 2009, it is with pride we continue to call Exeter a top tier New Hampshire community. There were many things that happened in 2009; however the customary things that continue to make Exeter such a great place to live. As we look at Exeter in 2009, we continue to have great schools, a wide variety of recreation opportunities, a wonderful downtown, reliable public safety services and our excellent library. People continue to come from neighboring Towns to take advantage of some of these great opportunities including use of the Town Hall, Senior Center, and Swasey Parkway. In many ways, Exeter continues to be the hub of the area. There is much to be thankful for in the Town we call 'home.'

On the municipal side, the Town welcomed several new personnel and saw some longtime employees retire in 2009. We are grateful for the years of service of Glenn Stewart, Fire Lieutenant, Jim Stevens, Police Sergeant, and Jay O'Neil, Police Sergeant, all of whom retired in 2009. We will also miss two of our long serving residents from our Call Fire operations: Deputy Chief Harry Thayer and Bob Freeman. Both have contributed much to the community and will be missed. We wish all of our retirees the very best in their retirements. The Town also lost a longtime employee in 2009 as DPW employee Rick Ouimette passed away unexpectedly. Our thoughts and prayers continue to be with Rick's family and we will always remember Rick fondly through his 34 years with Public Works.

Efforts to improve infrastructure in 2009 included positive pump tests on the Gilman and Stadium groundwater wells, including a recommendation from our consultant Weston and Sampson, to reactivate these wells. The DPW also initiated a new inflow/infiltration program, and installed a new water line on Summer Street, after it unexpectedly ruptured. The Langdon Avenue sewer pump station project was completed as well, a significant upgrade to the area. Stimulus funds were used to complete replacing a culvert on Industrial Drive. The Town continues to invest in its paving program, spending \$500,000 in 2009 (up from \$170,000 in 2005). In the Fall, the Town welcomed Michael Jeffers as our new Water/Sewer Managing Engineer. Michael will play a major role in water/sewer operations and comes with excellent experience. The Town also continued to work on a new cable television contract with Comcast in 2009, with expansion of the current Channel 22 to up to 3 channels, including a dedicated education channel. We expect to finalize this agreement sometime in early 2010, and this will bring our EXTV operation into the next generation.

On the development front, work continued on the new Hampton Inn to be located adjacent to Exeter Hospital, and the Fairfield Inn on Portsmouth Avenue opened for business. The Town saw several new businesses open in 2009 as well, including Exeter Lumber, which replaced Wentworth Lumber at the same location. The Downeaster train service continued to bring passengers to and from Exeter at an increasing rate, and Exeter is now the number one stop in terms of ridership in New Hampshire.

The Town continued to benefit from great community events in 2009, with a very successful Revolutionary War Festival weekend, many plays and events at the Town Hall including Karaoke Idol, our own Arts Committee art shows, the Town's inaugural UFO festival, the annual Fall Festival, and of course our Holiday Parade, Christmas Light display, and Thursday night seasonal shopping downtown. So many people give endlessly to make these events the successes that they are, and they all deserve our special recognition and appreciation for all they do for the Town.

In closing, I would like to thank everyone who assisted or contributed their time in 2009, including the Board of Selectmen, all of our employees, our volunteers who serve the Town on our Boards and Commissions, the Exeter Area Chamber of Commerce, and our many community groups who do such great things throughout the year.

I would also like to extend a personal note of gratitude to the Healy family, who allowed me to be part of a special ceremony in 2009 dedicating the Recreation Pool to Exeter resident and Navy SEAL Daniel Healy, who lost his life serving our country in Afghanistan in 2005.

Respectfully submitted,

Russell Dean Town Manager

TOWN CLERK

The Town Clerk's Office continues to be a place of much activity. Population changes, increased municipal responsibilities, changes in State regulations and Legislative changes have kept us "on our toes". We take advantage of training by the State agencies we work with and/or our computer program vendor when sessions on new updates are scheduled. In spite of the economic crunch we are continuing to see a high volume of pedestrian traffic coming to register their vehicles; purchase certified copies of birth, death, and/or marriage certificates; register to vote; license their dogs; as well as take care of other business matters. The revenue collected for the Town's portion of the motor vehicle transactions has declined this year as compared to this same period of time last year. The State's fee increase on certain motor vehicles was introduced in August, and appears to have had an effect on our residents. However, the Staff in the Clerk's Office still processed over 20,600 motor vehicle transactions.

The Town revenue from requests for certified copies of vital records is about the same as last year. The Staff processed approximately 4,920 requests in spite of the State's networking with all NH cities and towns. We continue to process vital record amendments, adoptions, legal name changes, other legal transactions, and marriage licenses. People continue to request birth record copies for passports.

The use of the electronic registration renewal program (E-REG), as well as the mail-in program for motor vehicles, has been well accepted by our residents. We have recently added a new link to the Town's Web Page giving residents the ability to renew their dog's license on-line. We are pleased to report that the 2,225 dogs/puppies we are aware of were licensed prior to the end of the year, and Town revenue for dog licensing increased over last year. We anticipate this new electronic program will be well received by dog owners.

Our Checklist Supervisors – Peg Duhamel, Joanne Toland, and "Fritzi" Bernard – diligently keep our voter checklist current and accurate, protecting the integrity of our voters. We thank these ladies for the many hours they spend on this important project, as well as their support at the polls. We also thank the residents who helped at the Town Meeting/Elections in March. Your willingness to give of your time is very much appreciated.

It continues to be my pleasure to be Exeter's Town Clerk. I thank the residents for your continued support, and patience. It is important that we assist you in an efficient, professional, and pleasant manner. I could not do the work alone, and express my genuine thanks to my co-workers: Eve Quinn, LeeAnn Simpson, Debbie Unger, and Andie Kohler, for their assistance and support, particularly in my personally challenged year. I also thank our Town Officials, Department Managers, and all the Town Employees who help make this Town a "special" place to live.

Respectfully submitted,

Linda Hartson Macomber, CMC

BUILDING INSPECTOR

Despite the downturn in the economy, the Exeter Building Department has remained very busy. Large commercial projects such as RiverWoods — "The Boulders" have required numerous inspections throughout 2009 and will continue to do so into the first half of 2010. On Portsmouth Avenue we have seen the completion of the Fairfield Inn and Suites on the former Wendy's restaurant site, and also the start of the Hampton Inn on the old McDonald's restaurant site with an anticipated opening in the fall of 2010. Interior renovations at the Exeter Hospital and Phillips Exeter Academy have also been requiring many inspections. New home starts are down but we are expecting that the two subdivisions recently approved by the Planning Board will become active during 2010, as well as the multi-family residential development "The Meeting Place" on Epping Road. Our office is a source of building information for residents and contractors, and also for zoning questions and compliance with Town regulations. This year we are doing monthly building safety programs that will be posted on the Town website.

I would like to thank our staff--- Barb, Chris, Art and our new Natural Resource Planner Kristen for their hard work which keeps our office running smooth and efficiently. The Building Department also works closely with other Town departments and appreciates their support as well.

As always, I would like to express a special thanks to the Historic District Commission and Zoning Board of Adjustment members for their hours of volunteering.

Respectfully submitted,

Douglas Eastman
Building Inspector/Code Enforcement Officer

FINANCE DEPARTMENT

The 2009 year was an eventful year filled with positive change in the Finance Department. We successfully completed a Town-wide financial system conversion to Munismart. The system has expanded the Town's capabilities through a new fiber optic line which has improved taxpayer and ratepayer customer service and automated many procedures that were once manually performed. The addition of lockbox for payment remittance was also implemented for the collection of Tax and Water/Sewer payments. Munismart has also enabled Finance to better communicate financial data with other departments across Town.

The Finance Department serves residents, water and sewer ratepayers, Town Officials and all Town departments with financial accountability, reporting and communication of financial results. Finance records, monitors and analyzes all revenue and expenditures of the Town, collects property tax revenues, water, sewer, disposal and permit revenues and ensures financial compliance with all local, state and federal governments.

Finance works interactively with all Town departments by providing financial management information so that department directors have tools to manage their departmental expenditures.

Thank you to all of the residents of Exeter for their patience during our conversion in 2009. Please know the Finance Department is here to serve you. We look forward to seeing you in 2010. Please don't hesitate to contact us with your questions or concerns.

Respectfully Submitted,

Doreen Ravell, CPA – Finance Director
Helen Perrier – Accounting Clerk
Lorrie Maker – Deputy Tax Collector and Water/Sewer Clerk

The Exeter Fire Department provides a number of services to the community. Along with outstanding fire protection and advanced medical care we are also responsible for emergency management, health and thru grants we are the regional point of contact for the pandemic planning for 17 communities.

This department prides it's self on being able to meet the needs of our customers during their time of need. All of your fire fighters are trained to the highest State certification levels. All of the Exeter fire fighters are certified EMT-I or Paramedic's and work on the ambulances.

Most of your fire fighters have advanced training in hazardous material, advanced rescue systems, below grades, swift water and ice rescue.

In 2009 we responded to 2035 fire calls for service 1551 EMS calls and 1016 fire inspection. We provide these services with a total staff of 38 members.

This year Lieutenant Glenn Stewart retired after 29 year service to the community. Thank you for your dedication and service and in 2009 Retired Fire Chief R. Haywood Stanley passed away.

Chief Stanley was a member of this department for 30 years. He was was instrumental in moving this department forward by requiring department members to become State certified and by making a number of improvements to the towns water supply. He will be missed.

I would like to thank the department members for their hard work and dedication. Russell Dean, Town Manager and the members of the Board of Selectmen or their ongoing support of the Fire Department's Mission and a special thanks to Selectman Robert Eastman for challenging us daily and supporting us always.

Respectfully submitted,

Brian Comeau
Chief of Department

EMERGENCY MANAGEMENT

The year 2009 was thankfully not as busy as last year with flooding, ice storms and other significant incidents. During the 1st quarter of the year the Division was busy working with all town departments to determine the costs associated with the December, 2008 Ice Storm. I know we all remember the ice, broken branches & trees, and the related power outages. But what we may have forgotten was during the aftermath of all the ice came lots of snow, in fact 30"+ of the unwanted white stuff.

This snow made recovery from the ice storm slow, very difficult, and to say the least quite costly. We worked closely with our FEMA representative and calculated the Town of Exeter spent over \$191,500 in protective measures and debris removal, during and immediately after the storm.

FEMA and the State of New Hampshire work with local municipalities and reimburse up to 87½ % of eligible costs. The Division of Emergency Management worked very hard compiling the necessary data and was able to secure over \$167,500 in funds to help offset the costs associated with the Ice Storm of 2008.

As the year continued we had several after action meetings with the State of New Hampshire, Office of Homeland Security and Emergency Management, and public utilities, such as Unitil. Much was learned and we are confident that lessoned learned from the Ice Storm will be put into practice during future man-made and natural disasters.

The Division of Emergency Management also continued to improve our capabilities with training and acquiring additional equipment necessary to help lesson the impact to residents during a disaster, such as small electric generators and portable sump pumps.

Everyone at the Exeter Fire Department and the Division of Emergency Management would like to thank all residents of Exeter. It's your commitment to safety, and use of good common sense has allowed us to provide the best quality service, in the most cost efficient manner. Your continued support and vigilance will be necessary for the Town of Exeter to remain prepared to meet future emergency management challenges.

Sincerely,

Eric Wilking
Assistant Fire Chief
Deputy Emergency Management Director

HEALTH DEPARTMENT

The Exeter Health Department provides a varied number of services for the Town. These services are provided by three divisions found within the Health Department. All of the services provided ensure that residents have a safest environment possible to recreate, live and enjoy.

The Deputy Health Officer, Judy Jervis has been with the Town for 19 years. She is a certified FDA Food Service Inspector, one of only two in the State. In May 2009 the Health Department was selected to receive \$2500 from the FDA to help implement our Program Standards activities. The Department has been a participant in the FDA Program Standards since 2005. The nine standards provide the building blocks that form a solid foundation for a good food safety program as well as the tools for measuring the effectiveness of the food safety interventions. In May 2005 the Department did a self assessment; and in May 2009 the Salem Health Department did a verification audit of our programs and found us in compliance with the 3 standards that we had assessed. The Grant will allow us to move forward and be in compliance with 3 additional program standards.

The Public Health Coordinator, Susan Geier is the newest member of the department. Her position is grant funded though the NH Department of Health and Human Services. Susan Geier has taken over the responsibilities of the Greater Exeter All Health Hazards Regional Planning. This group is comprised of seventeen (17) Towns surrounding Exeter. This group is tasked with providing a regional approach to emergency planning and response in the event of a large scale health emergency such as the H1N1 flu outbreak. In conjunction with State, Federal and Local partners, plans are drafted, reviewed, and then added to a community's emergency response plan. An example of this is the on-going flu clinics throughout the region to combat the spread of the H1N1 flu. The region has received more than \$230,000 in grant funding this fiscal year. This funding is to support on-going planning, medical surge capacity, and out reach programs.

Assistant Fire Chief/Health Officer Ken Berkenbush is the department head and also manages several programs. These projects include water quality testing, mosquito control, The Sportsmen's Club environmental monitoring, and various other health related complaints and projects that come up throughout the year.

HUMAN RESOURCES

The Human Resources Department works to staff Town jobs appropriately, implement and administer benefit programs, policies and legal requirements. The Department provides recruiting assistance to Town departments, maintains personnel records, advises managers regarding employment/employee matters and assists employees however possible.

In 2009 the Town saw three employees reach their retirement. Police Detective Sergeant James Stevens retired with 25 years of service, Police Sergeant James O'Neil with 18 years of service and Fire Lieutenant Glenn Stewart, Jr. with 28 years of service. The Town also hired eleven new people to fill vacated positions and a position funded by NH Health and Human Services at the Fire Department. In May, the Town experienced the lost of Richard Ouimette a long time dedicated employee of the Public Works Department. Rick was a Truck Driver for the Town and served the residents for 34 years.

Throughout the year the Human Resources Department has put on training workshops, a Flu Clinic and Benefits Fair. At the Local Government Center Annual Conference I attended beneficial HR seminars. Also while at the LGC Conference I attended our Annual Human Resources Association Meeting and elected new officers. The Non Union Pay Plan was updated and adopted by the Board of Selectmen. Assisting the Safety Committee with the project of updating of the safety handbook and policies to be presented sometime in 2010. The Personnel Plan for the non-union employees is expected to also be updated and presented in 2010.

I would like to thank all Department Heads, Staff, Town Manager and Board of Selectmen for their support and assistance during the year.

As we look forward we can achieve more by working together.

Respectfully Submitted,

Donna Cisewski Human Resources Director

1909....2009

The town population is believed to have been about 4,800. Today the Town has 14,762 residents.

1909....2009

Resurfacing of the roads in 1909 cost about \$.066 per yard compared with the current rate of about \$6.03 per yard.

PARKS AND RECREATION DEPARTMENT

2009 has been a great year for our department even during this economic downturn. We thank the citizens of Exeter for supporting the programs and using the parks. Our backbone programs like tennis, baseball, basketball, soccer, flag football, Hershey track, summer camp and swimming are a given, however, we continue to try to add and shuffle our lineup and this year was no different. We partnered with Music Together to offer quality music and pre-school programming and that is now expanding to include afternoon and afterschool music and art enrichment. Pathway Yoga, ChildLight Yoga, watercolor lessons, Chinese lessons and Coyote Club our outdoor education program are some examples of other new offerings. Although our trips list is not what it was years ago when we owned a bus we still offer quality trips to many sporting events (Red Sox, Celtics, Patriots) and shows and events. Check our web site for more details.

On our parks side we attempted to maintain all of our parks with limited funding. It is now our standard to be 100% organic on all field and park treatments; in fact our field paint is now VOC free. We would like to thank everyone for your kind comments on our skating rink at Park Street Common. We feel this rink has become a fabric in the community for the winter and provides a safe alternative for families and children.

We would like to take this opportunity to thank all the volunteers who coach our teams. Your contribution is key to the programs success and key to the development of our youths. Also we cannot forget the many people and groups that adopt our gardens and traffic islands.

All of us at the Parks and Recreation Department look forward to serving you in 2010.

Respectfully Submitted,

Michael Favreau – Director Greg Bisson – Asst. Director Cindy Lundberg – Office Manager Mike Gingras – Park Foreman Garry Snook – Park Maintenance Nancy Bugbee – Office Assistant

Purple Dinosaur at Kids Park, Front Street

PLANNING DEPARTMENT

When I first took this position in 1999, the Planning Board had 48 cases that year, including 14 lot line adjustments, 15 minor site plan reviews, and a handful of subdivisions ranging from one additional lot to 35 lots. Of those 48 cases, only five (about 10 %) were not completed. Ten years later, as we encountered a vastly different economic climate, we reviewed just 16 new cases over the year. These included one lot line adjustment, six minor site development reviews and a handful of subdivisions (from one additional lot to only five new lots). It is anticipated that approximately two of these cases or 13% will not come to fruition. The trend for smaller projects is likely to continue as good developable land becomes more scarce.

From the first development proposals I have reviewed to the present, I have come to appreciate the complications of land development and the need for good, innovative zoning regulations. For the past ten years, our Planning staff have partnered with several volunteers to improve our land use regulations. For example, ten years ago Exeter did have a shoreline protection district but few regulations regarding wetland protection. There was an allowance for open-space development but no requirements for perimeter buffers to create cushions between existing neighborhoods and proposed developments. There were zoning districts that allowed residential and others allowing commercial, but nowhere could you find innovative zoning allowances for multi-uses. In these past ten years, we have added protective buffers, affordable housing incentives, shared parking allowances, improved protections for natural resources, brought clarity to controversial issues, and developed a host of other important land use regulations.

This past year, as in each year, I have worked hard to maintain the delicate balance between fostering development with meaningful improvements, while ensuring impacts to abutters and the local environment was minimized. Although 2009 was a year of reduced projects, it was another year of thorough plan review, difficult negotiations, and creative regulation development.

Once again, I would like to thank Planning and Building staff as well as the land use volunteers that have all helped me reach my first decade as Town Planner.

Respectfully submitted,

Sylvia von Aulock Town Planner

POLICE DEPARTMENT

As 2009 comes to a close the men and women of the Exeter police department continue to work hard to meet the needs of the citizens of Exeter. In 2009 our goals as a department were to reduce the incidence of crime, maintain an acceptable workload for police officers and supervisors, comprehensive equipment replacement program, provide high quality training for personnel, recruit and hire the best candidates for the police department, maintain our current accreditation level, increase the quality of service and customer satisfaction, increase the availability of grants and other alternative funding sources.

The Exeter police department completed a busy year in 2009. The department responded to 20,701 calls for service including 9,791 motor vehicle stops, 602 physical arrests, 481 alarm responses and 252 motor vehicle accidents.

The Exeter police department operates a 24 hour, 365 day emergency communication center. In 2009, communication personnel have answered 29,196 phone calls and 2,585 911 calls. The center dispatches for both police and fire departments. In 2009 the center has logged 24,154 calls for service.

The uniformed Division of the department consists of four sergeants and 14 officers as well as parking and animal control. These officers are responsible for handling emergency calls, traffic enforcement and criminal investigations.

2009 Exeter Police Department

The staff division consists of four detectives and a detective sergeant. They investigate both felony level and misdemeanor level cases. Detectives continue to investigate a multitude of crimes to include sexual assault, child pornography, computer crimes, property crimes, and drug related cases.

The department offers a number of services to the community that include; teaching DARE, police exploring, after school police athletic league, crime line, Halloween safety, fingerprint service, child safety seats, read across America, free drug testing kits, on-line crime stats, rabies clinic, free gun locks and alarm monitoring.

I want to thank the men and women of the Exeter Police Department; Town Manager Russ Dean; Department Heads; and the Board of Selectman for their continued help, guidance and support during this past year. The citizens of Exeter are indeed fortunate to have so many hard-working, dedicated and talented people collectively working to make Exeter a great place to live and work.

Respectfully submitted,

Richard Kane, Police Chief

Chief Kane reads to a class at Main Street School

THE MISSION STATEMENT of the EXETER POLICE DEPARTMENT

The Exeter Police Department exists to serve and protect all people within our jurisdiction with respect, with fairness, with compassion, and without prejudice. We do this to ensure a safe, healthy environment in which to reside, work, and enjoy life.

We, the men and women of the Exeter Police Department, value:

Quality Services - We work to anticipate and prevent problems; we will listen to concerns and respond accordingly; we will seek inovative solutions; and we will respond to issues with fairness, sensitivity and compassion.

Cooperation - We actively seek and encourage community involvement in all aspects of policing by way of ideas, opinions, and joint actions. We recognize that more can be accomplished when actions are taken collectively rather than individually.

Professionalism - Our personal standard for conduct shall be viewed as exemplary to others. To achieve this we shall: individually and collectively promote self-discipline, take pride in our accomplishments, recruit and hire the best people, and train, educate and develop our employees to their highest potential.

Competence - We assure the tasks set forth will be accomplished in the most effective and efficient manner. We will be accountable for our actions. We encourage reasonable risk-taking and are tolerant of honest mistakes, we will address and correct behavior which is contrary to the primary mission of this agency, and will recognize and reward good performance.

Integrity - We are honest and truthful and will hold ourselves to a higher standard of moral and ethical conduct. We value the reputation of this agency and will collectively act to prevent abuses of the law and violations of civil rights.

We will continuously pursue these ideals in all our actions to ensure that we will maintain the primary mission of this agency as being, "Fully Committed To Our Community".

MISCELLANEOUS CALLS FOR SERVICE

**CALLS FOR SERVICE - TOTAL** 

#### **EXETER PUBLIC LIBRARY**

The Exeter Public library's vision is to be the informational hub for the Exeter area, a vital institution that attracts and stimulates a vibrant community.

The Exeter Public library's mission is to promote a literate, enlightened citizenship by providing equal access to a range of media, services, and programs to meet the informational and recreational needs of the community; and to encourage the discovery and evaluation of ideas and information, especially recognizing the library's responsibility as a place for children to discover the joy of reading.

The Exeter Library is a very popular place for residents of all ages and offers a wide variety of programs and materials for Exeter's diverse population. During the present economic climate there has been a definite increase in the number of residents who use the library. Many patrons need more help than in the past finding information and using computers for various reasons, particularly job searches and registering for government programs online. Especially popular are magazines, audio books, downloadable books, and computer access. More patrons are using internet access to search for jobs while using the library's resume and cover letter programs to pursue those jobs. Patrons also use computer programs to study and practice for GED, other types of tests, and how to have a successful job interview, etc.

**Book Buds** 

**Book Bunch** 

Dewey

#### **EXETER PUBLIC LIBRARY**

Through access to all types of books and information the library is able to offer Exeter residents the opportunity to read, hear, and see whatever interests them in whatever format they may choose, be it books, magazines, audios, DVDs, email, or the internet. The Exeter Library offers programs that are not offered in other libraries in the area. Book groups for adults at two different time's morning and evening in response to patron demand.

The library now offers book discussion groups for children in elementary, middle and high school. Teens come to library in the evening and on Saturdays to talk about the books they read and decide on the next title to read.

Children come to the library on Saturdays for their book discussion groups and are unhappy if they have to miss one meeting. By popular demand the library offers story times for toddlers two times a week and preschool stories six times a week as well as twice weekly art projects for all ages.

Essential to Exeter are the library's outreach services that include bringing books and book discussions to senior facilities, book talks at the various schools, Summer Reading Program and books to the children at the Recreation Department Summer Camp and Great Bay Kids Camp, and books and stories to children at WIC. In response to the growing need for support for our residents the library has been coordinating food donations for the local food pantries in lieu of fines for over dues.

One fundamentally important resource that Exeter has that makes the library so popular and well used is an educated, committed staff. Exeter staff members keep up with new technologies, new library practices through courses offered by the State library and various professional library organizations. Their commitment to the needs of the community is seen when a residents asks for materials, or programs. Whenever possible we try to accommodate the patron. Several staff members will offer to look into the idea, determine its feasibility and the implement it when possible. The library staff is always looking for ways to improve their abilities, and improve what the library offers.

Respectfully Submitted, Hope Godino, Director

Storytime

#### **PUBLIC WORKS DEPARTMENT**

The Town is facing challenging decisions with regards to future water supplies and resources. Gilman and Stadium Wells were subjected to extended pumping tests and piloting of treatment processes, under close review by the State. This information will be needed to obtain final approval for withdrawals by the State and final design and construction of groundwater treatment facilities. The State, through the Coastal Program, funded additional investigations into water supply alternatives if the Great Dam on the Exeter River were ever removed. That work affirmed that the Town could remove the dam and still have adequate water supply, with modifications and investment into an integrated surface and groundwater supply system.

The Town awaits a revised draft discharge permit for the Wastewater Treatment facility. The permitting authority, USEPA, has promised new stringent limits for total nitrogen that the existing facility will not be able to meet. A new or modified treatment process will be necessary. Construction and operational costs of a new facility equate to capacity. Therefore, identifying and removing sources of clean stormwater inflow and infiltration from the sewer collection system remains one of the highest priorities. Extensive field work this year included continuous flow monitoring, flow isolation, manhole and pipeline inspections, and house-to-house surveys. This new information is under review and will be used to develop a prioritized plan of improvements and continued public education.

The Department completed numerous projects this year, including replacement of the water treatment plant dam sluicegates, installation of a concrete box culvert at Industrial Drive, and installation of 700 feet of new water main on Summer Street. We initiated several new programs, including development of a new road surface management program using MicroPaver™, installation of pet waste stations at critical locations in town, and roll out of the 65 gallon recycling toters. These are just a few of the many noteworthy efforts made by Public Works.

Industrial Drive Culvert Installation

I thank all of our staff, who work hard to provide essential, quality services to the Town. I also thank the other Town departments and employees, Town Manager, and Board of Selectmen for their guidance, support and assistance throughout the year.

We remember Rick Ouimette, dedicated 34-year veteran of the Department, who passed away this year; we all miss him.

Respectfully submitted,

Jennifer R. Perry, P.E. Director of Public Works

#### **HUMAN SERVICES**

General Assistance is designed to provide short-term assistance to eligible residents of the Town of Exeter. Assistance is granted for the help of basic needs such as shelter, food, utilities, and medical needs and is always done in the form of a voucher. All recipients of General Assistance agree to reimburse the Town when they return to an income status that allows them to do so. The Welfare Department is also available to provide information and guidance to locate local available resources and to assist those in financial crisis, on an emergency basis. The Town contributes to social service agencies in the local area, which provide valuable help to our residents.

During the challenging times with our economy shows the downturn has also added stain to the middle-income as well as the low income individuals and families. For unemployed individual's it takes them much longer to find new employment with the job market the way it currently is. Along with the State of New Hampshire making budget cuts and layoffs, the Departments of Health and Human Services and Employment Security getting more requests for assistance, the delay time that families experience between losses of their job income and granting of any state aid has grown in some cases to up to 6 weeks. This delay can impose an increase for the need of assistance at the local level until the aid is in place.

The office operates on a part-time basis Monday – Friday 8:30 a.m. to 1:30 p.m. Residents in need of assistance can reach me at 778-0591 ext. 116 or if I am unavailable leave a message on my voice mail. Certain qualifications and documentation are needed to be eligible, and different options are always provided for residents to pursue.

Special thanks for generosity of the local churches, community organizations, and private citizens that continue to contribute to the population of those in need during this very difficult time. I also would like to express thanks to the Board of Selectman, our Town Manager, fellow Department Managers, and all other town Employees for your cooperation and support during this past year.

Respectfully Submitted,

Sue Benoit Human Service Director

#### General Meeting Times for Town Boards and Committees

Board/Committee	Day of Month	Time	Location
Board of Selectmen	Every Monday	7:00PM	Town Office-Nowak Room

Plywood Signboard used	46 weeks
Banner across Water Street	35 weeks
Raffle Permits issued	15
Miscellaneous Permits issued	103
2008 Transfer Station Permits purchased	1527

#### **CONSERVATION COMMISSION**

In 2009 the Exeter Conservation Commission (ECC) continued their efforts toward land stewardship and conservation of natural resources. In addition to the recommendations made to NH Department of Environmental Services (NHDES) regarding wetland dredge and fill applications, the ECC also worked to improve local regulations, and implemented conservation land management strategies, trail management and public outreach efforts throughout the year.

To improve wetland protection, the ECC Chair and the Town's Natural Resource Planner (NRP) worked as part of the Zoning Ordinance Review Committee (ZORC). This committee worked to develop proposed revisions for wetland zoning ordinances that will go before the Town voting body at Town Meeting in March. The recommendations include provisions for the protection of a naturally vegetated wetland buffer surrounding wetlands. Wetland buffers perform the essential function of filtering sediment and excess nutrients from stormwater runoff and protecting these areas aid significantly in wetland and water quality protection.

The Commission continued with their stewardship program on the 2,000 acres of conservation lands this year. With the help of UNH intern, Jillian DiMaio, the ECC initiated efforts toward vernal pool mapping in 2009. Among other projects, Ms. DiMaio developed a method for mapping areas within town that have a high potential for supporting vernal pools, which will simplify vernal pool mapping on conservation lands in 2010. An additional UNH intern assisted the ECC with their conservation land boundary monitoring this year. Stephen Jones relocated, signed and inspected conservation lands and boundaries for violations. Together the interns provided 360 hours of support. The ECC was also privileged to work with two local scouts on their Eagle Projects this year. Kyle Scoggins worked to reestablish the Wiggin gravesite on Raynes Farm and Dustin Gagne marked, signed and created a loop trail at the Little River Conservation Area.

Significant progress was made in trail management this year as well. The ECC hired Exeter Environmental to develop a trail management plan. The contractor, the NRP and a Trails Committee comprised of local trail users met monthly to map and document trail conditions, identify and prioritize trail improvement needs, make recommendations on use limitations based on deed restrictions, and identify how trail stewardship will continue in the future. The trail plan, now in final draft form, will be adopted following completion of two important steps: reviewing those recommendations to ensure they do not conflict with the conservation values of the properties, and affording adjacent landowners an opportunity to review and comment on the document.

The ECC participated in several community involvement projects. The Chair teamed with Phillips Exeter Academy (PEA), Seacoast School of Technology and Squamscott Community Commons again to conduct a cleanup along a portion of the Little River while the NRP, assisted by PEA students, conducted a trail clean up along the McDonnell trail near the Exeter River on Earth Day. On April 24th with grant support from the Penates Foundation, the Town of Exeter received a Liberty Elm Tree that with the support of DPW was planted at the Stewart Waterfront Park. Peter Waltz continued the Spring Tree Program at the Lincoln Street School in early May. Ginny Raub hosted a table at the Peace Day Event in the early Fall to solicit support for the establishment of a Community Garden. The response was extremely positive and interested residents are encouraged to contact the Planning Department for more information.

#### **CONSERVATION COMMISSION**

Ginny Raub hosted a table at the Peace Day Event in the early Fall to solicit support for the establishment of a Community Garden. The response was extremely positive and interested residents are encouraged to contact the Planning Department for more information.

The ECC continued to collect water quality data for the Exeter and Little River in support of the state-wide Volunteer River Assessment Program (VRAP) which is synthesized by NHDES each year. New volunteers are encouraged and can find more info on the NHDES website.

The ECC would like to thank Rick Sugatt for his 12 years of support on the Commission and would like to welcome the addition of 3 new members to the Commission. The ECC is continuously seeking interested individuals to assist with Town conservation. If you would like to participate, please call the Town's Natural Resource Planner at (603) 778-0591.

#### **PLANNING BOARD**

The Exeter Planning Board has had another busy and productive year. The member composition of the board has remained stable over the past year, with most members having served on the board for several years. Some of the members have served over eight years, giving the board stability and the members' considerable experience which enables continuity and quality in decisions made at our meetings. Many of the members serve on a variety of related land use boards representing the Exeter Planning Board. Being a board member is a great way to volunteer!

The current economic times have slowed the number of new cases; however other cases have taken a greater amount of time in the review and public hearing process. "The Meeting Place" project located on Epping Road first came to the board in 2005, was conditionally approved, however, came back for several revisions, including the units becoming work force apartments and one building being devoted to 'over 55' occupancy. This is another first for the Town of Exeter to provide a variety of housing for our diverse population for which Exeter has been recognized in the state. Provident Bank received approval to build a new facility on Portsmouth Avenue at the old Kentucky Fried Chicken site. We also saw the Fairfield Inn and Suites open and construction on the Hampton Inn & Suites is now well underway. The board also approved two, five-lot residential subdivisions --- one on Ashbrook Road and the other on Hampton Road at the old Townlyne Grill site.

The Planning Board's Capital Improvements Program (CIP) subcommittee conducted its annual review beginning in June and ending with a public hearing in September. It was then forwarded to the Budget Committee and Selectmen for their use during the budget process. Another subcommittee of the Planning Board is the Zoning Ordinance Review Committee (ZORC) which meets throughout the year reviewing various chapters and issues within the zoning ordinance. ZORC presents its recommendations to the Planning Board for consideration. Zoning amendment review and presentation occur during the November through January Board meetings.

As always, the Exeter Planning Board remains committed to manage sustained and beneficial growth for the Town of Exeter. This year is the tenth year that Sylvia von Aulock has served as our Town Planner. She has proven to be a great asset to our town being well respected amongst her peers throughout the state. She has made numerous workshop presentations and brought the importance of color to plans to make them much easier to read. To modify an old saying... "A colored plan is worth a thousand words". The Planning Board is appreciative of the work that is accomplished through the Town Planning Office and feels that Exeter is fortunate to have such a dedicated and competent staff.

Respectfully submitted,

Langdon J. Plumer, Chairman

#### **ZONING BOARD OF ADJUSTMENT**

The Exeter Zoning Board of Adjustment sits as a five member quasi-judicial body to hear and decide on four types of applications: variance, special exception, appeal from an administrative decision and equitable waivers of dimensional requirements.

The Zoning Board of Adjustment convened for eleven meetings in 2009 and considered a total of twenty-two (22) new applications:

- Special Exception applications: 10 received, 1 withdrawn, 7 granted and 2 denied
- Variance applications: 11 received, 9 granted, 2 denied
- Appeals from Administrative Decisions: 2 received, 1 withdrawn and 1 granted

The "Zoning Ordinance Review Committee" (ZORC), a subcommittee created by the Planning Board in 2006 to conduct a comprehensive, chapter-by-chapter review of the Exeter Zoning Ordinance, met regularly throughout this year. They will continue to meet throughout 2010 to discuss various zoning issues and review the existing ordinance.

Respectfully submitted,

Hank Ouimet Chairman

#### HISTORIC DISTRICT COMMISSION

Established in 1970, the Historic District Commission (HDC,) is the mechanism for monitoring and preserving the integrity, heritage and beauty of Exeter through the preservation of properties located in Historic Districts. The Commission provides a mechanism to monitor and safeguard the heritage of the town, especially regarding its exterior architecture, in its three historic districts: Front Street, Downtown, and High Street. The Commission continues to review its guidelines, procedures, and application form to reflect the use of modern materials and to refine and simplify the process for residents of the zones. In 2009, the Commission recommended and the voters approved zoning amendments to the sign regulations and definitions in the Zoning Ordinance.

Most of the applications this past year were for new signs in the Water Street district.

2009 saw many applications for signs in the Downtown district. The Commission has also been challenged by applications for replacement windows in significant buildings. We have tried to educate property owners on the value of refurbishing and repair of original windows. Unfortunately for us, replacement window companies have large advertising budgets while refurbishment establishments do not. There are several documents posted on our web site for educational purposes. Warrantees on replacement windows do not compare with those of a window that has been in place for over 100 years. At 10 to 20 years for a warrantee, replacements will have to be repeated over the lifetime of a building. One application provided the Commission with information showing that refurbishing windows is relatively the same cost as replacement.

The home energy saving tax credits apply to work and materials for this purpose on historically significant buildings as well as newer ones.

Citizens are welcome to attend the regular commission meetings that take place the 3rd Thursday of each month at the Town Offices.

Currently, there are open positions on the Commission and we welcome interested Exeter residents to apply. We are particularly interested in residents who live outside any district. There are several educational opportunities throughout the year, and from the long time members, for those who may feel you don't have enough applicable knowledge. The Town of Exeter website has an application form that can be completed and submitted to the Board of Selectmen.

In closing I would like to thank those members serving the Town on the Historic District Commission in 2009: Fred Kollmorgen, Jeanette Lackey, Judy Rowan, Ron Schutz, Dennis Derby and Pamela Gjettum.

Respectfully submitted,

Julie D. Gilman Selectmen's Representative and Chairwoman

## **HISTORIC HOMES OF EXETER**

#### **ENERGY COMMITTEE**

The Energy Committee is comprised of a very (pardon the pun) energized and enthusiastic group of individuals. I'd like to thank members past and present; Mike Drunsic, Rebecca Audet, Tom Hassan, Kent Anson, Wood Turner, Lloyd Hunt, Corey Stevens, Karen Prior and Town Maintenance Supervisor Kevin Smart.

Our primary goal is to reduce municipal energy consumption. However, the committee members have different areas of particular interest: Carbon footprint reduction, elementary school curriculum, public awareness and education, renewable energy solutions. Funding for any of these aspects is always a difficulty, so our progress has been slower than we would like to see.

The committee recommended and put in place a 50/50 cost share program with Unitil. The program provided and installed more efficient lighting and added motion detectors in some municipal buildings with the town paying half of the costs for materials, installation and labor. No labor was required from the town staff. The cost of this program will be realized in 1 to 3 years depending on the building and the work that has been performed.

We are also contracted with a demand/response system with ISO-New England. The town stands ready to take our highest electrical draws off line and use our emergency generators (example: the water treatment plant) during peak electrical grid usage. This occurs in the summer when air conditioning is active and winter when electrical heating and lighting are highly used. The town receives a monthly payment to be on stand by and is also paid for the costs of using our emergency generators.

The Committee also has successfully applied and been accepted into the NH Municipal Energy Assistance Program that does free audits of each municipal building. Recommendations for upgrades, simple solutions and next steps are expected in June 2010.

In 2010, we expect to receive grant funds to accomplish two or three projects such as HVAC installations at the Town Office Building, HVAC upgrades at the Safety Complex, Photo Voltaic solar power at the Public Works site, a feasibility study for hydroelectric power generation at the Great Dam. These grants are provided with no costs to the community.

Finally, we urge residents and businesses to take advantage of several state weatherization programs available through the NH Office of Energy and Planning <a href="http://www.nh.gov/oep">http://www.nh.gov/oep</a> and fuel assistance through Rockingham Community Action.

Take the Carbon Challenge which has a short survey that provides suggestions to lower your carbon emission reductions. A link can be found on the Town's web site.

So turn off your lights, walk or bike instead of drive and reduce, reuse and recycle!

Respectfully submitted,

Julie D. Gilman Board of Selectmen representative and Chairperson

#### HERITAGE COMMISSION

The Exeter Heritage Commission was established at the February 2006 Exeter Town meeting. The commission meets, weather or schedule permitting, the second Wednesday of each month at 7:00 p.m. in the Wheelwright Room on the first floor of the Exeter Town offices.

The commission's primary purpose is to provide recommendations and advice to the Board of Selectmen and other town boards and commissions relative to the Town of Exeter historical and cultural resources. At the Heritage Commission's recommendation the Town of Exeter applied for and received Certified Local Government designation through the New Hampshire Division of Historical Resources in 2009. This is a program that is designed to promote the preservation of pre-historic and historic sites, objects, buildings and districts by establishing a partnership between a local government and the New Hampshire Division of Historical Resources.

In December of 2009 the Heritage Commission was notified that it was awarded a grant through the Certified Local Government Program to conduct a town wide mapping survey which is the first step in the process that will eventually identify historical and cultural resources throughout the town. A full town wide survey is a comprehensive effort that will take several years to complete. The Heritage Commission will be seeking interested town residents to help with this effort.

In 2009 the citizens of the town voted to adopt a Demolition Review Ordinance. This ordinance will provide the opportunity to seek alternative options for our historical resources for a specified time prior to possible demolition. The commission also kept a watchful eye for potential opportunities that would help the Town preserve and to better understand its historical and cultural assets.

Respectfully submitted,

John W. Merkle Chairman, Exeter Heritage Commission

#### 100 Years Ago....

On February 12, 1909, the town celebrated Abraham Lincoln's 100th birthday. It was a Friday and the schools and stores all closed at noon. That evening, there was a celebration at the Town Hall where school children sang and James A Tufts of Phillips Exeter Academy spoke of Lincoln's accomplishments.

#### RIVER COMMITTEE

At the end of 2008, the Board of Selectmen, on the recommendation of the River Committee, had accepted the offer of the State's Department of Environmental Services to fund fully a study to see if there was an alternative water supply for the Town that would not require the Great Dam. The report of that study is on the Town's website. It shows there is a potential alternative water supply that relies on a mix of ground (well) water and surface (river) water, which does not require an impoundment of water by the Great Dam.

Because there is a potential alternative source of water for the Town, the committee recommended and the Board of Selectmen decided that the Town would undertake a Great Dam removal feasibility study, to be coordinated by the River Committee. Funding for this study would come from State resources, matched to a degree by Town funds. A warrant article is before the Town for \$40,000. The rest of the funding, estimated at \$85,000, would come from the State.

A subcommittee of the River Committee is currently considering how to organize and conduct the feasibility study. Although much of the study would be about meeting regulatory tasks and obligations to supply water to some users, a major part of the process will be hearings and open sessions involving the citizens of Exeter. The principal purpose of the process is to develop the information necessary for the citizens of Exeter to make a decision regarding dam removal or not. This process may take over a year. The funding necessary for the design and engineering of a replacement for the Great Dam, approved in March 2008, remains available, if the decision is not to remove the dam, but to bring it up to the standards required by the State's Dam Bureau.

In the meantime, the Town will consider how it wishes to develop the infrastructure necessary to bring the wells into the Town's water supply system. It appears that using more fully ground water and adjusting the Town's reliance on river water will be beneficial to the Town regardless of any decision about the Great Dam. In addition to the work on the dam, the committee completed and has sent to the Board of Selectmen for approval a river hazards policy. This policy clarifies the responsibilities for river hazard removal, provides the approach to river hazards for the Town, and informs the property owners along the river.

The Board of Selectmen will consider this policy in the coming weeks.

Respectfully submitted, Lionel Ingram, Chairman

#### ARTS COMMITTEE

The Exeter Arts Committee's mission is to encourage, support and promote the arts in Exeter and surrounding towns. The Committee is appointed by the Board of Selectmen and consists of nine citizen members (six of whom must be residents of Exeter) and one representative from the Board of Selectmen. With the exception of the Selectmen's Representative, Committee members

serve staggered three-year terms. The Committee meets in the Gallery, once a month on the third Thursday.

The Exeter Arts Committee continues its stewardship of the historic Town Hall Gallery in the old Town Hall and it proudly promotes educational opportunities in the gallery's workroom. Workshops, demonstrations and Painting Club activities are a growing part of the Committee's support. Growth and improvement have been key words in the 2009 activities of the Committee, with an increase in the number of events and shows at the Gallery, an appreciable increase in visitors to the Gallery and increased use of the space.

#### A chronological history of the activities and shows at the Town Hall Gallery

<u>January 17-February 14, 2009</u>: Independent of the Committee, itself, the Gallery was used for a wonderful show of photographic works, mounted by the NEW HAMPSHIRE SOCIETY OF PHOTOGRAPHIC ARTISTS. The Society borrows the space free-of-charge. They have a great show, and they make superb use of the space. Their show typically continues into February.

March 7-March 29, 2009: The EAC sponsors a YOUTH ART MONTH which completely fills the gallery with artwork from students from Kindergarten through Twelve grade. In 2009, 12 area public, private and charter schools shared artwork selected by their art teachers. Wonderful energy for this show is generated by visits from classes from the participating schools, which are used as educational experiences. It is a great joy to watch the students show off their works to fellow students, teachers, and their families. Attendance at this show is usually among the highest of the year.

<u>April 25-May 17, 2009</u>: In cooperation with the Seacoast Artists' Association, the EAC presents the SPRING SHOW, with a theme of renewal and regeneration. This show is focused on spring, with works featuring flowers and environmental themes. This show often continues into May, and is frequently a good source for Mother's Day gifts!

<u>July 2009</u>: In 2009, the SAA used the Gallery for a show of its own, this year called SPLASH. Beach chairs, sand buckets and blankets accented the theme.

October 3-25, 2009: Our Third Annual Fiber Fest was open for three week-ends. It featured works of hooking, weaving, hand-painting on silk, quilts of impressive size and environmental statements from local artists. We did find this year, however, that there were several conflicts with area Country fairs and quilt shows that impacted the number of participants. We are considering altering the focus slightly for 2010.

November 20-29, 2009: The Exeter Center for Creative Arts put the Gallery space to great use with their Holiday Show. ECCA is very active with local artists and supplies us with a wide variety of talents!

December 5-20, 2009: Undoubtedly our most active show, the Holiday show joyfully begins the same day as the Festival of Trees. We also host a Holiday Open House with music and refreshments on the Saturday following, and are happy to open the season with great art and conviviality!

In addition to these recurring shows, we also are entrusted with supplying art for the walls of the current Town Hall, across the street from the Gallery. We hold a so-called Lottery Day three times a year

(every four months) to change the displays of local artworks...all original photos, watercolors, oils and pastels. From the Nowak Room, down through the hallways and stairs, our local artists get a chance to share their work with the town. This year, with the redecoration of the Town Offices, we also were offered the chance to cover those walls with local art, so we added those spaces to the Lottery drawing and, in a slight twist on the usual, we will be changing those pieces every TWO months instead of every four. We are very happy to have more space and more opportunity to strut our stuff!

In the fall of 2009, we were asked by the Exeter Historical Society if they could use the Gallery for a celebration of the Sesquicentennial of Lincoln's speech as he ran for President of the United States, a speech that was delivered in our own Town Hall! We were very excited to accommodate the Society's timetable by moving our Youth Art Month to later in March. The Sesquicentennial will be held during the first week-end in March, with a Lincoln re-enactor leading the festivities.

As part of this additional 'exposure' (pardon the pun), the committee has been very eager to upgrade the quality of lighting in the room. Although the day light is extraordinary and the room truly elegant, the current (another pun!) fluorescent lights are not all that complimentary to the display of works of art in the evening. With blessings from the community, the EAC has begun a gradual process of purchasing and installing new track lights. We will begin by putting an adjustable track down the middle of the room, with the hope of adding more perpendicular tracks in the near future. Nighttime festivities and shows are going to be very exciting.

Our new member, Bev Tabet, has taken over care and responsibility of the EAC website and she has done a fantastic job. An avid photographer, Bev has added several photo albums of 2009's shows to the website. Please enjoy them at <a href="http://exeterarts.home.comcast.net">http://exeterarts.home.comcast.net</a>. Exeter could not have been luckier than to have Bev move back to the East Coast from California!!

Current members of the Committee and their appointment expirations are: Note: all terms expire on April 30 of the given year

Jane Kiernan, Chair (2012),
Beverly Tabet, Co-chair (2012)
Karen Desrosiers, Treasurer (2011)
Karen Noonan (2010)
Deb Cinamon-Whalen (2010)
Kathy Lewis-Thompson (2011)
Robert Aldrich, BOS Representative

There are currently two vacancies, with enthusiastic members doing their best to recruit equally enthusiastic new members.

Attached are several photos from the Exeter Arts Committee's website.

#### PROMOTING THE ARTS AND ARTISTS IN OUR COMMUNITY

Welcome to the Online Home of the Exeter Arts Committee

We're an all-volunteer Town committee here in Exeter, New Hampshire. Appointed by the Board of Selectmen to help promote the arts and artists in our region, we sponsor and supervise a number of events and activities.

Our gallery is on the second floor of the historic Exeter Town Hall. The large space, generous natural light, and location across from the bandstand make the gallery a welcoming and perfect place to host events for the arts.

If you would like to explore the possibilities of becoming a friend or a member of the Committee, please contact us at exeterarts@comcast.net

Visual artists, performing artists, gallery volunteers and people with a vision of art in public life are always welcome. Let's discuss your interest!

#### **ROBINSON FUND**

The Robinson Fund is an Exeter charitable trust whose citizens elect its seven members. The funds were given to the Town in 1853 by the will of William Robinson, an Exeter native who attended Phillips Exeter Academy and for whose sister existed no similar educational facility in the area. The will specified that the funds be for "the only and sole instruction of females...all other things being equal, always to give preference to the poor and the orphan." In 1869 the newly-built Robinson Female Seminary opened its doors to females from the Exeter area.

From 1869 until 1955, Robinson Seminary was the only public school in Exeter to serve postelementary females (males attended the Tuck High School). In 1954 the School District passed a bond issue to build an addition to the Tuck School. The first co-educational class graduated from Exeter High School in 1956. A fire in 1961 destroyed the Seminary building. The Lincoln Street Elementary School and related playgrounds now occupy the site.

Four of the current Robinson Fund Trustees attended the Seminary; two are graduates and two attended the Seminary but graduated from the then new co-ed Exeter High School.

In the early 1990's, to avoid discrimination on the basis of gender, the Trustees petitioned the County Probate Court. In 1996 the court issued a decree that discontinued the existing income distribution and established a new Trust purpose: "...to create a fund to provide opportunities to enrich and enhance the educational experience of post-elementary age individuals within the area served by the Exeter Region Cooperative School District, through the development of programs, scholarships and grants." Following this new decree Trustees awarded the first Robinson Fund Scholarships to graduating seniors of the Exeter Region Cooperative School District in June 1998.

In 2009, the Robinson Scholarship Fund awarded \$49,000 in scholarships: A. Maxwell \$6,000, J. Balukas \$6,000, C. McMahon \$4,500, J. Atsalis \$3,500, J. Weinand \$9,000, C. Gilbert \$1,000, T. Ashorn \$2,500, K. Eldridge \$9,000, A. Welch \$5,000, and A. Crafts \$2,500.

Additionally, trustees paid previously approved grants to the Cooperative Middle School totaling \$35,236.16: Kiln \$6,991.14, Library \$14,205.02, PEA mentoring program \$850, Encore Theater \$2,900, Writing Lab \$1,215, Summer School at CMS \$4,560, and an After School Tutorial Program \$4,515.

We wish to thank Martha Pennell for her many years as a dedicated trustee.

Respectfully, Harry Thayer, Secretary The Robinson Fund Trustees

Peter Smith, President; Joanna Pellerin, Vice President; Patricia Qualter, Treasurer; Barbara Gagne, Joan Smart and Judy Churchill.

#### TRANSPORTATION COMMITTEE

In layman's terms one of the charges of the Local Transportation Committee is to provide senior & handicapped citizens accessibility to the various human services and agencies within Exeter and the seacoast region. Providing safe and successful mobility contributes to the general community well being.

Currently the tasks of a Community Care and service planning board (see RSA. 678) are divided between the Town Planning Board, the Human Services Director, the community service subcommittee of the Budget Recommendations Committee and the Local Transportation Committee. Instead of creating another town committee, each of these entities have been able to focus on and accomplish very specific tasks.

In 2009 the Local Transportation Committee met with the service providers that serve Exeter residents. During the summer and fall the committee compiled data of past and current ridership counts. Input was provided from services that are partially funded by the Town as well as some that are self-supporting. All providers reported dramatic increased demand and estimate further upward growth.

The Local Transportation Option Fee, supported by motor vehicle registrations, managed to end the year with an 11%-12% surplus. The Budget Recommendation Committee supported level funding of these programs, with no increase to cope with the increased demand, has created an daunting challenge for this committee as it seeks to support and sustain the services that residents rely on.

At the inception of the committee, transportation for the elderly was the focus, but after a successful first year we are ready to begin development of a long term plan for transportation for all residents. Residents that have an interest in joining this committee or have ideas to contribute are welcome to attend our meetings or or join this committee.

In closing, thank you to my fellow members of the committee for their efforts this year.

Respectfully submitted, Don Woodward

#### TRUSTEES OF SWASEY PARKWAY

The past year has been a busy one for Swasey Parkway beginning with a massive cleanup of downed trees and debris from the December 2008 ice storm. We were lucky in that none of the original trees were permanently damaged or destroyed in the ice storm. The trustees would like to recognize the crew from Urban Tree Service who managed to clear the parkway of all of the limbs within a few days so that residents could once again enjoy the parkway.

We were further assisted with some general cleaning up on the parkway by students from Phillips Exeter Academy during their annual Community Action Day in April. Students spent the morning raking up the parkway, clearing out old leaves, twigs and general debris. The trustees were extremely appreciative of the students help and are looking forward to working with another group during the 2010 Community Action Day.

Thanks to a generous donation from lifelong resident Bob Swasey, the Parkway now has a new flagpole. The flag and pole are on display next to the water along with a granite marker recognizing the Swasey family's donation.

The new pavilion on the parkway continues to be a very popular destination for weddings. The trustees received numerous requests this past year from those who wanted to get married on the parkway and had almost one wedding a week during the summer of 2009. Once again it is a wonderful testament to the hard work of the volunteer group that worked to raise funds for the new pavilion to see it so widely used. In addition to the numerous nuptials on the pavilion, the town's Park and Recreation Department held their annual Thursday night summer concert series there, an Exeter tradition that continues to be a very popular attraction for both residents and visitors to town.

The trustees would like to extend our gratitude to the generous support from the town of Exeter, which is now in its third year of offering \$10,000 each year to help support maintenance. These additional funds have enabled us to catch up on pruning of the trees and shrubs on the park, which was not possible within our current budget. We would like to recognize the hard work of Yankee Clipper Landscaping, which is in their first year of maintaining the parkway, and did a great job of getting the entire parkway mowed within just a few hours every week.

Natural plants put in around Norris Brook in 2008 continue to fill in and serve as an effective method of buffering the water in the brook to keep its quality good. This project, known as the Norris Brook Restoration Project, was the collaborative effort of the New Hampshire Coastal Program, the Exeter River Local Advisory Committee, Ironwood Design Group and the town of Exeter Department of Public Works and Conservation Commission.

We are always working to keep the parkway in the best possible condition for those who enjoy walking along it, picnicking with friends or families or just driving through on their way through town.

Respectfully submitted,

Lara Bricker Trustee

# **AUDITOR'S REPORT**

Town of Exeter, New Hampshire
As of and for the fiscal year ending December 31, 2008

Certified Public Accountants
Management Advisors

Nashua, NH 03063-1301 Tel (603) 882-1111 * Fax (603) 882-9456 www.melansonheath.com

#### INDEPENDENT AUDITORS' REPORT

To the Board of Selectmen
Town of Exeter, New Hampshire

We have audited the accompanying financial statements of each major fund and the aggregate remaining fund information of the Town of Exeter, New Hampshire, as of and for the year ended December 31, 2008, which collectively comprise a portion of the Town's basic financial statements as required by accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

Management has not presented government-wide financial statements to display the financial position and changes in financial position of its governmental activities. Accounting principles generally accepted in the United States of America require the presentation of government-wide financial statements. The amounts that would be reported in government-wide financial statements for the Town's governmental activities are not reasonably determinable.

Management has elected to follow the accrual basis of accounting for property tax revenue in the general fund. Accounting principals generally accepted in the United States of America require the use of the current financial resources measurement focus and the modified accrued basis of accounting. The amount by which this departure would affect fund balances and revenue of the general fund has not been determined.

Management has elected to classify and report the water and sewer funds as governmental funds, instead of Enterprise Funds, as required by accounting principles generally accepted in the United States of America.

In our opinion, because of the effects of the matter discussed in the preceding paragraphs, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Town of Exeter, New Hampshire as of December 31, 2008, or the changes in its financial position for the year then ended.

The Town has not presented management's discussion and analysis, or a Schedule of Funding Progress of its Other-Post Employment Benefits Liability that, under accounting principles generally accepted in the United States, is necessary to supplement, although not required to be part of, the basic financial statements.

In accordance with *Government Auditing Standards*, we have also issued a report dated January 4, 2010, on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Melarson, Heath + Company P. C.

Nashua, New Hampshire January 4, 2010

#### **Notes to Financial Statements**

## 1. Summary of Significant Accounting Policies

The accounting policies of the Town of Exeter (the Town) conform to generally accepted accounting principles (GAAP) as applicable to governmental units, except as indicated in Note 2. The following is a summary of the more significant policies:

## A. Reporting Entity

The government is a municipal corporation governed by an elected Board of Selectmen. As required by generally accepted accounting principles, these financial statements present the government and applicable component units for which the government is considered to be financially accountable. In fiscal year 2008, it was determined that no entities met the required GASB-39 criteria of component units.

### B. Fund Financial Statements

Separate financial statements are provided for governmental funds and fiduciary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

# C. <u>Measurement Focus, Basis of Accounting, and Financial Statement Presentation</u>

#### **Fund Financial Statements**

Governmental fund financial statements are reported using the *current* financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government. Experiorures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The government reports the following major governmental funds:

- The *general fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The water fund accounts for the operating activities of the Town's water services.
- The Epping Road Construction fund accounts for the Town's ongoing water and sewer construction projects.

The *private-purpose trust fund* is used to account for trust arrangements, other than those properly reported in the pension trust fund or permanent fund, under which principal and investment income exclusively benefit individuals, private organizations, or other governments.

The agency funds account for fiduciary assets held by the Town in a custodial capacity as an agent on behalf of others. Agency funds report only assets and liabilities, and therefore, have no measurement focus.

## D. Cash and Short-Term Investments

Cash balances from all funds, except those required to be segregated by law, are combined to form a consolidation of cash. Cash balances are invested to the extent available, and interest earnings are recognized in the General Fund. Certain special revenue and fiduciary funds segregate cash, and investment earnings become a part of those funds.

Deposits with financial institutions consist primarily of demand deposits, certificates of deposits, and savings accounts. A cash and investment pool is maintained that is available for use by all funds. Each fund's portion of this pool is reflected on the combined financial statements under the caption "cash and short-term investments". The interest earnings attributable to each fund type are included under investment income.

#### E. Investments

State and local statutes place certain limitations on the nature of deposits and investments available. Deposits in any financial institution may not exceed certain levels within the financial institution. Non-fiduciary fund investments can be made in securities issued by or unconditionally guaranteed by the U.S. Government or agencies that have a maturity of one year or less from the date of purchase and repurchase agreements guaranteed by such securities with maturity dates of no more than 90 days from the date of purchase.

Investments for the Trust Funds consist of marketable securities, bonds and short-term money market investments. Investments are carried at market value.

### F. Interfund Receivables and Payables

Transactions between funds that are representative of lending/ borrowing arrangements outstanding at the end of the fiscal year are referred to as "due from/to other funds" (i.e., the current portion of interfund loans).

### G. Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

### H. Use of Estimates

The preparation of basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures for contingent assets and liabilities at the date of the basic financial statements, and the reported amounts of the revenues and expenditures/expenses during the fiscal year. Actual results could vary from estimates that were used.

# 2. <u>Departures from Generally Accepted Accounting Principles</u>

The significant departures of the financial statements from generally accepted accounting principles are as follows:

- Management has not presented government-wide financial statements to display the financial position and changes in financial position of its governmental activities.
- Management has elected to follow the accrual basis of accounting for property tax revenue in the general fund. Accounting principals generally accepted in the United States of America require the use of the current financial resources measurement focus and the modified accrued basis of accounting.
- Management has elected to classify and report water and sewer funds as governmental funds, instead of Enterprise Funds, as required by accounting principles generally accepted in the United States of America.

 Management has elected to omit a Management Discussion and Analysis and a Schedule of Funding Progress, as required by accounting principles generally accepted in the United States of America.

# 3. Stewardship, Compliance, and Accountability

## A. Budgetary Information

The Town's budget is originally prepared by the Town Manager under the supervision of the Board of Selectmen. It is then reviewed by the Budget Recommendations Committee. The Board of Selectmen then finalizes the operating budget, which is subject to deliberative session under RSA 40:13.

The final version of the budget is then voted on by the general population at the ballot the second Tuesday in March of each year. Should the operating budget of the Town fail to pass, the Town operates under a default budget as described in RSA 40:13.

The approved budget is subsequently reported to the State of New Hampshire on the statement of appropriation form in order to establish the current property tax rate.

The Selectmen cannot increase the total of the approved budget; however, they have the power to reclassify its components when necessary.

# B. Budgetary Basis

The General Fund final appropriation appearing on the "Budget and Actual" page of the fund financial statements represents the final amended budget after all reserve fund transfers and supplemental appropriations.

# C. <u>Budget/GAAP Reconciliation</u>

The budgetary data for the general fund is based upon accounting principles that differ from generally accepted accounting principles (GAAP). Therefore, in addition to the GAAP basis financial statements, the results of operations of the general fund are presented in accordance with budgetary accounting principles to provide a meaningful comparison with budgetary data.

The following is a summary of adjustments made to the actual revenues and other sources, and expenditures and other uses, to conform to the budgetary basis of accounting.

Conoral Fund	Revenues and Other		Expenditures and Other
General Fund	Financing Sources		inancing Uses
Revenues/Expenditures (GAAP basis)	\$ 15,809,741	\$	15,486,172
Other financing sources/uses (GAAP basis)		_	409,877
Subtotal (GAAP Basis)	15,809,741		15,896,049
Adjust tax revenue to accrual basis	(134,403)		-
Reverse beginning of year appropriation carryforwards			(000 447)
from expenditures	•		(363,417)
Add end of year appropriation			
carryforwards to expenditures	-		48,700
To reverse NHRS on behalf contributions	(258,882)		(258,882)
Recognize use of fund balance			
as funding source	216,241	_	40
Budgetary basis	\$15,632,697	\$_	15,322,450

# D. Deficit Fund Equity

The following funds had deficits as of December 31, 2008:

Epping Road Construction	\$ (4,415,902)	(A)
Nonmajor Governmental:		
Great Bridge	\$ (173,774)	(B)
Water Treatment Design	\$ (63,566)	(B)
Stewart Park Seawall	\$ (105,794)	(B)
Police Grant Fund	\$ (2,865)	(A)
Planning Board Fund	\$ (33,894)	(A)

- (A) The deficits in these funds will be eliminated through future departmental revenues and bond proceeds.
- (B) The Town will develop a plan to address these deficits.

## 4. Cash and Short-Term Investments

Custodial Credit Risk - Deposits. Custodial credit risk is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. RSA 48:16 limits "deposit in any one bank shall not at any time exceed the sum of its paid-up capital and surplus, exception that a Town with a population in excess of 50,000 is authorized to deposit funds in a solvent bank in excess of the paid-up capital surplus of said bank." The Town does not have a deposit policy for custodial credit risk

As of December 31, 2008, the Town's bank balance of \$ 10,131,184 was not exposed to custodial credit risk. The Town's bank balances are fully insured and collateralized through additional collateral agreements with the financial institutions.

## 5. Investments

## A. Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. State law employs the prudent person rule whereby investments are made as a prudent person would be expected to act, with discretion and intelligence, to seek reasonable income, preserve capital, and, in general, avoid speculative investments.

Presented below (in thousands) is the actual rating as of year end for each investment of the Town:

		Rating
	Fair	as of
Investment Type	<u>Value</u>	Year End
Certificates of deposits	\$ 81	N/A
Corporate equities	230	N/A
Corporate bonds	14	A2
Mutual funds	28	N/A
State investment pool	7	N/A
Total investments	\$ <u>360</u>	

## B. Custodial Credit Risk

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g. broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral

securities that are in the possession of another party. The Town does not have policies for custodial credit risk.

Of the investment in Corporate bonds of \$ 14,064, mutual funds of \$ 27,489, and pooled funds of \$ 7,321, the government has a custodial credit risk exposure of \$ 48,874 because the related securities are uninsured, unregistered and held by the Town's brokerage firm, which is also the Counterparty to these securities. However, of the \$ 7,321 in pooled funds, the Town is invested in the New Hampshire State Investment Pool.

## C. Concentration of Credit Risk

The Town places no limit on the amount the Town may invest in any one issuer. Investments in any one issuer (other than U.S. Treasury securities and mutual funds) that represent 5% or more of total investments are:

Bank of the Commonwealth (CD)	\$ 20,027
Carolina First Bank (CD)	\$ 25,270
Irwin Union Bank & Trust (CD)	\$ 25,780

## D. Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Information about the sensitivity of the fair values of the Town's investments to market interest rate fluctuations is as follows:

		Investment Maturities (in Years)
	Fair	
Investment Type	<u>Value</u>	<u>6-10</u>
Corporate bonds	\$ 14	\$ 14
Total	\$14	\$

# E. Foreign Currency Risk

Foreign currency risk is the risk that changes in foreign exchange rates will adversely affect the fair value of an investment. The Town does not have policies for foreign currency risk.

## 6. Taxes Receivable

The Town bills property taxes semi-annually, in May and November. Property tax revenues are recognized in the fiscal year for which taxes have been levied. Property taxes are due on July 1 and December 1. Delinquent accounts are charged 12% interest. In March of the next year, a lien is recorded on delinquent property at the Registry of Deeds. The Town purchases all the delinquent accounts by paying the delinquent balance, recording costs and accrued interest. The accounts that are liened by the Town will be reclassified from property taxes receivable to unredeemed tax liens receivable. After this date, delinquent accounts will be charged interest at a rate of 18%. The Town annually budgets amounts (overlay for abatements) for property tax abatements and refunds.

Taxes receivable at December 31, 2008 consist of the following (in thousands):

Property Taxes			
2008	\$ 4,885		
2007	239_		
			5,124
Unredeemed			
2006	151		
2005 & prior	11		
			162
Land Use			115
Yield Taxes			2
Total		\$_	5,403

# 7. <u>Intergovernmental Receivables</u>

This balance represents reimbursements requested from Federal and State agencies for expenditures incurred in fiscal 2008.

# 8. <u>Interfund Fund Receivables/Payables</u>

Although self-balancing funds are maintained, most transactions flow through the general fund. In order to obtain accountability for each fund, interfund receivable and payable accounts must be utilized. The following is an analysis of the December 31, 2008 balances in interfund receivable and payable accounts:

<u>Fund</u>	Due From <u>Other Funds</u>	Due To Other Funds
General fund	\$ 142,186	\$ 171,000
Capital Project Funds	105,895	193,936
Special Revenue Funds: Water Sewer	206,845	- 118,804
Trust and Agency Funds: Expendable Trusts	171,000	142,186
Total	\$ 625,926	\$ 625,926

# 9. Accounts Payable and Accrued Expenses

Accounts payable represent additional 2008 expenditures paid after December 31, 2008.

# 10. Due to Other Governments

The school district assessments for the period July 1, 2008 through June 30, 2009 were \$ 10,760,944 for the Exeter School District and \$ 12,666,736 for the Exeter Regional Cooperative. The school district assessments are paid in monthly installments. As of December 31, 2008, \$ 5,644,612 and \$ 7,108,408 was paid, respectively, leaving a total balance of \$ 10,674,660 to be paid through June 30, 2009.

# 11. Anticipation Notes Payable

The Town had the following notes outstanding at December 31, 2008:

Bond anticipation note	Interest Rate 3.72%	Date of <u>Issue</u> 11/09/08	Date of Maturity 05/08/09 \$	Balance at <u>12/31/08</u> 2,030,000
Bond anticipation note	5.1270	11/03/00	υσιουίου ψ	2,000,000
State revolving fund note payable	1.00%	07/16/03	upon construction completion	3,129,704
Tax anticipation note	3.50%	12/02/08	01/05/09	1,500,000
Total			\$	6,659,704

The following summarizes activity in notes payable during fiscal year 2008:

		Balance Beginning of Year		New Issues		Maturities		Balance End of <u>Year</u>
Bond anticipation	\$	2,030,000	\$	2,030,000	\$	(2,030,000)	\$	2,030,000
State revolving fund	Ψ	1,927,643	Ψ	1,202,061	Ψ	-	Ψ	3,129,704
Tax anticipation note		**		1,500,000	_	_	_	1,500,000
Total	\$	3,957,643	\$_	4,732,061	\$_	(2,030,000)	\$_	6,659,704

# 12. Capital Lease Obligations

The Town is the lessee of certain equipment under capital and operating leases expiring in various years through 2010. Future minimum lease payments under the capital and operating leases consisted of the following as of December 31, 2008:

		Capital
		<u>Leases</u>
2009	\$	112,468
2010	_	74,822
Total minimum lease payments		187,290
Less amounts representing interest	_	(11,617)
Present Value of Minimum Lease Payments	\$_	175,673

# 13. Long-Term Debt

# A. General Obligation Bonds

The Town issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for governmental activities. General obligation bonds currently outstanding are as follows:

			Amount
	Serial		Outstanding
	Maturities	Interest	as of
Governmental Activities:	Through	Rate(s) %	December 31, 2008
General and Sewer	09/01/16	4.0 - 4.5%	\$ 680,000
General and Sewer	07/01/11	2.49%	627,143
Conservation Land	05/01/15	3.90%	2,100,000
Stewart Park Seawall	12/01/09	4.10%	84,000
Sewer	12/01/22	3.98%	302,749
Water Treatment Plan Design	06/01/09	1.58%	270,868
Total Governmental Activities:			\$ 4,064,760

## B. Future Debt Service

The annual principal payments to retire all general obligation long-term debt outstanding as of December 31, 2008 are as follows:

Governmental		<u>Principal</u>		Interest		Total
2009	\$	970,540	\$	144,563	\$	1,115,103
2010		615,672		116,842		732,514
2011		615,672		95,688		711,360
2012		406,625		74,533		481,158
2013		406,625		58,488		465,113
2014-2018		963,126		87,813		1,050,939
2019-2022	_	86,500	_	8,598		95,098
Total	\$_	4,064,760	\$_	586,525	\$ _	4,651,285

The following governmental funds have been designated as the sources to repay the governmental-type general obligation long-term debt outstanding as of December 31, 2008:

Water 270 Sewer 744	1 262
Sewer 744	7,000
	1,866
Total \$_4,064	1 760

# C. Changes in General Long-Term Liabilities

During the year ended December 31, 2008, the following changes occurred in long-term liabilities (in thousands):

	Total Balance 1/1/08	A	<u>dditio</u>	<u>ns</u>	Reductions	Total Balance 12/31/08	Less Current <u>Portion</u>	Equals Long-Term Portion 12/31/08
Governmental Activities Bonds payable Other:	\$ 5,310,900	\$	-	\$	(1,246,140) \$	4,064,760	\$ (970,540) \$	3,094,220
Capital leases	288,012		-		(112,339)	175,673	 (104,276)	71,397
Totals	\$ 5,598,912	\$_	-	_ \$ .	(1,358,479) \$	4,240,433	\$ (1,074,816) \$	3,165,617

# 14. Reserves of Fund Equity

"Reserves" of fund equity are established to segregate fund balances which are either not available for expenditure in the future or are legally set aside for a specific future use.

The following types of reserves are reported at December 31, 2008:

<u>Reserved for Encumbrances</u> - An account used to segregate that portion of fund balance committed for expenditure of financial resources upon vendor performance.

<u>Reserved for Perpetual Funds</u> - Represents the principal of the nonexpendable trust fund investments. The balance cannot be spent for any purpose; however, it may be invested and the earnings may be spent.

Reserved for Other Purposes - Represents amounts segregated to cover deficits reported in nonmajor governmental funds without a specific funding source.

# 15. Commitments and Contingencies

<u>Outstanding Lawsuits</u> - There are several pending lawsuits in which the Town is involved. The Town's management is of the opinion that the potential future settlement of such claims would not materially affect its financial statements taken as a whole.

<u>Grants</u> - Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount of expenditures which may be disallowed by the grantor cannot be determined at this time, although the Town expects such amounts, if any, to be immaterial.

## 16. Retirement System

The Town follows the provisions of GASB Statement No. 27, Accounting for Pensions for State and Local Government Employees, with respect to the employees' retirement funds.

### A. Plan Description

Full-time employees participate in the State of New Hampshire Retirement System (the System), a multiple-employer contributory pension plan and trust established in 1967 by RSA 100-A:2 and is qualified as a tax-exempt organization under Sections 401(a) and 501(a) of the Internal Revenue Code. The plan is a contributory, defined benefit plan providing service, disability, death and vested retirement benefits to members and their beneficiaries. Substantially all full-time state employees, public school teachers and administrators, permanent firefighters and permanent police officers within the State of New Hampshire are eligible and required to participate in the system. Full-time employees of political subdivisions, including counties, municipalities and school districts, are also eligible to participate as a group if the governing body of the political subdivision has elected participation.

The New Hampshire Retirement System, a Public Employees Retirement System (PERS), is divided into two membership groups. State or local employees and teachers belong to Group I. Police officers and firefighters belong to Group II. All assets are held in a single trust and are available to each group, funding policies, vesting requirements, contribution requirements and plan assets available to pay benefits are disclosed in the System's annual report available from the New Hampshire Retirement System located at 4 Chenell Drive, Concord, New Hampshire 03301-8509.

## B. Funding Policy

Plan members are required to contribute a percentage of their gross earnings to the pension plan, which the contribution rates are 5% for employees and teachers and 9.3% for police and fire. The Town makes annual contributions to the pension plan equal to the amount required by Revised Statutes Annotated 100-A:16, and is 3.7% for teachers and 6.81% for all other covered employees. The Town's contributions to the System for the years ended December 31, 2008, 2007, and 2006 were \$762,084, \$698,745, and \$439,926, respectively, which were equal to its annual required contributions for each of these years.

The payroll for employees covered by the System for the year ended December 31, 2008, was unavailable. Contribution requirements for the year ended December 31, 2008, were as follows:

State of New Hampshire	\$ 258,882
Town	762,084
Employees' contributions	478,706
Total	\$ 1,499,672

# 17. Post-Employment Health Care and Life Insurance Benefits

In addition to the pension benefits described in a previous note, the Town provides post-employment health care and life insurance benefits, in accordance with state statute RSA 100-A:50, to participating retirees. Presently the Town finances these benefits on the pay-as-you-go basis and does not contribute to a qualified plan (trust) as defined by *GASB Statement No. 43 Financial Reporting for Post-Employment Benefit Plans Other Than Pension Plans.* The number of participants currently eligible to receive benefits and cost of benefits for retirees, their dependents, or their survivors for year-ended December 31, 2008 was not available.

GASB Statement No. 45, Financial Reporting by Employers for Post-Employment Benefits Other Than Pensions was effective December 31, 2008.

The Town plans to fully implement GASB 45 in fiscal 2009.

# 18. Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the government carries commercial insurance. There were no significant reductions in insurance coverage from the previous year and have been no material settlements in excess of coverage in any of the past three fiscal years.

CERTIFICATION

This is to certify that the information contained in this report was taken from official records and is complete to the best of our knowledge and belief.

Signatures of a majority of the governing body:

William & Cong Dulne D. G. Umgun

#### **GENERAL INSTRUCTIONS**

Three copies of this report are sent to each municipality. Selectmen, treasurer and tax collector are expected to cooperate in making out this report. When completed, one copy should be returned to the Department of Revenue Administration and one copy should be placed in your municipal records. The third copy is for the use in preparing the annual printed report for the voters.

Please be sure you have completed Part IX, items A-D.

WHEN TO FILE: (R.S.A. 21J)

For cities/towns reporting on a calendar year basis, this report must be filed on or before April 1.

For cities/towns reporting on an optional fiscal year basis (year ending June 30), this report must be filed on or before September 1.

WHERE TO FILE

Department of Revenue Administration State of New Hampshire Community Services Division PO Box 487 Concord, NH 03302-0487

## CAPITAL IMPROVEMENT PROGRAM

Background: The CIP is a critical component of the strategic plan for Exeter. This plan identifies the capital needs of the town and indicates how these needs will be funded over a six-year period. It outlines long-term capital projects for highway, police, fire, parks and recreation, and other departments.

The CIP is primarily a planning document. As such, it is updated annually and subject to change as the needs of the town become more defined and the adopted projects move closer to final approval. The effective use of a CIP process provides for considerable advance project identification, public discussion, project design and definition of scope, cost estimating, and financial planning.

The objectives used to develop the CIP include:

- To preserve and improve the basic infrastructure of Exeter through public facility construction, rehabilitation and maintenance;
- To maximize the useful life of capital investments by scheduling major renovations and modifications at the appropriate time in the life-cycle of the facility;
- To identify and examine current and future infrastructure needs and establish priorities among projects so that available resources are used to the town's best advantage; and
- To improve financial planning by comparing needs with resources, estimating future bond issues, and identifying potential fiscal implications.

The CIP, conforms to the requirements of "Title LXIV Planning and Zoning; Chapter 674; Local Land Use Planning and Regulatory Powers; Capital Improvement Program; Section 674:5-7".

#### Purpose

The CIP is an advisory document that serves a number of purposes, among them:

- To provide a forward looking planning tool for the purpose of contributing to the creation of a stable real property tax rate;
- To aid the Town's elected officials, appointed committees, and department heads in the prioritization, coordination, and sequencing of various municipal and school improvements;
- To provide the Town with a guide to be used by the Municipal Budget Committee, Board of Selectman, and School Board for their annual budgeting process;
- To inform residents, business owners and developers of needed and planned improvements.

The goal of the CIP is to establish a system of procedures and priorities by which to evaluate public improvement projects in terms of public safety, public need, project continuity, financial resources, and the strategic goals for the Town. The CIP allows town departments to establish a methodology and priority system to continue providing efficient and effective services. It also provides an opportunity for citizens and interested parties to voice their requests for community improvement projects.

#### Responsibility and Process:

Development and revision of the CIP falls under the responsibility of the Planning Board. Several years ago, the planning board created a subcommittee made up of representatives from the planning board, budget committee and board of selectmen to carry out the many tasks related to project review and project prioritization. With administrative assistance from the Town Planner and the Town Manager the subcommittee meets with department representatives to discuss all projects within the six year plan and to make recommendations. Departments have the opportunity to make revisions and after a second round of discussions, the subcommittee ranks all the projects. The information is presented to the full planning board for additional recommendations. The Planning Board allows a final round of possible changes or additions prior to a final public hearing. After approval by the Board, the CIP is forwarded to the Board of Selectmen for their use during budget planning.

#### Definition:

The Capital Improvement Program Committee has defined any capital improvements as having a cost of at least \$25,000. Eligible items include new buildings or additions, land purchases, studies, substantial road improvements and purchases of major vehicles and equipment.

#### **About This Document:**

This report is divided into multiple sections which are as follows:

- Top Projects Based on CIP SubCommittee Rating: Pages 3-6. This section provides the reviewer with a background on how the committee rates the projects and provides both the overall top rated projects, as well as the top projects in each category.
- CIP Summary of Project by Year: Pages 7-10. This section provides the reviewer with a list of all projects within the next six years and includes the project number, title, year, priority ranking, and associated costs. Projects are organized in the following categories:
  - General Government (planning, town manager/selectmen, town-owned property and buildings),
  - o Public Safety Fire Department (projects and vehicles),
  - O Department of Public Works (engineering and highway, vehicles and equipment)
  - o Parks and Recreation (projects and vehicles)
  - Conservation Commission
  - Water Department (projects and vehicles)
  - Sewer Department (projects and vehicles)
- Financing Schematic for projects and vehicles: Pages 11-19. This section is provided by the Town Manager and provides information on funding.
- CIP Subcommittee Recommendations to Department Managers: Pages 20-26. This section is a summary table of information and recommendations provided to department representative during the project review.

- CIP Subcommittee Member Rating Tally Sheet: Pages 27-30. This section provides the reviewer
  with a complete list of rating values for each of the four members of the subcommittee for all
  2010 and 2011 projects.
- Project Worksheets: remainder of the document. This largest portion of this report is dedicated to providing information on all projects. This section is divided up in the same categories previously described.

Respectfully Submitted,

#### 2009 Planning Board CIP Subcommittee

Amy Bailey - Planning Board Rep.

Kathy Corson - Planning Board Rep.

Bob Eastman - Board of Selectmen Rep.

Christopher Moutis – Budget Committee Rep.

#### Staff

Sylvia von Aulock – Town Planner, Capital Project Coordinator

Russ Dean – Town Manager

#### Top Projects Based on CIP SubCommittee Rating

<u>Background</u>: The CIP Subcommittee is responsible for prioritizing the CIP projects. The process for doing so is quite extensive, beginning with a thorough project review. First, the committee meets with department representatives to discuss and understand the projects. Then, focusing primarily on projects scheduled for the next two years, the committee members rate the projects.

The present rating system was developed by the subcommittee in an effort to recognize how various project elements were more critical than others. A list of six elements was established, each element (see bulleted list) is associated with a weighted factor. For example "public safety/health/welfare" is considered 25% of the total score, whereas "partnership funding" is only 10% of the score. The Sub Committee members score each element from 0 to 10 points. To calculate the score or rate of the project, the weight is multiplied by the point value allotted by the subcommittee member and the scores for each element are added together.

A sample of a project's rating system is included below and a complete list of 2010/2011 rated projects by the four members can be found on sheets 29-31.

State of the State	Year		
B2. Communications Infrastructure Upgrade	2010	130,000	
	Weighting	Max Points	Score
Public Health/Safety/Welfare	25%	是了独自特殊10日	2.50
Identified Infrastructure Issues	22%		2.20
Operational Savings/ Cost Avoidance	15%	ati, ay a sala <b>8</b> s	1.20
According to Master Plan	15%	50.00 million 5	0.75
Partnership Funding	10%	(1889) <b>5</b> 1	0.50
Other Considerations	13%	\$146673.04 <b>10</b> /	1.30
Total Score of the Project			8.45

By rating the projects, the subcommittee provides the users of the report with a good idea of what they considered the most important projects. The tables below are the result of the subcommittee's rating of all the projects. This year the top overall projects are provided as well as the top projects in each category. Note: only 2010 and 2011 projects were rated. Also, it should be noted that both the average and median scores are provided. (See footnote for definition.)

Overall Top Seven Projects in 2010

Based on Average Rating Based on Median Rating Based on Median Rating H2: Sewer Line Rehabilitation

1	G1: Water Line Rehabilitation	9.71	1	H2: Sewer Line Rehabilitation	9.81
2	G2: Water Option Evaluation	9.53	2	H1: Infiltration/Inflow Abatement	9.81
3	D6: Drain Line Rehabilitation	9.49	3 D6: Drain Line Rehabilitation		9.79
4	D2: Portsmouth Ave Water Line Replacement	9.47	4	G1: Water Line Rehabilitation	9.75
5	H2: Sewer Line Rehabilitation	9.45	5	D2: Portsmouth Ave Water Line Replacement	9.69
6	D2: Portsmouth Ave Reconstruction	9.44	6 D2: Portsmouth Ave Sewer Line Replacement		9.69
7	H1: Infiltration/Inflow Abatement	9.30	7	G2: Water Option Evaluation	9.55

¹ Average Rating = total number of all four scores divided by four (there are four members rating the projects). Example: Project H1 scores are 9.5+9.5+10+8.35=37.35/4=9.34

² Median Rating discard the highest and lowest scores and average the remainder. Example: Project H1, the high and low scores are 10 and 8.35. This leaves 9.5+9.5=19/2=9.5

#### ASSESSING DEPARTMENT

The Assessing Office has once again had an interesting year. Although the real estate market has declined in value and slowed considerably, the assessment process still has a constant day-to-day workload that is overseen by State law and assessment procedures. Abatements, State appeals, Current Use, Timber Tax, tax map updating, deeds, and hundreds of daily assessment changes for a variety of reasons keep the assessing office busy. Accurate assessment data from name changes and address changes to proportional value assessment data is one of the main objectives of this Assessing Office.

The office has been processing monthly deed transfers, scanning the deeds onto the Vision property records, and conducting a sales ratio study for the State. We are also continually accepting and reviewing Elderly Exemptions, Veterans Credits, and Disabled exemptions.

Over the year, hundreds of building permits are field reviewed and revalued for their improvements, while subdivided lots, plot plans, and land splits are also reviewed and revalued. The public can now view all assessment data and tax map information along with other useful links on the Internet by going to the Town web site and going to the Assessing Department tab.

2009 saw the first year in seventeen where assessment values were not adjusted to market value. All property assessments are at the April 1,2008 tax base level with a 2009 equalization ratio established by the State at 1.075%. The assessment process is not utilized to raise or lower taxes by individuals, but to be sure that all owners of similar classes of property are sharing the burden equitably. The assessment value does not raise or lower the tax bill on a property, that is a result of budgetary requirements.

Information regarding the Veterans Credit, Elderly Exemption, Disabled exemption, Current Use land assessment, and Timber Tax applications and procedures are all-available in the Assessing Office.

As another year passes, I would like to thank the property owners of Exeter for their support and understanding in running a successful assessment program. I am anticipating that 2010 will be a busy and productive year.

Respectfully submitted,	2009 Tax F	Rate	
	Town	\$6.63	29.31%

# **Benefit Information for Full-time Employees**

Health Insurance: \$ 2,019,168
Dental Insurance: \$ 146,205
Life Insurance: \$ 11,761

Retirement:

Town Employees: \$ 322,992
Police: \$ 184,858
Fire: \$ 304,809
Library: \$ 23,741

TOTAL: \$3,013,534

### **Town Benefit Contributions**

Bargaining Unit	Health ins. <i>until</i> 6/30/10	Health ins. after 7/1/10	Dental	Life
Salaried Employees	97%	94%	100%	100%
Firefighters Assoc.	88%	88%	100%	100%
Police Association	100%	undetermined	100%	100%
SEIU Local 1984	90%	88%	100%	100%

Two health plans are offered: Anthem Blue Choice and Matthew Thornton. Single, 2-Person and family plans are offered for health and dental insurance. All plans begin the 1st of the month following 30 days of employment. The Town provides dental coverage through NE Delta Dental. Basic life insurance coverage of \$25,000 is given to full-time employees effective on the 1st of the month following 30 days of employment. Salaried employees received coverage equal to their salary and not to exceed \$50,000.

## Sick Leave Accrual

Bargaining Unit	Days earned	per	Days earned	Maximum Days
	month		per year	Accumulation
Firefighters Assoc.	1		12	120
Police Association	1.5		18	105
SEIU Local 1984	1.25		15	120

Unused sick leave will be paid, upon retirement, at one half the employee's regular rate of pay for employees who have completed 25 years of service (20 years for Police and Fire).

Personal Leave: Full time employees earn 3 days per year (pro-rated in first year based on date of hire).

### **Vacation Leave Accrual**

Bargaining Unit	After 1 year	After 2 years	After 5 years
Firefighters Assoc.	48 hrs	96 hrs	144 hrs
Police Association	5 days	10 days	15 days
SEIU Local 1984	5 days	10 days	15 days

**NH Retirement:** All new employees join NHRS Group I, with the Town contributing 9.16%; Police and Fire personnel join Group II with contributions of 13.66% for Police and 17.28% for Fire.

<u>Deferred Compensation (Plan 457):</u> Those employed with the Town before 11/1/02 may choose the NHRS plan, however all new hires after that date must participate in the NHRS. The Town also offers 457 Plans through ING and PFPOPE without Town contributions.

COMPARISON BUDGET

## EXETER TOWN WARRANT – 2010

To the inhabitants of the Town of Exeter, in the County of Rockingham, in said State, qualified to vote on Town affairs. You are hereby notified to meet at the Town Hall, Front Street in said Exeter on Saturday, January 30, 2010 at 9:00 AM for the purpose of transacting all business other than voting by official ballot and, thereafter, to meet on Tuesday, March 9, 2010, between 7:00 AM and 8:00 PM at the Talbot Gymnasium on Linden Street, in said Exeter, to elect officers, vote on zoning articles and to vote on all warrant articles from the first session by official ballot.

Article 1: To choose the following: 2 Selectmen for a 3-year term; 1 Supervisor of the Checklist for a 6-year term; 3 Trustees of the Library for 3-year terms; 1 Trustee of the Robinson Fund for a 7-year term; 1 Trustee of Trust Funds for a 3-year term; 1 Trustee of Swasey Parkway for a 3-year term; 1 Trustee of the Library to fill an unexpired term.

Article 2: Are you in favor of the adoption of Amendment #1 as proposed by the Planning Board for the Town Zoning Ordinance as follows: To delete existing definition for "Variance", Section 2.2.75 in its entirety and replace with definition in accordance with NH RSA 674:33, I (b), effective 1/1/2010. (Full text is available at the Planning Department in the Town Office at 10 Front Street).

<u>NOTE</u>: This amendment is proposed so that the town will be in compliance with state regulations.

Article 3: Are you in favor of the adoption of Amendment #2 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 4, Schedule 1 Notes: #2 Accessory Dwelling Units by deleting subsection (e) in its entirety and replacing with the following: The accessory dwelling unit is limited to 720 sq. ft.

<u>NOTE</u>: This amendment is proposed to clarify existing language.

Article 4: Are you in favor of the adoption of Amendment #3 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 5.1 Non-Conforming Uses by revising section 5.1.2, 5.1.4A and deleting 5.1.4.B-D, and revising 5.2. Special Exception Criteria subsection H. as follows:

- 5.1.2 Expansion of: Expansion of a non-conforming use is prohibited except by variance.
  - A. The non-conforming use may not be physically extended, reconstructed, enlarged or structurally altered so as to create changes in said use except in conformity with this Ordinance.
  - B. Any change in the purpose, manner, or extent of a non-conforming use is permitted only by variance.

### 5.1.4 Continuance of

- A. A non-conforming use shall be allowed to continue as long as its purpose, manner or extent does not change. (The remainder of the existing section to be deleted.)
- 5.2.H. That the use shall not adversely affect abutting or nearby property values.

<u>NOTE</u>: This amendment is proposed to regulate expansion of nonconforming uses by requiring variance approval from the Zoning Board of Adjustment for such expansions, to clarify existing language, and to correct inconsistencies.

Article 5: Are you in favor of the adoption of Amendment #4 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 7.2 Open Space Development, Objectives by adding the following two objectives:

- 7.2.6 To preserve those areas of the site that have the highest ecological value, for example, wildlife habitat including rare and exemplary species and habitats, water resources, wetlands, streams and rivers.
- 7.2.7 To create a contiguous network of open spaces or "greenways" by linking the common open spaces within the subdivision and to open space on adjoining lands wherever possible.

<u>NOTE</u>: This amendment is proposed to further define the objectives of this ordinance.

Article 6: Are you in favor of the adoption of Amendment #5 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 7.3 Open Space Development, Definitions by adding the following definition:

**7.3.4** Greenways: A contiguous network of open space providing connectivity and movement between larger tracts of protected land.

<u>NOTE</u>: This amendment is proposed to define language used within the article.

- Article 7: Are you in favor of the adoption of Amendment #6 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 7.5 Single Family Open Space Development by revising the language in subsection 7.5.1 as follows:
  - 7.5.1 The minimum area for a Single-family Open Space Development shall not be less than five (5) acres of contiguous land where single family open space is permitted.

<u>NOTE</u>: This amendment is proposed to create consistent allowances within the article.

Article 8: Are you in favor of the adoption of Amendment #7 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 7.5.6 Single Family Open Space Development Internal Setback Requirements by changing title, inserting a new subparagraph C, and replacing the current subparagraph C with the following:

# 7.5.6 Internal Dimensional Requirements

**7.5.6.C.** Detached single family units on one parcel shall be set apart from each other a minimum of twenty-five (25) feet.

7.5.6.D Structures shall be a minimum of fifteen (15) feet from side yard property lines and (twenty) 20 feet from rear yard property lines.

<u>NOTE:</u> This amendment is proposed to create setbacks that are similar to those allowed in a standard subdivision while allowing some additional flexibility.

Article 9: Are you in favor of the adoption of Amendment #8 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Amend Article 9.1 Wetlands Conservation District by in its entirety. (Full text is available at the Planning Department in the Town Office at 10 Front Street).

<u>NOTE:</u> This amendment is proposed to define the wetland conservation overlay district; to clarify the purpose and intent of the ordinance; to define wetland buffers and applicable setbacks; to outline permitted, conditional and prohibited uses within the district; and to provide general administrative guidance for development within the district.

Article 10: Are you in favor of the adoption of Amendment #9 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amend the following articles in conjunction with the expansion of the Healthcare District.

Amend Article 3.2 Zoning Map by expanding the Health Care District as depicted on Plan entitled "Zoning Amendment Proposal - Healthcare District Proposed Lines" dated Nov. 5th 2009, (Map available at the Planning Department in the Town Office at 10 Front Street).

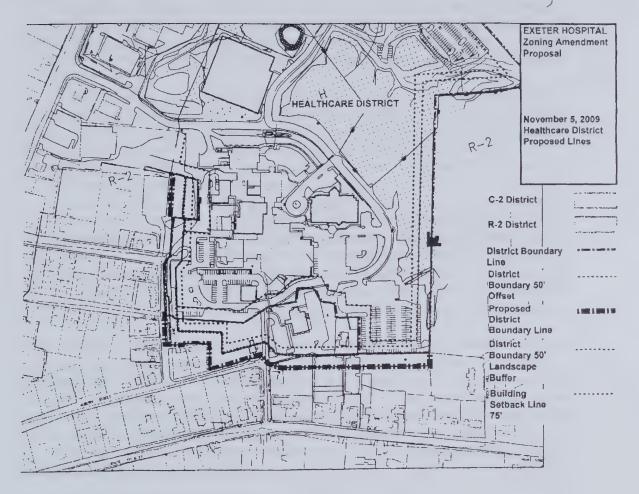

Amend Article 6.16 Healthcare District by replacing subsection 6.16.3 to read as follows:

**6.16.3** Parking Setbacks: No additional, or enlarged, parking areas shall be installed in the Healthcare District within fifty feet (50) of where the Healthcare District adjoins any residential district or residential uses.

Amend Article 6.16 Healthcare District by adding two new subsections 6.16.4 and 6.16.5 as follows:

- **6.16.4** Landscape Buffer: In addition to the building and parking setbacks in 6.16.2 and .3, the Planning Board, in its consideration of site plan review applications for site development or redevelopment within the Healthcare District, shall require landscaping and screening within the fifty (50) foot perimeter setback from any adjacent residential district or residential uses.
- 6.16.5 The portion of any building constructed within seventy five (75) feet of the boundary of the Healthcare District with any residential zone shall not exceed the height allowed in the adjoining residential zone. The Planning Board, when considering site plan review applications for construction of a portion of any building located more than seventy give (75) feet from said boundary which will have a height greater than that allowed in the adjoining residential zone, shall require the applicant to submit shadow studies evaluating the impact of the proposed construction on adjoining residentially zoned property.

<u>NOTE:</u> This amendment is proposed to expand the healthcare district boundary to encompass existing healthcare related uses and in conjunction with Exeter Hospital's Master Plan. Also, to better define buffers, setbacks and other limitations/requirements within the district.

Article 11: To choose all other necessary Town Officers, Auditors or Committees for the ensuing year.

Article 12: To see if the Town will vote to raise and appropriate the sum of \$1,600,000 for the purpose of design, rehabilitation and replacement of public water lines, and to authorize the issuance of not more than \$1,600,000 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33), and to authorize the Board of Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore, to authorize the Board of Selectmen to apply to the NHDES Drinking Water State Revolving Fund (SRF) for reduced interest loans. Debt service on this project will be paid from the water fund. A 3/5 ballot vote is required for passage. (The Board of Selectmen recommends this appropriation 5-0).

Article 13: To see if the Town will vote to raise and appropriate the sum of \$1,050,000 for the purpose of design, rehabilitation and replacement of public sewer lines, and to authorize the issuance of not more than \$1,050 000 of bonds or notes in accordance with

the provisions of the Municipal Finance Act (RSA 33), and to authorize the Board of Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore, to authorize the Board of Selectmen to apply to the NHDES Wastewater State Revolving Fund (SRF) for reduced interest loans. Debt service on this project will be paid from the sewer fund. A 3/5 ballot vote is required for passage. (The Board of Selectmen recommends this appropriation 5-0).

Article 14: To see if the town will vote to raise and appropriate the sum of Three-Hundred Twenty Thousand Dollars (\$320,000) for the Water Street Diversion Structure Piping Improvements project, to be added to the amount authorized by Article 1 of the May 27, 2009 Special Town Meeting, and to authorize the issuance of not more than One Hundred Sixty Thousand Dollars (\$160,000) in bonds, notes or SRF loans in accordance with the provisions of the Municipal Finance Act, and to authorize the town to issue and negotiate such bonds, notes or SRF loans and to determine the rate of interest thereon; furthermore, to authorize the acceptance of grants under the American Recovery and Reinvestment Act of 2009 in the amount of Fifty Percent (50%) of the eligible project cost with the balance to be raised by sewer user fees. This appropriation is contingent upon receipt of American Recovery and Reinvestment Act 2009 Federal Stimulus Funding. A 3/5 ballot vote is required for passage. (The Board of Selectmen recommends this appropriation 5-0).

Article 15: Shall the Town of Exeter raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$19,806,261. Should this article be defeated, the default budget shall be \$19,519,841, which is the same as last year, with certain adjustments required by previous action of the Town of Exeter or by law, or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. (The Board of Selectmen recommends this appropriation 3-2).

Article 16: To see if the Town will vote to approve the cost items included in the collective bargaining agreement reached between the Board of Selectmen and the Exeter Fire Association which calls for the following salaries and benefits at the current staffing levels:

Year	Estimated Increase
FY10	\$112,383
FY11	\$58,953
FY12	\$73,139

And further, to raise and appropriate the sum of one-hundred nine thousand eight hundred and sixty-three dollars (\$109,863) for the 2010 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels. The balance of the first year estimated increase

(\$2,520) is part of the FY10 Fire Department budget or available in other town funds. (The Board of Selectmen recommends this appropriation 5-0).

Article 17: To see if the Town will vote to approve the cost items included in the collective bargaining agreement reached between the Board of Selectmen and the Exeter Police Association which calls for the following salaries and benefits at the current staffing levels:

Year	Estimated Increase
FY10	\$162,272
FY11	\$47,801
FY12	\$53,738
FY13	\$53,858

And further, to raise and appropriate the sum of one-hundred seven thousand four hundred nineteen dollars (\$107,419) for the 2010 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels. The balance of the first year estimated increase (\$54,853) is part of the FY10 Police Department budget or available in other town funds. (The Board of Selectmen recommends this appropriation 5-0).

Article 18: To see if the Town will vote to raise and appropriate, per authorization granted the Board of Selectmen via Article 17 of the 2005 Town Meeting, the sum of two-hundred seventy-five thousand dollars (\$275,000) for the purpose of purchasing Tax Map 47, Lot 4.11 situated at 6 Continental Drive and containing 2.05 acres plus or minus, for municipal use as a public safety facility, and to fund this appropriation by authorizing the transfer of \$249,333 from the undesignated fund balance (surplus) as of December 31, 2009, with the balance of the appropriation (\$25,667) to be raised by taxation. (The Board of Selectmen recommends this appropriation 5-0).

Article 19: To see if the Town will vote to establish a Non-Capital Reserve Fund under the provisions of RSA 35:1-c for the purposes of maintaining municipal buildings, and to raise and appropriate the sum of one hundred thousand dollars (\$100,000) to be placed in this fund, and to appoint the Selectmen as agents to expend from the fund. (The Board of Selectmen recommends this appropriation 5-0).

Article 20: To see if the Town will vote to authorize the Board of Selectmen to enter into a 10-year lease/purchase agreement for the purpose of lease/purchasing a replacement for the 1989 Pierce Arrow Pumper (E4) for the Exeter Fire Department, disposal of the 1989 Engine 4 and also sale of Engine 2, and to raise and appropriate the sum of sixty-six thousand, nine hundred twenty-three dollars (\$66,923), which represents the first of 10 annual payments (a total of \$565,418), for that purpose. This lease contains an escape clause. (The Board of Selectmen recommends this appropriation 5-0).

<u>NOTE</u>: The payment of the first year will be made from funds made available through the adoption of Article 21.

Article 21: To see if the Town will vote to discontinue to the Vehicle Replacement Capital Reserve Fund established by the 2007 Town Meeting and return the balance in the fund to the general fund. These funds will be used to offset the cost of Article 20 of this warrant.

Article 22: To see if the Town will vote to raise and appropriate one hundred thousand dollars (\$100,000), through special warrant article, for the purpose of studying the feasibility of removing the Great Dam, including wetlands evaluation, channel profiling, modeling sediment transport, scour analysis and archaeological surveying, and further to allow the Board of Selectmen to accept a watershed assistance grant in the amount of \$60,000 from the NH Department of Environmental Services to offset the total one-hundred thousand dollar (\$100,000) project cost. (The Board of Selectmen recommends this appropriation 5-0).

Article 23: To see if the Town will vote to establish a Non-Capital Reserve Fund under the provisions of RSA 35:1-c for the purposes of funding deficits in the snow and ice budget from year to year, and to raise and appropriate the sum of thirty-five thousand dollars (\$35,000) to be placed in this fund, and to appoint the Selectmen as agents to expend from the fund. (The Board of Selectmen recommends this appropriation 5-0).

Article 24: To see if the Town will vote to raise and appropriate the sum of thirty-one thousand dollars (\$31,000) for the purpose of funding senior transportation in 2010 and to fund this appropriation by authorizing the withdrawal of that amount from the Municipal Transportation Improvement Capital Reserve Fund created per RSA 261:153. VI, with no amount to be raised by taxation:

Agency	Amount
TASC	\$16,000
Taxi Ticket Program	\$6,000
Rockingham MOW Transportation	\$9,000

The Agencies shall continue to provide to the Town a report of services provided to residents. (The Board of Selectmen recommends this appropriation 5-0).

Article 25: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of eighteen thousand seven hundred and seventy-seven dollars (\$18,777), for the support of COAST, an agency providing regular bus service to the Town. (The Board of Selectmen recommends this appropriation 5-0).

Article 26: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of eleven thousand dollars (\$11,000), for support of the Rockingham Community Action Program, an agency providing a range of support services to residents including but not limited to health insurance counseling, emergency food and fuel assistance, and job training. (The Board of Selectmen recommends this appropriation 5-0).

Article 27: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of eleven thousand dollars (\$11,000) for support of Child and Family Services, Inc., an agency providing counseling and support services for families. (The Board of Selectmen recommends this appropriation 5-0).

Article 28: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of nine thousand dollars (\$9,000) for the purpose of defraying the cost of services provided to the Town of Exeter and its residents by Big Brothers/Big Sisters of the Greater Seacoast. (The Board of Selectmen recommends this appropriation 5-0).

Article 29: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of seven thousand eight hundred dollars (\$7,800) for support of the Rockingham Nutrition & Meals on Wheels program, a non-profit agency dedicated to promoting the health, well-being and independence of older and disabled adults throughout Rockingham County. (The Board of Selectmen recommends this appropriation 5-0).

Article 30: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of seven thousand five hundred dollars (\$7,500) for support of the Seacoast Hospice, an agency providing support services for those families suffering through a terminally ill diagnosis. (The Board of Selectmen recommends this appropriation 5-0).

Article 31: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of six thousand three hundred dollars (\$6,300), for the support of the Richie McFarland Children's Center, an agency providing developmental instruction to children under the age of 3. (The Board of Selectmen recommends this appropriation 5-0).

Article 32: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of five thousand eight hundred dollars (\$5,800), for the support of Lamprey Health Care, an agency providing medical and transportation services. (The Board of Selectmen recommends this appropriation 5-0).

Article 33: To see if the Town will vote to raise and appropriate, through special warrant article, the sum of ten thousand dollars (\$10,000) for the purpose of performing maintenance activities along the Swasey Parkway, including Spring clean up, mowing, pruning and fall clean up, with said funds to be spent under the direction of the Swasey Parkway Trustees with the concurrence of the Board of Selectmen. (The Board of Selectmen recommends this appropriation 5-0).

Article 34: To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purposes of funding projects to improve energy use and efficiency, carbon emission reduction and use of renewable energy sources for municipal infrastructure, and to raise and appropriate the sum of five thousand dollars (\$5,000) to be

placed in this fund, and to appoint the Selectmen as agents to expend from the fund. (The Board of Selectmen recommends this appropriation 5-0).

Article 35: To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purposes of making capital improvements to the downtown area including Water, Front, and Lincoln Streets, and to raise and appropriate the sum of one thousand dollars (\$1,000) to be placed in this fund, and to appoint the Selectmen as agents to expend from the fund. (The Board of Selectmen recommends this appropriation 5-0).

Article 36: To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purposes of making capital improvements to the Exeter train station including land redevelopment improvements, and to raise and appropriate the sum of one thousand dollars (\$1,000) to be placed in this fund and to appoint the Selectmen as agents to expend from the fund. (The Board of Selectmen recommends this appropriation 5-0).

Article 37: To see if the Town will vote to establish a revolving fund pursuant to RSA 31:95-h, for the purpose of cable access; 50% of all revenues received from cable franchise fee revenues will be deposited into the fund, and the money in the fund shall be allowed to accumulate from year to year, and shall not be considered part of the Town's general fund unreserved fund balance. The Town Treasurer shall have custody of all moneys in the fund, and shall pay out the same only upon order of the governing body or Town Manager and no further approval is required by the legislative body to expend. Such funds may be expended only for the purpose for which the fund was created.

Article 38: To see if the Town will establish the number of members of the Budget Recommendations Committee at not more than (9) nine.

Article 39: To see if the Town will vote to accept the provisions of RSA 41-11-a, allowing the Board of Selectmen to rent or lease municipal property for a period of up to five years without further approval of Town Meeting.

Article 40: To see if the Town will authorize the extension of a municipal lease of the Raynes Farm for a period of more than one year.

Article 41: To see if the Town will vote to allow the Board of Selectmen and Town Manager to have the authority to order the Town Treasurer to make expenditures from the Recreation Revolving Fund previously established in 2005 under RSA 35-B:2.

Article 42: On petition of Christopher Moutis and others "To see if the Town will vote to prohibit the Town, its agents and/or representatives from eliminating the positions of Receptionist and Assessing Clerk of the Town of Exeter and to retain said positions regardless of whether the default budget or recommended budget is in place, thus upholding the recommendations of the Budget Recommendations Committee and of the

Selectmen to retain these same positions in the 2010 budget and allow continued service to Town residents."

Article 43: On Petition of Herbert Moyer and other registered Exeter voters, to see if the Town will vote to do the following:

"Shall New Hampshire's Congressional Delegation be instructed to pursue a new and independent investigation to address thoroughly all of the evidence and unanswered questions related to the events of September 11, 2001? (The record of the vote on this Article shall be transmitted by the Town of Exeter to New Hampshire's Congressional Delegation.)"

Article 44: On petition of Alan Bailey and others, "To see if the voters will agree that in accordance with Section 37:10 of Title III, Chapter 37 "Town or Village District Managers" the Exeter Town Manager will be compensated within the, in force, "Exeter Pay Plan for non-union employees" and that any multi-year compensation contract shall require the approval of a majority of voters at the annual Town meeting."

Article 45: To transact any other business that may legally come before this meeting.

Given under our hands and seal this 25 th day of January, 2010.

# **DEFAULT BUDGET OF THE TOWN**

OF: Town of Exeter

For the Ensuing	Year January 1,	2010 to December	er 31, 2010	
or Fiscal Year From		to		

RSA 40:13, IX (b) "Default budget" as used in this subdivision means the amount of the same appropriations as contained in the operating budget authorized for the previous year, reduced and increased, as the case may be, by debt service, contracts, and other obligations previously incurred or mandated by law, and reduced by one-time expenditures contained in the operating budget. For the purposes of this paragraph, one-time expenditures shall be appropriations not likely to recur in the succeeding budget, as determined by the governing body, unless the provisions of RSA 40:14-b are adopted, of the local political subdivision.

- 1. Use this form to list the default budget calculation in the appropriate columns.
- 2. Post this form or any amended version with proposed operating budget (MS-6 or MS-7) and the warrant.
- 3. Per RSA 40:13, XI, (a), the default budget shall be disclosed at the first budget hearing.

### **GOVERNING BODY (SELECTMEN)**

Budget Committee if RSA 40:14-b is adopted

Under penalties of perjury, I declare that I have examined the information contained in this form and to the best of my belief it is true, correct and complete

### EXETER SCHOOL DISTRICT

WARRANT BUDGET

FY 2010-2011

### EXETER SCHOOL DISTRICT WARRANT 2010 ANNUAL MEETING

To the inhabitants of the School District of the Town of Exeter, County of Rockingham, State of New Hampshire, qualified to vote upon District affairs:

### You are hereby notified to meet as follows:

**FIRST SESSION:** at the Lincoln Street School Library, Lincoln Street in said Exeter on Tuesday, February 2, 2010, at 7:00 pm for explanation, discussion, debate and possible amendment of the following warrant articles.

- 1. Shall the District raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant, or as amended by vote of the first session, for the purposes set forth therein totaling \$14,496,744? Should this article be defeated, the operating budget shall be \$14,685,970 which is the same as last year, with certain adjustments required by previous action of the District or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. (The School Board recommends \$14,496,744 as set forth on said budget.)
- 2. Shall the District approve the cost items included in the collective bargaining agreement reached between the Exeter School Board and the Exeter Paraprofessional Association (instructional aides and assistants) covering the three year period from September 1, 2010 to August 31, 2013 which calls for an increase in total salaries and a continuation of other non-salary benefits and salary increases so that the approximate increase in the cost of paraprofessional salaries and salary related benefits because of this agreement and step increases, where applicable, for each of the three years (subject to change resulting from changes in the number of paraprofessionals employed) over the preceding year will be: 2010-2011, \$50,837. For 2011-2012, the increase will range from 0% to 3% based upon the Consumer Price Index for the previous 12 months (assuming a 3% maximum the increase over 2010-2011 would be \$88,982). For 2012-2013, the increase will range from 0% to 3% based upon the Consumer Price Index for the previous 12 months (assuming a 3% maximum the increase over 2011-2012 would be \$93,896).

And, further to raise and appropriate the sum of \$50,837.00 for the 2010-2011 year, such sum representing the additional costs attributable to the increase in salaries and salary related benefits over those included as part of Article I, the 2010-2011 operating budget? Pursuant to RSA 273-A:12, the terms of this collective bargaining agreement, if approved, including the pay plan, but excluding cost of living increases, will continue in force and effect until a new agreement is executed. (The School Board recommends that the School District enter into this agreement and make the appropriation of \$50,837.)

- 3. Shall the District authorize the School Board to spend \$373,673 from the fund established by the voters in 1997 to offset the 2011-2012 Exeter Taxpayers share of the Exeter Region Cooperative School District's bond payment (principal and interest) for the new middle level cooperative school building? (The School Board recommends the approval of this article.)
  - 4. To hear reports of agents, auditors, and committees or officers heretofore chosen.
  - 5. To transact any other business which may legally come before the meeting.

**SECOND SESSION:** At the Talbot Gym at the Tuck Learning Campus on Linden Street in said Exeter on Tuesday, March 9, 2010, to choose the following School District Officer(s): two (2) school board members for three (3) year terms; School District Moderator for three (3) year term; School District Treasurer for three (3) year term and vote on the articles listed as 1, 2, and 3 above, as those articles may be amended at the First Session; by ballot, the polls to open at seven of the clock in the forenoon, and to close no earlier than eight of the clock in the evening.

Given under our hands at said Exe	ter on this 12 TH day of Janua	ary, 2010.

## EXETER REGIONAL COOPERATIVE SCHOOL DISTRICT

WARRANT BUDGET

FY 2010-2011

### 2010 SCHOOL DISTRICT WARRANT

### **EXETER REGION COOPERATIVE SCHOOL DISTRICT**

To the inhabitants of the Exeter Region Cooperative School District, County of Rockingham, State of New Hampshire qualified to vote upon District affairs:

You are hereby notified to meet as follows:

FIRST SESSION OF THE ANNUAL MEETING (Deliberative Session): In the Arthur L. Hanson III Center for the Performing Arts at Exeter High School, 1 Blue Hawk Drive in Exeter, New Hampshire on Thursday, February 4, 2010, at 7:00PM for explanation, discussion, debate, and possible amendment of the following warrant articles:

- 1. Shall the District raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$48,529,350? Should this article be defeated, the default budget shall be \$48,991,020, which is the same as last year, with certain adjustments required by previous action of the District or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. (The School Board and Budget Advisory Committee both recommend \$48,529,350 as set forth on said budget.)
- 2. Shall the District approve the cost items included in the collective bargaining agreement reached between the Exeter Region Cooperative School Board and the Exeter Area Administrators Association covering the two year period from July 1, 2010 to June 30, 2012 which calls for the following net increases in salaries and benefits at the current staffing levels:

Year	Estimated Increase
2010-11	\$ 28,510
2011-12	\$ 36,026

and further raise and appropriate the sum of \$28,510 for the 2010-11 fiscal year, such sum representing the additional costs attributable to the net increase in salaries and benefits required by the new agreement over those that would be paid at current staffing levels paid in the prior fiscal year? Pursuant to RSA 273-A:12, the terms of this collective bargaining agreement, if approved, including the pay plan, but excluding cost of living increases, will continue in force and effect until a new agreement is executed. (The School Board and Budget Advisory Committee both recommend this appropriation.)

3. Shall the District approve the cost items included in the collective bargaining agreement reached between the Exeter Region Cooperative School Board and the Exeter Education Association covering the three year period from September 1, 2010 to August 31, 2013 which calls for the following increases in salaries and benefits at the current staffing levels:

Year	Estimated Increase
2010-11	\$ 98,540
2011-12	\$ 894,984
2012-13	\$ 853,174

and further raise and appropriate the sum of \$98,540 for the 2010-11 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels paid in the prior fiscal year? Pursuant to RSA 273-A:12, the terms of this collective bargaining agreement, if approved, including the pay plan, but excluding cost of living increases, will continue in force and effect until a new agreement is executed. (The School Board and Budget Advisory Committee both recommend this appropriation.)

- 4. Shall the District raise and appropriate to the expendable trust fund known as the "Special Education Trust Fund" (established by the 2002 District meeting under RSA 198:20-c for the purpose of funding unanticipated special education expenses) the sum of the amount of the June 30, 2010 undesignated fund balance (surplus), up to \$100,000? (The School Board and Budget Advisory Committee both recommend this appropriation.)
- 5. Shall the District raise and appropriate to the expendable trust fund known as the "Maintenance Fund" (established by the 2001 District meeting under RSA 198:20-c for the purpose of funding long term and/or unexpected maintenance/repair projects of school buildings and grounds) the sum of the amount of the June 30, 2010 undesignated fund balance (surplus) after giving effect to any appropriation under Article 4, above, up to \$80,000? (The School Board and Budget Advisory Committee both recommend this appropriation.)
- 6. On the petition of Jeffrey P. Bryan and others:

To see if the Exeter Region Cooperative School District will vote to authorize the written statement of the recommendation or non-recommendation by the Budget Advisory Committee on any and all appropriations articles according to RSA 32:5v guidelines, to be printed on the school district warrant.

7. To see if the voters of the Exeter Region Cooperative School District direct the School Board to support any and all efforts of the New Hampshire School Boards Association to seek legislative repeal of RSA 273-A:12, Section VII., the provision in statute commonly referred to as the statutory "Evergreen Clause," to restore local control in the collective bargaining and school district budget processes. (The School Board recommends adoption of this article.)

- 8. To hear reports of agents, auditors, and committees or officers heretofore chosen.
- 9. To transact any other business which may legally come before the meeting.

**SECOND SESSION:** At the polling places designated below on Tuesday, **March 9**, **2010**, to choose the following School District Officers:

School District Board Member (Brentwood)	3-year Term Expiring 2013,
School District Board Member (Exeter)	3-year Term Expiring 2013,
School District Board Member (Kensington)	3-year Term Expiring 2013,
School District Moderator	1-year Term Expiring 2011,
Budget Committee Member (Exeter)	3-year Term Expiring 2013,
Budget Committee Member (Newfields)	3-year Term Expiring 2013,
Budget Committee Member (Stratham)	3-year Term Expiring 2013;

and vote on the articles listed as 1, 2, 3, 4, 5, 6, and 7, as those articles may be amended at the First Session; by ballot, the polls to be open at the polling places at the hours designated below:

VOTERS IN TOWN OF	POLLING PLACE	POLLING HOURS
Brentwood	Community Center	8:00 AM to 7:00 PM
East Kingston	East Kingston Elementary School Multi-purpose Room	8:00 AM to 7:00 PM
Exeter	Talbot Gymnasium Tuck Learning Campus	7:00 AM to 8:00 PM
Kensington	Kensington Elementary School Gymnasium	8:00 AM to 7:30 PM
Newfields	Newfields Town Hall	8:00 AM to 7:00 PM
Stratham	Stratham Municipal Center	8:00 AM to 8:00 PM

Given under our hands at Exerce AGIF on this 19th day of January, 2010.

### 2009-2010 REPORT OF THE SUPERINTENDENT OF SCHOOLS

With economic conditions continuing to impact families and communities locally and nationally, one of the most significant accomplishments of various groups and individuals connected with SAU 16 within this school year has been the incredible outpouring of assistance for those who have been dramatically affected by employment and housing difficulties.

### **Community Service**

From the Wright Start Pre-School and Marketing program at the Seacoast School of Technology (SST) to the Adult Education Program, to the Exeter High School Key Club and senior class, the rally cry resulted in tens of thousands of non-perishable food supplies for area food pantries and for holiday food baskets. Consider: The Jingle Bell Jaunt in Kensington, Community Outreach and the Builders' Club at the Cooperative Middle School, and the food drives held at Newfields Elementary, Lincoln Street School, Swasey Central School, East Kingston Elementary, Great Bay eLearning Charter School, and Stratham Memorial School. Together these efforts provided direct assistance to local families and echoed the support of the schools to help those in need.

This entire report could easily be filled with accounts of the thoughtfulness and generosity of so many individuals—students, families, and staff members—to so many worthwhile causes. Here are just a few to highlight: The Do Good Denim project collected over 2,500 pairs of jeans that were distributed among some of the North Country schools in Woodsville, Berlin, Gorham, Groveton, and Colebrook; SPCA in Stratham benefited from the collection of pet food, toys, and money to help animals; the Exeter Area Chamber of Commerce Children's Fund received support from students, parents, and staff who collected money to sustain efforts to provide winter clothing and bedding to needy families; the Pennies for Peace campaign raised money for the Central Asia Institute (founded by Greg Mortenson, author of *Three Cups of Tea*) that builds schools in Pakistan and Afghanistan.

In addition to the soliciting of clothes, blankets, and money, many of our schools participated in various direct service initiatives. This included a holiday card project that involved our students creating over 500 holiday cards which were distributed to local senior citizens through the Rockingham County Meals on Wheels program. The project was expanded this year to include cards for the Pease Greeters program which welcomes deploying and returning troops to/from overseas. Exeter High School and Newfields Elementary School hosted American Red Cross blood drives. A mentor program between SST and the Cooperative Middle School began in November. Twelve SST senior boys volunteered last year to be part of the pioneering program. The SST Animal and Plant Science students "adopted a spot" at the Exeter Town Hall. They planted flowers and kept it beautiful all throughout the spring, summer, and fall.

These services are symbolic of the variety of the efforts made by the SAU 16 community.

### SAU 16 is the third largest School Administrative Unit in NH

SAU 16 covers six communities that encompass 81 square miles and has approximately 32,000 people. These six towns have seven independent school districts and a total of eight school boards. Our schools collectively educate slightly more than 5,600 students with many of the finest educational opportunities available in the state. This student population ranks third among

the 80 school administrative units in New Hampshire in the category of student population. Only Manchester and Nashua which are single-district SAUs include more students than SAU 16 according to information available on the New Hampshire Department of Education website (<a href="www.ed.state.nh.us">www.ed.state.nh.us</a>). The total cost of operating these districts and the Central Office is approximately \$85 million. (Incidentally, if we include the students from the Great Bay eLearning Charter School and the students who attend the Seacoast School of Technology from other SAUs, our student population approaches 6,000 on an average day.)

### **EHS Accreditation Renewal Process**

Exeter High School continued the process of its ten-year accreditation review that is coordinated through the New England Association of Schools and Colleges (NEASC). Onsite review by the NEASC Visiting Team is scheduled for November 2010. This effort involves significant individual and group work by the entire administration, faculty, and staff at EHS. For a school with a student enrollment in excess of 1700 for the first time in its history, this is no easy task. All of this work is connected directly toward making our high school program better prepared to meet the challenging demands of education in the 21st Century.

### Blue Ribbon Awards

For 28 consecutive years, New Hampshire Partners in Education has recognized the volunteer efforts of parents and community members who are directly involved in local schools. In October 2009, every elementary school in SAU 16 and the Seacoast School of Technology distinguished themselves by achieving this prestigious award. This is an outstanding accomplishment and a clear acknowledgement of the positive relationships that exist between our schools and their local communities.

### EHS Sportsmanship Award—Fourth Consecutive Year

In September 2009, EHS received the coveted New Hampshire Interscholastic Athletic Association Award for *Outstanding Sportsmanship for 2008-2009*. This is the fourth consecutive year that this banner was awarded to our high school. It now hangs with others in the school gym. For the history books it is also wonderful to note that EHS has received this award for seven of the last nine - and eight of the last eleven years. What a terrific honor—and accomplishment—for our students, parents, coaches, athletes, staff, and fans. Congratulations!

### **Revolution Energy Project**

The Exeter Region Cooperative School District/Board has entered into a contract with Revolution Energy to provide solar panels for Exeter High School and a microturbine system at the Tuck Learning Campus. The cost of this unique undertaking will use existing budgeted funds for utilities and will not impact taxpayers with any additional costs. Chief Financial Officer, Nathan Lunney, spearheaded this project and worked collaboratively with various businesses to craft an initiative which will be touted as monumental within the state.

Less than 10% of the roof of Exeter High School will be used to install the largest solar array (72kW, currently, and expandable to 100kW) in New Hampshire and will also provide the foundation for future projects. At the Tuck Learning Campus, the oil-fired heating system currently used to provide hot water and steam heat to the northern part of the campus will be replaced and joined to the natural gas system at the Seacoast School of Technology (southern

part of the campus) by a microturbine that will provide both heat and power. Together this project will reduce carbon emissions by an estimated 532 tons per year which is equal to 15% of the carbon emissions currently produced by these facilities.

Students and teachers from the Seacoast School of Technology, Exeter High School, and the Cooperative Middle School will be involved in various curriculum aspects of this project. This work will be used to supplement their regular program of studies.

### **Champions for Children**

The SAU 16 Champions for Children award was established this year as an opportunity for each school district to recognize individuals who have distinguished themselves by demonstrating significant involvement in programs and/or services that directly benefit the students and families of SAU 16.

Award recipients in 2009 include the following school board recognitions: Exeter Region Cooperative—Donna Buxton, Paul Marcoux, Stephen Baum, Kathleen Totten, and Denise Landis; East Kingston—Laurel Blackett and Andrea Perella; Exeter—Arthur Baillargeon and Janet Guen; Kensington—Bette Cox; Brentwood—Kathy St. Hilaire and Wayne St. Hilaire, Stratham—Marlo Ryan. These individuals have significantly impacted their respective schools and communities. Congratulations to each of them!

### **Contract Negotiations**

There are now eleven formal collective bargaining associations within SAU 16; six of them were open to negotiations with their respective school boards during 2009. All six of them reached tentative agreements that will be presented to the voters in the respective districts for action in March 2010. Voter approval is necessary in order for the agreements to become effective. These involve the teachers associations in the East Kingston, Kensington, Newfields, and the Exeter Region Cooperative districts, the paraprofessional association in Exeter, and the newlyformed Exeter Area Administrators Association in the Cooperative.

### **H1N1 Virus**

School officials, especially nurses and administrators, joined parents to carefully monitor the number of students and staff who were absent due to flu-like conditions both in the spring and fall of 2009. In early November some of our SAU 16 schools had a student absentee rate in the 20%-25% range. The Great Bay eLearning Charter School was closed for two days in November because its total absences of students and staff were close to 30%. Indications in mid-November were that these flu-like symptoms had dissipated and attendance rates improved in the schools.

### **Strategic Planning Process**

During 2009 the seven different Focus Area subcommittees continued their work with the goal of drafting recommendations for the Steering Committee to review in April 2010. Parents, community members, students, staff, and administrators collaborated in this important process that is designed to solicit input and recommendations from the residents of the six communities within SAU 16. Those subcommittees welcomed comments or feedback from the public. Information was regularly available on the SAU website (<a href="https://www.sau16.org">www.sau16.org</a>). More than sixty

different people are engaged in this important work. Focus Area subcommittees include: Curriculum and Assessment, Special Education, Communications, Community Involvement, Lifestyles, School Philosophy and Design, and Governance.

### **Seacoast Professional Development Center (SPDC)**

Located on the Tuck Learning Campus, the SPDC was awarded the largest Technology Leader Consortium Grant in the state (\$238,000). The proceeds from this grant will be able to service 14 schools and provide 45 teachers and administrators in the area with professional development opportunities in technology. The Center has had a productive year and continues toward its goal of becoming a self-sustainable entity while supporting 21st Century Learning in 2010.

During 2009, over 600 participants have taken part in classes and programs run by the SPDC. Approximately 25% of those participating in these workshops were SAU 16 employees. In partnership with the Local Education Support Center Network, SPDC has organized a conference in early 2010 in Meredith called "Educating the 21st Century Learner." This conference will highlight keynote speaker Wes Fryer, as well as have breakout sessions featuring distinguished NH educators in early April 2010 in Meredith, NH.

### Tuck Learning Campus - GBeCS, Exeter Adult Education and EHS Alternative Ed

The diverse educational avenues provided through the SAU continue to manifest the collective commitment to meet the many individual needs of our secondary school students. Consider the on-going success of the project-based Great Bay eLearning Charter School (GBeCS) that currently serves 146 students in grades 8-12 with 75% of those students coming from one of our six communities. The Exeter Adult Education program captures the interest of over 500 students who choose from among courses that enrich their lives to courses leading to high school diplomas or GED (General Educational Development). We are proud to note that the Enrichment Program is now in its 43rd year! The Exeter High School Alternative Education program provides an educational opportunity that includes a combination of academic, behavioral, social, civic, and work based learning experiences. The goal of their program is to empower students to succeed as knowledgeable graduates leading productive lives within the community.

### Curriculum

The SAU 16 faculty and staff continue to work hard toward providing students with the finest of educational experiences. Teachers employ appropriately rigorous assignments and maintain the highest of expectations for their students. In addition to honing their craft, SAU 16 teachers continually revise curricula in an effort to maintain relevance, keep pace with the growing demands of the 21st Century, and meet the personal expectations and needs of each student. Most notably, faculty members across the SAU have been involved with the following initiatives:

### Literacy

The Literacy Committee is focusing on 21st Century Literacy Skills and SAU 16 Schools. The next step is to develop an Action Plan for a research and an implementation phase.

### Science

While the SAU Science Committee has met periodically for several years, it has not conducted a thorough review of the science curriculum since 2005. In the fall of 2009, the Science Committee began the process of reviewing the K-12 science curriculum. The Committee has established the following overarching themes with respect to their work:

- 1) To increase communication about science throughout SAU16 schools in two ways:
  - a) Vertically among CMS and both the elementary and high schools respectively.
  - b) Horizontally most notably among elementary schools.
- 2) To review the curriculum in an effort to:
  - a) Identify curriculum gaps and redundancies
  - b) Develop grade level benchmarks in an effort to have consistent expectations throughout the SAU, independent of teacher, pod, or school
  - c) Emphasize the depth of the curriculum, not its breadth
- 3) To foster science education in which:
  - a) SAU 16 students engage in a rigorous program that demands scientific inquiry and methodology.
  - b) SAU 16 students employ 21st Century technologies and thinking in science classes.
- 4) To research and develop strategies to increase student accountability on school-wide standardized assessments (NECAP, NWEA, Common Exams).

### Technology

The SAU 16 Technology Plan has been approved by the New Hampshire Department of Education. This plan is a guide to technology planning and implementation in SAU 16 schools. The current plan is in effect through June 2012 and entitles schools to apply for and receive federal grants and eRate funding for technology services.

### Media Services

SAU 16 schools have recently updated all electronic collection archives in each of our school libraries. Thanks to the SAU 16 Technology Team and SAU 16 Media Generalists for their collaborative spirit throughout this project.

### No Child Left Behind

Both the Cooperative Middle School (CMS) and Exeter High School (EHS) were designated "Schools in Need of Improvement" (SINI). CMS was designated a SINI as a result of the performance of their students with educational disabilities on the 2008 Math NECAP Assessment. EHS was designated a SINI due to the 2008 NECAP performance of its educational disabled and economically disadvantaged students in both math and reading. Due to each school's status as SINIs, the Exeter Region Cooperative School District has been deemed a "District in Need of Improvement" (DINI). Both schools have developed a SINI plan and the district has developed a DINI plan to address areas in need of improvement. Included within these plans was the creation of SINI and DINI teams that meet regularly to monitor progress.

### Powerful Learning Practice

Nearly 50 teachers from across the SAU have been active participants in a year-long, job embedded professional development effort, Powerful Learning Practice (PLP). Participants are meeting both virtually and face to face with global experts in the use of Web 2.0 technologies in schools. Participants are also very active in an online virtual community with more than 120 educators from all across the country.

### Assessment

During the fall of 2009, all students in grades 3-8 and 11 participated in the New England Common Assessment Program (NECAP) exams in reading and mathematics. Fifth, eighth and eleventh graders participated in a writing component as well. In May 2009, the NECAP Science Test was administered to all students in grades 4, 8 and 11. The results of those tests indicate that the performance of SAU 16 students continue to be strong relative to their statewide peers.

Annually in May, the middle and high school administer the Northwest Evaluation Association (NWEA) Measures of Academic Progress. This computer adaptive instrument provides one indicator of each student's growth over a set period of time in reading, language usage, and mathematics. The NWEA program also provides valuable information that assists in grouping students and illustrating specific instructional suggestions for each student.

All students are assessed in a variety of ways including teacher-developed tests, projects, displays and presentations. Elementary teachers use a variety of assessments such as the Dynamic Indicators of Basic Early Literacy Skills (DIBELS), California Achievement Tests, Terra Nova Tests, Gates MacGinitie Reading Tests, and other benchmark assessments to diagnose individual strengths and weaknesses and better inform their instructional practice. It is important to remember that any standardized test is one indicator and one type of assessment. In addition to using multiple measures, our teachers encourage and provide opportunities for students to demonstrate what they "know and are able to do."

### IDEA -American Recovery and Reinvestment Act Project

SAU 16 has taken advantage of some financial opportunities through the recent federal stimulus initiative. This has included providing equipment, materials, supplies, and services to each of the schools in our six towns.

### **Special Education**

The SAU's special education professionals continue to provide the most appropriate and cost-effective services to our identified students. One of their key initiatives in 2009 has been the conservation of energy and other resources. This includes:

- 1. Increasing the use of electronic scheduling including meetings, building-based notices, and reminders
- 2. Dissemination of Individual Education Plans to teachers via school-based network instead of paper copies
- 3. E-mailing PDF files of agendas and related documents for professional development and other activities
- 4. Introduction of X-Logs Electronic Service Delivery Tracker for all Medicaid services
- 5. Beginning to investigate data warehousing systems for electronic student records

Each school year brings its own set of challenges and opportunities. On behalf of all of the students, families, and staff served by SAU 16, please accept my gratitude for your support of our schools. It is a pleasure for me to be working with you in this most important undertaking.

Respectfully submitted,

MICHAEL A. MORGAN Superintendent of Schools

## EXETER REGIONAL COOPERATIVE SCHOOL DISTRICT

### **ANNUAL REPORT**

For the year ending June 30, 2009 For the proposed 2010-2011 Budget

### EXETER REGION COOPERATIVE SCHOOL DISTRICT BOARD MEMBERS AND DISTRICT OFFICERS

Chair of the School Board: Kris Magnusson

### MINUTES OF THE EXETER REGION COOPERATIVE SCHOOL DISTRICT FIRST SESSION OF THE 2009 ANNUAL MEETING DELIBERATIVE SESSION – THURSDAY, FEBRUARY 5, 2009 – 7:00 PM EXETER HIGH SCHOOL ARTHUR L. HANSON III CENTER

Pattricia Lovejoy – Vice-Chair – Stratham

### ERCSD BOARD MEMBERS PRESENT:

Raymond Trueman – Chair – Newfields

Tomasen Carey – Exeter Townley Chisholm – Exeter Jennifer Maher – Stratham David Miller – East Kingston

Barbara RigordaEva – Kensington Kate Segal – Exeter

### **ERCSD BOARD MEMBERS ABSENT:**

Kris Magnusson – Brentwood (due to family sickness)

**ADMINISTRATION:** Michael Morgan, Nathan Lunney

CHAIR OF BUDGET ADVISORY: Robert Aldrich
MODERATOR: Charles Tucker, Esq.
ATTORNEY FOR ERCSD: Diane Gorrow, Esq.

Moderator Tucker called the meeting to order at 7:04 PM followed by the Pledge of Allegiance and introduction of the board members, administration, and district attorney. He explained that the purpose of the meeting was to discuss, debate and possibly amend the following warrant articles, which would then be voted on at a later date. The rules of the meeting would be the rules of the moderator. As moderator he would read each article, someone from the board would speak to the article and then anyone interested in speaking to the article would have an opportunity to do so. They would need to identify themselves and town in which they reside and if providing an amendment would need to do so in writing. He would entertain a voice vote first and only upon question would he ask to have a card vote.

### Moderator Tucker read Warrant Article #1:

Warrant Article #1:Shall the District raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant, or as amended by vote of the first session, for the purposes set forth therein, totaling \$47,790,000? Should this article be defeated, the operating budget shall be \$48,725,945, which is the same as last year, with certain adjustments required by previous action of the District or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. (The School Board and Budget Advisory Committee both recommend \$47,790,000 as set forth on said budget.)

Raymond Trueman deferred to Chief Financial Officer, Nathan Lunney. Moderator Tucker noted that because Nathen Lunney is not a SAU 16 resident and a vote would be needed to allow him to speak to the budget. Moderator Tucker asked the audience if anyone had an issue with Nathan Lunney speaking to the budget. Given no one had any issues, Moderator Tucker asked Nathan Lunney to speak to Warrant Article #1.

Nathan Lunney mentioned the two documents voters received when checking in and that he would be reviewing several slides for the at home viewers as he proceeded to explain the budget and default budget. The actual 2009-2010 budget is a .75% reduction. The cuts that were made in the budget are not permanent, only proposed, and will be determined where appropriate at a later time. He thanked the Budget Advisory Committee for their input into the lengthy but important process of formulating the budget.

Robert Aldrich, Chair of the Budget Advisory Committee, echoed his appreciation of his fellow committee members over the past ten months. They committed to meet year round stating the cuts were not easy but they worked with the board, administration and faculty to bring this budget before the voters and asked for support on the article on behalf of the Budget Advisory Committee.

Raymond Trueman added that the Board is committed to spend only monies designated for the operating budget.

Arthur Baillargeon, Exeter, commented that he thought it was a very fine budget. He asked how many students are enrolled, the cost per student and if all students are residents of the six sending towns.

Nathan Lunney stated that there are 1,650 students at the high school and 1,350 students at the middle school making a total of 3,000 students. For 2007-2008, the cost per student was \$11,830.00 and yes all the students are from the six sending towns. He further clarified that SST has students from five other high schools but the district receives tuition and state reimbursement.

Arthur Baillargeon also asked about late buses.

Nathan Lunney responded by stating that there are three late buses at the middle school and one at the high school. He acknowledged that participation is light but they continue to work on it and it is still considered beneficial.

Moderator Tucker noted that with no further questions, the article would be placed on the ballot as presented.

Moderator Tucker read Warrant Article #2:

Warrant Article #2: Shall the District approve the cost items included in the collective bargaining agreement reached between the Exeter Region Cooperative School Board and the Exeter Cooperative Paraprofessional Association covering the three year period from September 1, 2009 to August 31, 2012 which calls for the following increases in salaries and benefits totaling:

Year	Estimated Increase
2009-10	\$ 70,270
2010-11	\$ 66,081
2011-12	\$ 62,834

and further raise and appropriate the sum of \$70,270 for the 2009-10 school year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels paid in the prior fiscal year? (The School Board recommends this appropriation.)

Patty Lovejoy spoke to this article. She explained that the present contract with the paraprofessionals is up at the end of June. The negotiation dealt with health insurance, changing the salary grid from 17 steps to 12 steps and providing one day's pay if no sick day or personal day was taken in the year. There are eighty-eight individuals under the aide category and six individuals under the assistant category. The \$70,270.00 includes salary increases, associated taxes and N.H. retirement.

Liz Faria, Brentwood, asked why the Budget Advisory Committee didn't recommend this article. Robert Aldrich stated that because the committee was not directly involved in the negotiations they did not feel they were in a position to recommend one way or the other.

Moderator Tucker clarified that because it is an unofficial committee they are not required to make a recommendation. With no further discussion, Moderator Tucker noted that Article #2 would go on the ballot as presented.

Moderator Tucker read Warrant Article #3:

Warrant Article #3: Shall the District, if Article 2 is defeated, authorize the School Board to call one special meeting, at its option, to address Article 2 cost items only? (The School Board recommends adoption of this article.)

Patty Lovejoy stated that this article is self-explanatory as it allows the board to call a special meeting if Article #2 is voted down so they can renegotiate a contract.

Moderator Tucker declared that Article #3 would go on the ballot as presented.

Moderator Tucker read Warrant Article #4:

Warrant Article #4: Shall the District raise and appropriate to the expendable trust fund known as the "Special Education Trust Fund" (established by the 2002 District meeting under RSA 198:20-c for the purpose of funding unanticipated special education expenses) the sum of the amount of the June 30, 2009 undesignated fund balance (surplus), up to \$50,000? (The School Board recommends this appropriation.)

Kate Segal read Kris Magnusson's prepared statement.

Robert Aldrich stated that the budget committee was allowing \$100,000 and sent kudos to the board for recommending \$50,000 instead. He offered an amendment to read (The School Board and the Budget Advisory Committee both recommend this appropriation.) The amendment was seconded and voted on. Moderator Tucker declared that the article would be placed on the ballot as amended.

Moderator Tucker read Warrant Article #5:

Warrant Article #5: To hear reports of agents, auditors, and committees or officers heretofore chosen.

No reports.

Moderator Tucker read Warrant Article #6:

Warrant Article #6: To transact any other business which may legally come before the meeting.

No other business.

SECOND SESSION: At the polling places designated below on Tuesday, March 10, 2009, to choose the following School District Officers:

School District Board Member (Exeter)	3-year Term Expiring 2012,
School District Board Member (Newfields)	3-year Term Expiring 2012,
School District Board Member (Stratham)	3-year Term Expiring 2012,
School District Moderator	1-year Term Expiring 2010,
Budget Committee Member (East Kingston)	3-year Term Expiring 2012,
Budget Committee Member (Exeter)	3-year Term Expiring 2012,
Budget Committee Member (Stratham)	3-year Term Expiring 2012;

and vote on the articles listed as 1, 2, 3, and 4.

VOTERS IN TOWN OF	POLLING PLACE	POLLING HOURS
Brentwood	Recreation Center	8:00 AM to 7:00 PM
East Kingston	East Kingston Elementary	8:00 AM to 7:00 PM
	School Multi-purpose Room	
Exeter	Exeter Town Hall	7:00 AM to 8:00 PM
Kensington	Kensington Town Hall	8:00 to 7:30 PM
Newfields	Newfields Town Hall	8:00 AM to 7:00 PM
Stratham	Stratham Municipal Center	8:00 AM to 8:00 PM

There were 77 voters from six towns checked in.

Motion to adjourn at 7:47 PM.

Respectfully submitted,

Susan E.H. Bendroth, Exeter Region Cooperative School District Clerk

### MINUTES OF THE EXETER REGION COOPERATIVE SCHOOL DISTRICT SECOND SESSION OF THE 2009 ANNUAL MEETING **VOTING SESSION – MARCH 10, 2009**

The polls were open at the polling places at the hours designated below to choose the following School District Officers: School District Board Member (Exeter), School District Board Member (Newfields), School District Board Member (Stratham), School District Moderator, School District Budget Committee (East Kingston), School District Budget Committee (Exeter), School District Budget Committee (Stratham) and vote, by ballot on the articles listed as 1 through 4.

Voters in Town of:	Polling Place:	Polling Hours:
Brentwood	Recreation Center	8:00 AM to 7:00 PM
East Kingston	East Kingston Elementary	8:00 AM to 7:00 PM
	School Multi-Purpose Room	
Exeter	Exeter Town Hall	7:00 AM to 8:00 PM
Kensington	Kensington Town Hall	8:00 AM to 7:30 PM
Newfields	Newfields Town Hall	8:00 AM to 7:00 PM
Stratham	Stratham Municipal Center	8:00 AM to 8:00 PM

Results of the election of Exeter Region Cooperative School District Officers:

Exeter Board Member, term ending at 2012 election

Roy Morrisette 2,223 votes **Townley Chisholm** 2,234 votes

Newfields Board Member, term ending at 2012 Election

**Michael Grant** 3,284 votes

Stratham Board Member, term ending at 2012 election

Patricia Lovejoy 3,242 votes

School District Moderator, term ending at 2010 election Charles F. Tucker 3,747 votes

East Kingston Budget Committee, term ending at 2012 election David Pendell 3,091 votes

Exeter Budget Committee, term ending at 2012 election **Carl Robertson** 3,486 votes

Stratham Budget Committee, term ending at 2005 election Susan Canada 3,331 votes

Article 1: Shall the District raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant, or as amended by vote of the first session, for the purposes set forth therein, totaling \$47,790,000? Should this article be defeated, the operating budget shall be \$48,725,945, which is the same as last year, with certain adjustments required by previous action of the District or by law; or the

governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. (The School Board and Budget Advisory Committee both recommend \$47,790,000 as set forth on said budget.)

YES 3,304

NO 874

Article #2: Shall the District approve the cost items included in the collective bargaining agreement reached between the Exeter Region Cooperative School Board and the Exeter Cooperative Paraprofessional Association covering the three year period from September 1, 2009 to August 31, 2012 which calls for the following increases in salaries and benefits totaling:

Year	Estimated Increase
2009-10	\$ 70,270
2010-2011	\$ 66,081
2011-12	\$ 62,834

and further raise and appropriate the sum of \$70,270 for the 2009-10 school year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels paid in the prior fiscal year? (The School Board recommends this appropriation.)

YES 2,386

NO 2,160

Article 3: Shall the District, if Article 2 is defeated, authorize the School Board to call one special meeting, at its option, to address Article 2 cost items only? (The School Board recommends adoption of this article)

**YES 3,018** 

NO 1,495

Article 4: Shall the District raise and appropriate to the expendable trust fund known as the "Special Education Trust Fund" (established by the 2002 District meeting under RSA 198:20-c for the purpose of funding unanticipated special education expenses) the sum of the amount of the June 30, 2009 undesignated fund balance (surplus), up to \$50,000? (The School Board and the Budget Advisory Committee both recommend this appropriation.)

YES 2,903

NO 1,622

Respectfully submitted,

Susan E.H. Bendroth ERCS District Clerk

### AMENDED MINUTES OF THE EXETER REGION COOPERATIVE SCHOOL DISTRICT SECOND SESSION OF THE 2009 ANNUAL MEETING VOTING SESSION – MARCH 10, 2009

After the recount of the Exeter Board Member at the Tuck Learning Campus on Wednesday, March 18, 2009, the result was as follows:

Exeter Board Member, term ending at 2012 election

Roy Morrisette 2,234 votes
Townley Chisholm 2,240 votes

Respectfully submitted,

Susan E.H. Bendroth ERCS District Clerk
